Thư Pháp Online

Viết Thư Pháp

Hướng Dẫn

Đã tạo phím tắt: "Thư Pháp Online"

Step 3:

In the Tet Calligraphy interface, you will be able to choose many different wallpapers to write letters. We choose one of the following backgrounds. Soon you will be transferred to the writing and editing interface of calligraphy.

First, **enter the calligraphic content** . Next click on **Format** to choose to display in horizontal or vertical style. Depending on the interface of the wallpaper that we have used, you can choose the type of horizontal or vertical font, and the position of the text accordingly.

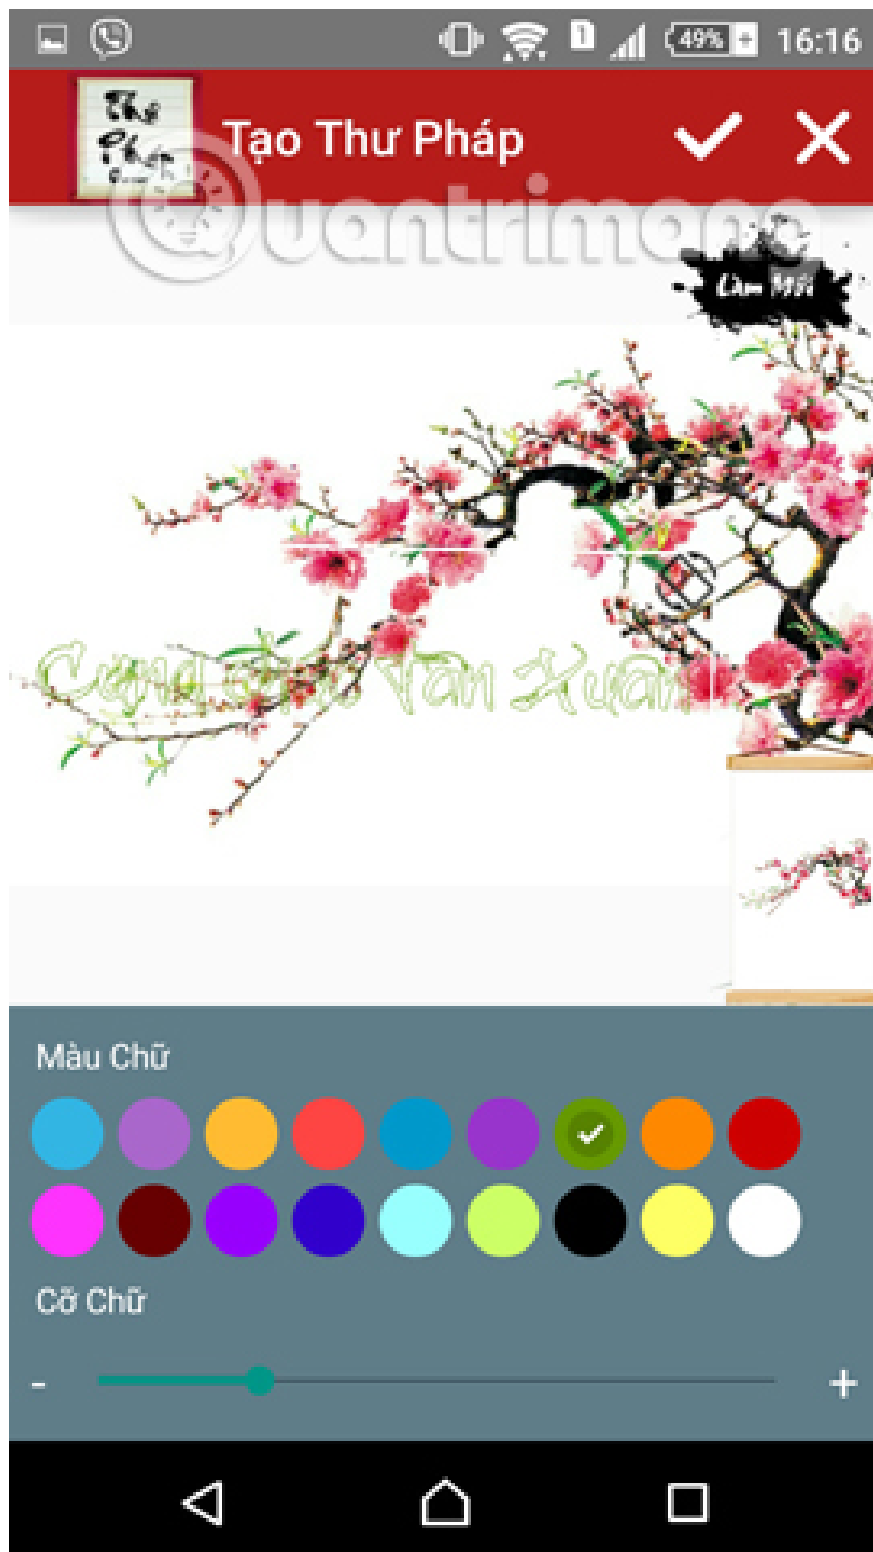

Step 4:

Next, click on **Typeface** . The application will provide users with many different calligraphic typefaces to choose to use. After that, click on **Edit text** to select the color as well as the size for the text. Please adjust

everything so that it fits nicely into the background layout.

Step 5:

The final editing step is to **add text** if you want to add a new greeting to the image. When you have satisfied with the painting calligraphy letter that you just created, click on **the V symbol** above to save the result.

Next, click **the arrow icon** to download the image to the computer. We will be notified that the image has been saved successfully.

In addition, the application also supports users to **send calligraphic images** via Messenger or messages, when clicking on **the Share icon** on the top of the interface.
