**Lưu** Hủy

### Step 3:

When the annotation interface appears, click your mouse at the **Add note** to the right corner to create a new note.

## Step 4:

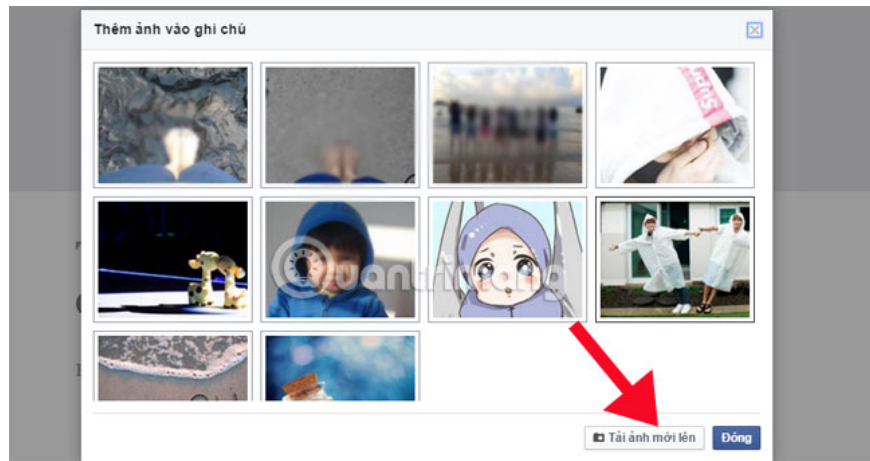

Facebook's new Note interface changes from the old interface. You can leave **cover photos for your notes** .

Click on the **Drag** area **or click to add a photo** directly above the Note page to make a cover photo.

## Step 5:

Here, users can select available photos in Facebook or download new photos from the computer when clicking on **Upload new photos** .

## Step 6:

To replace another cover photo, hover over the current cover image and click on the word **Delete** right corner to replace the new image.

## Step 7:

**Enter a title** for your Note section.

## Step 8:

In the Note interface, write notes as usual. Click on the **4 dash** icon to edit Notes like H1, H2, table of contents, .

**Insert an image** into the Note with the image icon.

## Step 9:

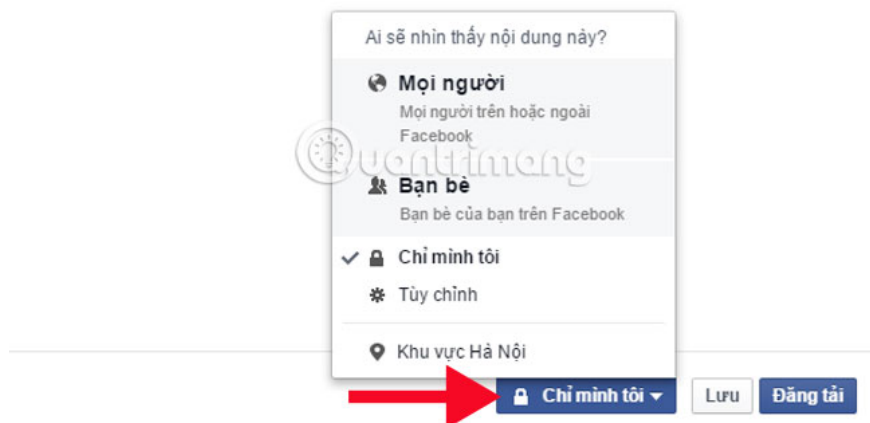

You can also edit each line according to the content and layout. Black out on the edit line, choose one of **4 custom font styles** : bold, italic, link insert, single frame.

To turn off editing, highlight the text and click on the previously edited content to return to its original state.

## Step 10:

After you've finished taking notes, and editing the layout depending on the content, you can **edit the display mode of the note** : public mode, friends, just me or click on the custom to edit your Note viewer.

## Step 11:

Click **Save** to save the contents of the note to **the draft** .

Bản nháp của bạn đã được lưu. Bạn có thể tìm bản nháp đó trong [Notes section](#).

Không có ghi chú để hiển thị

## Step 12:

To save and create a draft, click the **Upload** section to complete the process of creating notes on Facebook.

Thus, we have instructed you how to create and edit Note on Facebook depending on the content you upload.
