

HP Envy 15 high-end laptop box

HP Envy 15 makes users 'craving' at first sight by the compact design, powerful configuration of Intel Core i7-720QM processor and ATI Mobility Radeon HD 4830 discrete graphics card.

HP Envy 15 makes users 'craving' at first sight by the compact design, powerful configuration of Intel Core i7-720QM processor and ATI Mobility Radeon HD 4830 discrete graphics card . Let's stamp out this laptop box.

Paper outside the box indicates the configuration of HP Envy 15. This high-end laptop is available in Vietnam for VND 49 million.

Inside the carton box is a very beautiful box, like a jewelry box. On it was printed with the logo of HP and Envy.

Envy 15 is encased in a protective fabric. Next to the right is the laptop's manual.

Removing the protective fabric will see the engraving design sink on the front of the machine.

Under the instruction manual is an SD card memory card.

SD memory card also has the Envy logo.

Remove another layer of glossy paper to '*close up*' the Envy 15 and all accessories, Blu-ray players, warranty cards and AC adapters.

Remove another layer of fabric and see the battery.

The back of the battery is quite similar to the back of the laptop.

Nice design, neat.

Right side of the machine without extended battery.

Communication ports.

SD Card slot in between two external speakers.
