

HP launched the first series of Windows 8 laptops in Vietnam

From HP Vietnam on October 26, this unit officially launched a new series of laptops, using Windows 8 operating system to market.

From HP Vietnam on October 26, this unit officially launched a new series of laptops, using Windows 8 operating system to market.

These are HP Pavilion Sleekbook 14, HP ProBook 4440s, HP Pavilion dv4 / dv6, HP Pavilion m6 and HP ENVY 4.

HP Pavilion dv4 notebook line

Accordingly, the HP ProBook 4440s series is designed for business people with a silver-gray alloy shell, impact-resistant, stain-resistant, scratch-resistant. The series is also integrated with multimedia tools, easy to use and highly secure. Meanwhile, the HP Pavilion Sleekbook 14 series has a lightweight, stylish design with black and red ruby, HD resolution screen; HP Pavilion m6 has a battery life of up to 8 hours .

Notably, the above products are HP ENVY 4 with 19.8mm thin design, only 1.75kg and 14 inch size. This laptop has a scratched metal case that combines a soft anti-slip surface with a unique black or red two-tone design. In particular, HP ENVY 4 also draws attention to HP ImagePad touchpad designed with fancy metal swirl to make

it comfortable to use.

In addition, this computer is also highlighted by the ability to perform sound with high performance Beats Audio system.

It is known that these product lines were present at HP dealers nationwide.
