

# Humorous but equally meme series of meme about the world created by netizens following the trend # 10YearsChallenge

Following the trend of # 10YearsChallenge, many people have posted photos of various things creating an extremely funny meme series but no less bitter about the world.

# 10YearsChallenge is the trend of posting photos taken 10 years apart next to each other to see how they have changed. With this challenge, in addition to personal photos showing the 'successful puberty' of many people, many people post pictures of many different things creating a series of extremely funny meme. but no less sour about the world.

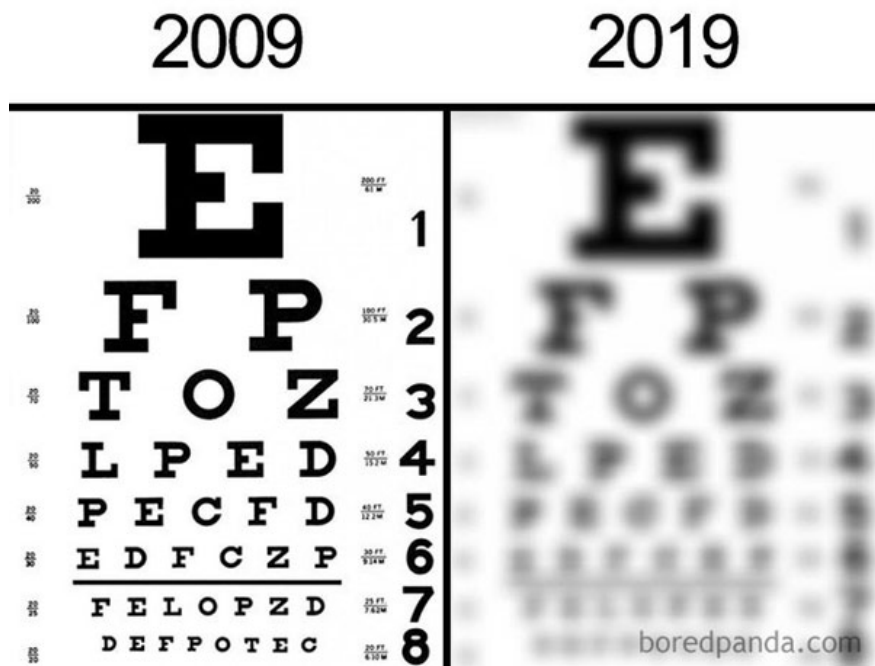

Nokia 3310 old version, the monument of immortality.

Plastic waste after 10 years or even hundreds of years remains the same shape. So, we try to limit the amount of waste we put into the environment.

People who are nearsighted do not like this.

For 10 years, nothing has changed.
