

# **Hung Vuong's death anniversary 2019: Phu Tho Department of Information and Communications launches the application of Hung Temple, free of charge on both iOS and Android**

Phu Tho Department of Information and Communications recently coordinated with Historical Temple of Hung Temple to launch an application called Hung Temple on smartphone that provides much information about this historical site.

The Department of Information and Communications of Phu Tho recently cooperated with the historical relic of Hung Temple to launch an application called "Hung Temple" on smartphones that provides much information about this historical site.

This "Hung Temple" application will serve as a guide to help users and visitors search, explore and discover the values ??of the history and cultural depth of the Hung Vuong era and not be I was surprised when I first visited Hung Kings.

# Đền Hùng

Main interface of Hung Temple application.

Visitors can give their feedback and suggestions when visiting Hung Temple at this application. This helps relics management agencies can quickly grasp the situation and overcome shortcomings. In addition, users can contribute merit through the application, then a thank you message will be automatically sent to the user.

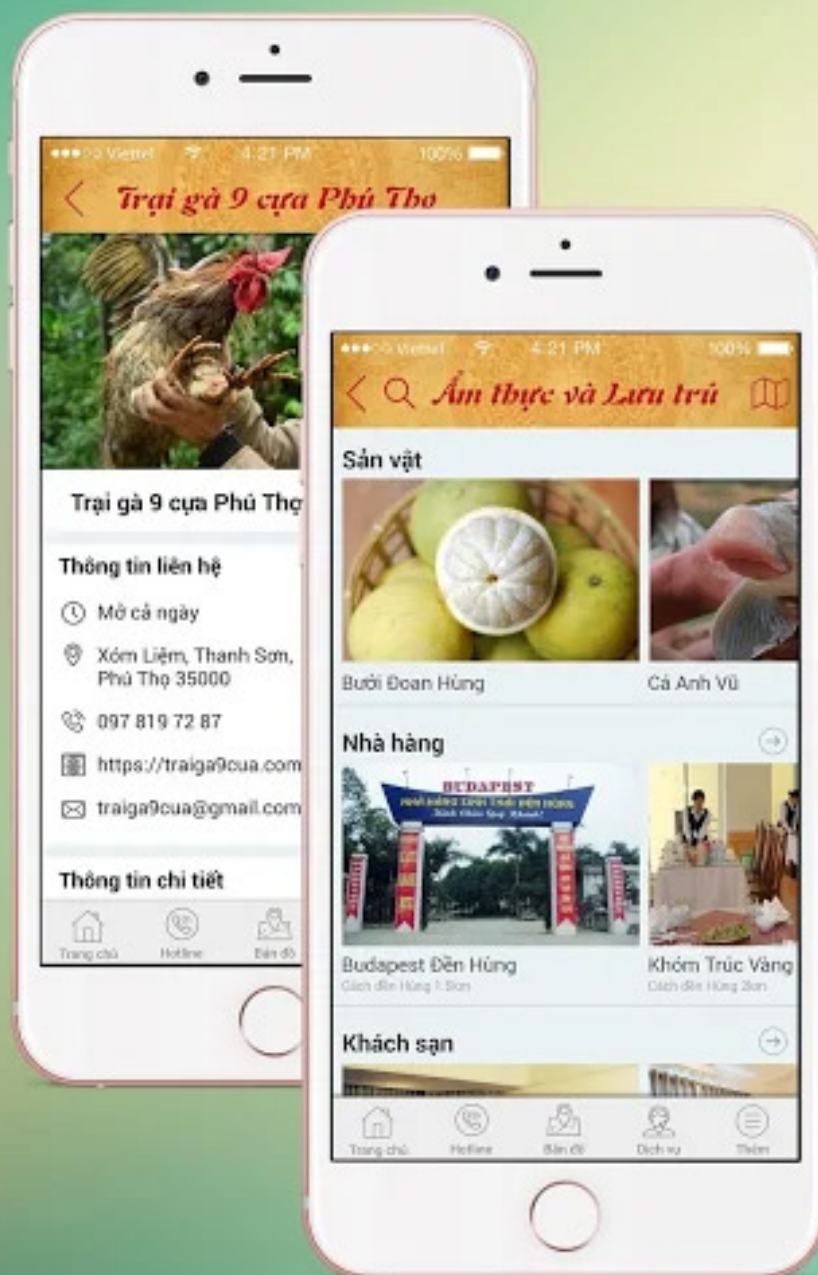

Bản đồ chỉ dẫn và bản đồ tham quan  
giúp bạn có cái nhìn tổng quát và  
dễ dàng di chuyển trong khu di tích
