

IdeaPad Yoga 11S, reserve for \$ 800

Introduced at CES 2013 in January, the Ultrabook IdeaPad Yoga 11S will arrive at the end of June and start ordering from today.

Introduced at CES 2013 in January, the Ultrabook IdeaPad Yoga 11S will arrive at the end of June and start ordering from today.

Accordingly, users can start booking the **IdeaPad Yoga 11S** via Lenovo's website or BestBuy's retail stores (USA).

Similar to the previous Yoga 11 version, it still has an 11-inch multitouch screen (10 points), unique with the ability to fold 360 degrees to use as a tablet. However, there are many differences on Yoga 11S is the 1.4 GHz Ivy Bridge Intel Core i3 processor instead of NVIDIA's 4-core Tegra 3 processor on Yoga 11 version.

Machine equipped with 4GB RAM, 128GB SSD hard drive running on Windows 8 operating system (Yoga 11 version running Windows RT) and IPS screen resolution of 1600 x 900 pixels, while the Yoga 11 version is 1366 x 768pixel. Other support connections include USB 3.0, HDMI output, SD card reader, Bluetooth, Wi-Fi .

The new version weighs 1.4kg, 17mm thick, 12g heavier and 1.5mm thicker than Yoga 11. The device will officially come to users on June **23** with a starting price of **799.99 USD** as announced at CES 2013. While on Best Buy online store, **Yoga 11S** is offered with better configuration with 1.5GHz Core i5 processor with the **same price**.
