

# Identity V has a free mobile version worldwide

Identity V is a horror game that allows players to choose to become a murderer who is searching for ill-fated victims, or become the last survivor to flee the pursuit of the name. that evil man.

Identity V is a horror game that allows players to choose to become a murderer who is searching for ill-fated victims, or become the last survivor to flee the pursuit of the name. that evil man.

Identity V has quite flexible gameplay, which changes according to the player's preferences. If you choose to become survivors trying to escape the evil person, the player will have to find ways to maintain the ability to survive and find ways to open the way out of the dark forest, this is quite similar to the game. survival.

If you choose to play the role of a murderer, the player will have to do everything to prevent the ill-fated victims from escaping and finishing them.

In Identity V, players can freely choose characters, but not necessarily in a fixed character. Identity V with Gothic-styled graphics will give players an unforgettable experience.

Currently Identity V has been released by NetEase for free on the App Store system. If you want to experience, you can visit the link below to download the game.
