Depending on the country you live in, Makeup Plus will display the right brands.

For example: If you live in the US, you will see cosmetic interactions like Pixel Cosmetics, GlamGlow, Stila and Clarins are popular in this state.

You can also easily change the area you live on the application if you want to try other lipstick lines.

Meitu said the Counter feature of this application marked a new step because it was the first time Meitu cooperated with foreign brands to provide products for international users.

According to the company, Meitu has more than 450 million users who activate the app monthly in the world and generates about 6 billion photos and videos each year.

Increasingly, this application is more and more popular. Thanks to this new feature, the lipstick companies in the world probably sell a lot more.

If you want to try the lipstick you are trying to buy, you can download this app right away and try it without going anywhere.
