

# Instructions for activating and using Game Tools mode on Samsung

Game Tools mode on Samsung will help optimize user experience during game play.

On Samsung phones equipped with Game Tools feature, users can freely relax, enjoy games without being disturbed by Messenger messages or unusual calls distracting you. Even when activating the Game Tools feature, you can record the process of playing the game or return the key so that it will not be mistakenly affecting the game. If you are interested, the following is a tutorial to activate and use Game Tools mode on Samsung Android.

**Note:** Not all Samsung devices currently support Game Tools, which is exclusive on some Samsung phones. Therefore, if your Samsung phone does not have the Game Tool, do not worry, in the framework of this article, Network Administrator will guide you how to activate and use this feature on all Samsung Android.

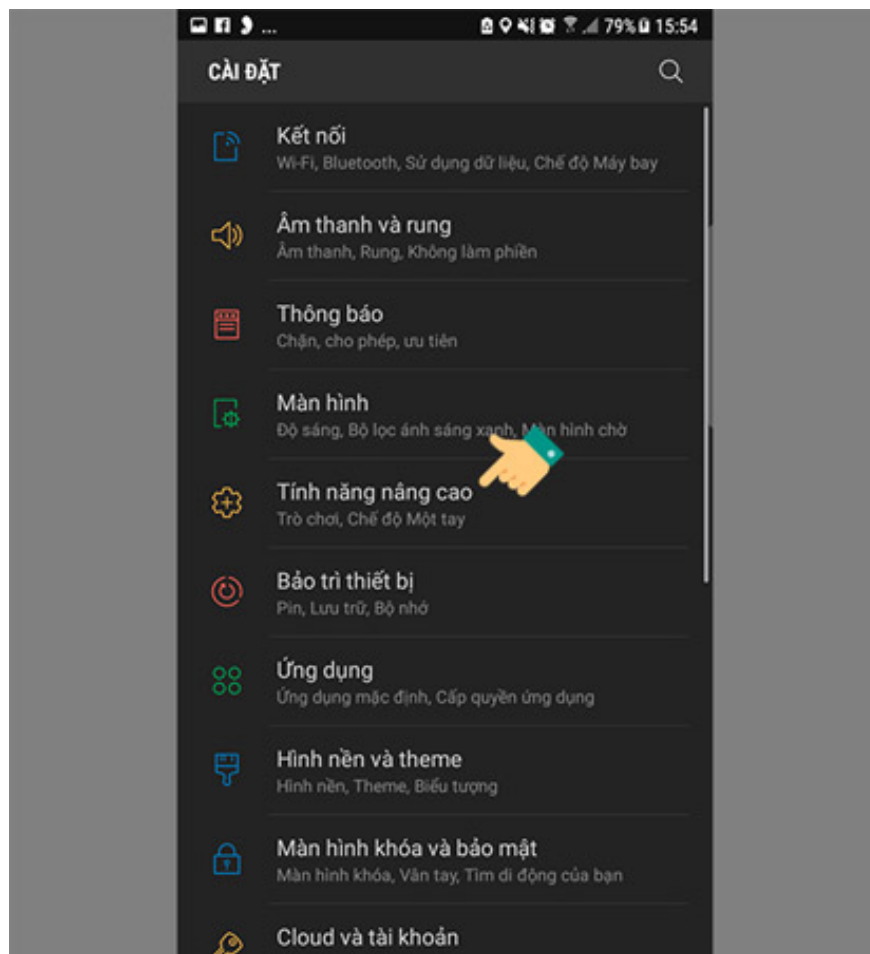

## 1. How to activate Game Tools mode on Samsung

### Method 1: Apply to devices that have built-in Game Tools mode

To enable Game Tools mode on Samsung phones, do the following:

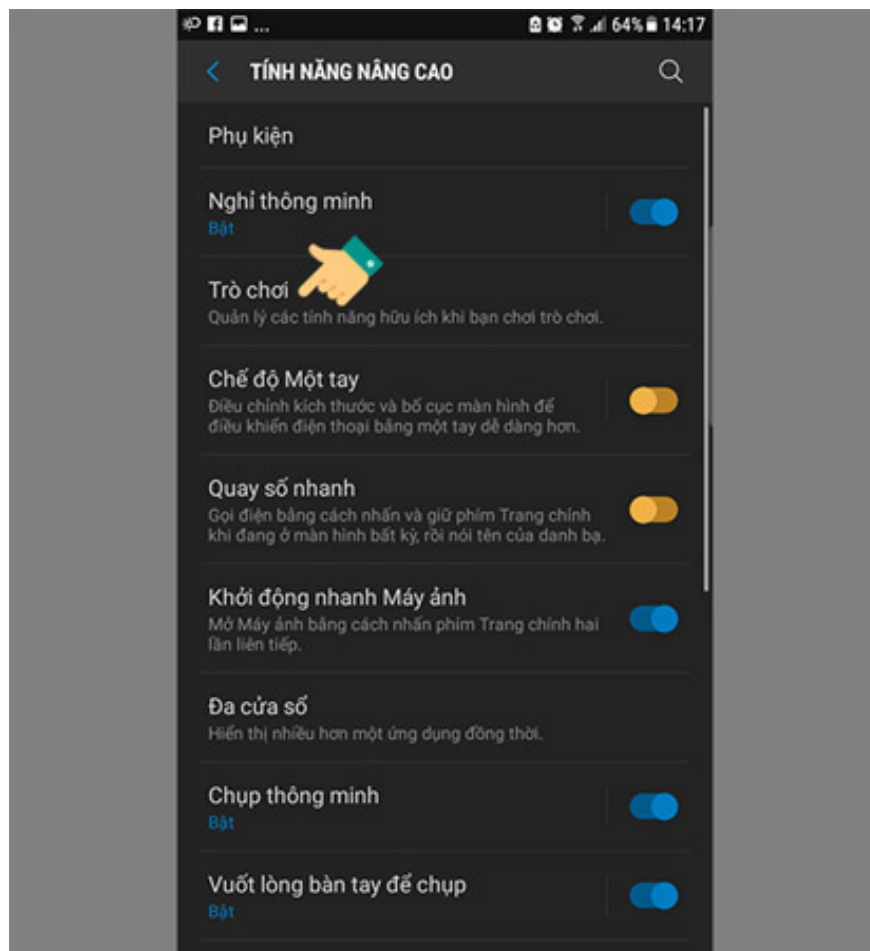

#### Step 1:

From your Samsung phone screen, go to *Settings* and select *Advanced features*.

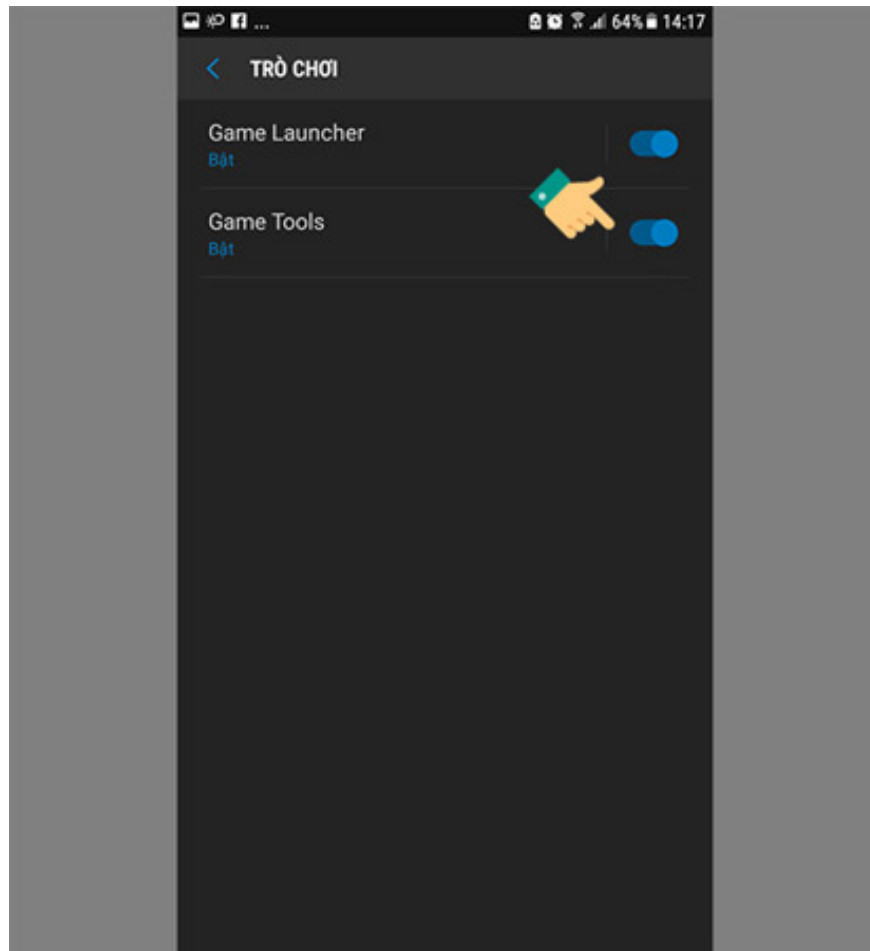

**Step 2:**

Next, click *Game*.

### Step 3:

Turn right to turn on Game Tools mode on Samsung.

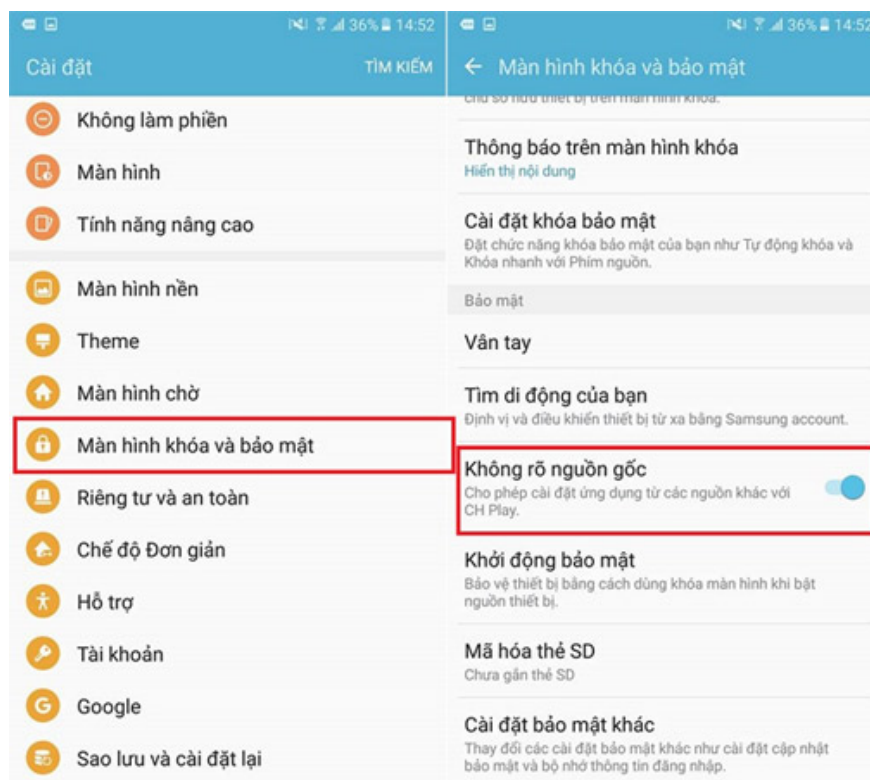

## **Method 2: Apply to devices that have not yet built Game Tools mode**

**Note:** The device experienced in this article is Galaxy A9 Pro running Android 6.0 Marshmallow, maybe some other models are not compatible, please try installing on your device.

### **Step 1:**

Go to *Settings* > *Lock screen and security* > *Enable item Unidentified*.

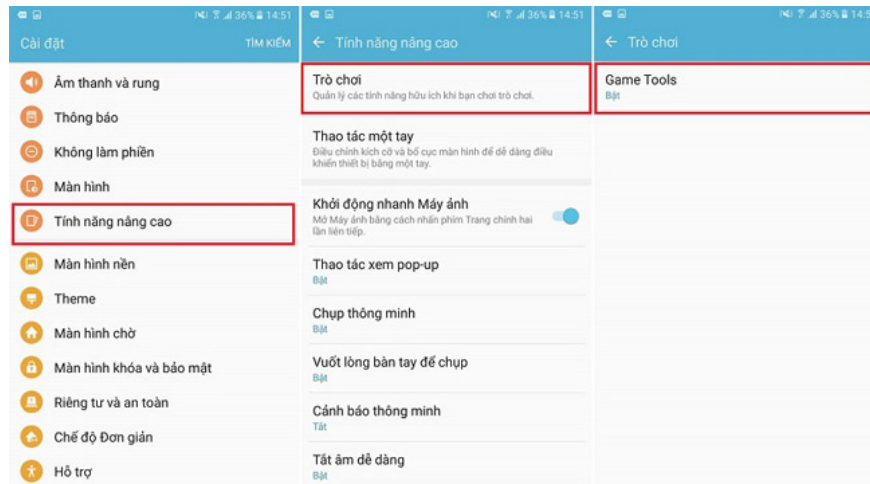

## Step 2:

Download the following 3 files and install the device.

1. **Game Mode:** <http://www.apkmirror.com/apk/samsung-electronics-co-ltd/samsung-gameservice/samsung-gameservice-1-0-64-release/samsung-gameservice-1-0-64-android-apk-download/>
2. **Game Tools:** <http://www.apkmirror.com/apk/samsung-electronics-co-ltd/game-tools/game-tools-0-0-26-release/game-tools-0-0-26-android-apk-download/>
3. **Game Launcher:** <http://www.apkmirror.com/apk/samsung-electronics-co-ltd/game-launcher-2/game-launcher-2-0-0-26-release/game-launcher-0-0-26-android-apk-download/>

## Step 3:

Go back to *Settings* > *Advanced Features* > *Games* > Turn on *Game Tools* mode .

## 2. Instructions for using features in Game Tools

Opening any game, the Game Tools icon will automatically appear (red icon) and you should select this floating icon to enter Game Tools settings.

No in-game notifications:

When this feature is turned on, all phone notifications will be muted and hidden on the screen when you are playing the game, only the incoming call will be displayed.

### **Lock Recent and Return keys:**

Similar to the above, 2 return and recent keys will be locked during the game, helping you to limit the wrong press while playing as a sudden exit.

### **Recording Function:**

You can also go back to the entire screen when playing games to share with everyone without a 3rd party app with Game Tools recording function. If you want to stop recording, just slide the notification bar from top to bottom and choose to stop recording.

### Screenshots:

Take a quick snapshot of the game screen, especially the achievements you won in the game.

### Touch screen lock:

This function allows you to play games with peripheral devices such as keyboard mouse via OTG connection so no touch on the screen is required. It is especially useful when you play with Game Pad to dedicate the entire game screen.

### Minimize the game :

Zoom out Messenger-like chat head game format of Messenger to help you manage better when playing multiple games.

Thus, we have shown you how to activate and use Game Tools on Samsung. This way will help optimize your experience during the game. Please customize the game play function to suit you best to play games more fun than you.
