

Instructions for adding payment cards on Microsoft Edge

The new Microsoft Edge browser on phones adds a feature to add payment card information, payment methods on the browser similar to the feature of adding payment information on Chrome.

With this new feature, those who regularly make online payments on the browser will have their account information immediately. The following article will guide you to add a payment card on Microsoft Edge.

How to add a payment card on Microsoft Edge

Step 1:

At the Microsoft Edge browser interface, click on your **account avatar** if you are logged in to Microsoft Edge or click on the humanoid icon. Now click on **the Payment Information section** .
