

Instructions for creating playlists in TikTok

The playlist creation feature in TikTok will create a playlist of videos based on a theme you create, making it easier for followers to find and watch videos.

We proceed to group the videos posted to the account into each TikTok playlist. When someone visits your TikTok profile, they will see those TikTok playlists. Below are instructions for creating playlists in TikTok.

How to create playlist in TikTok

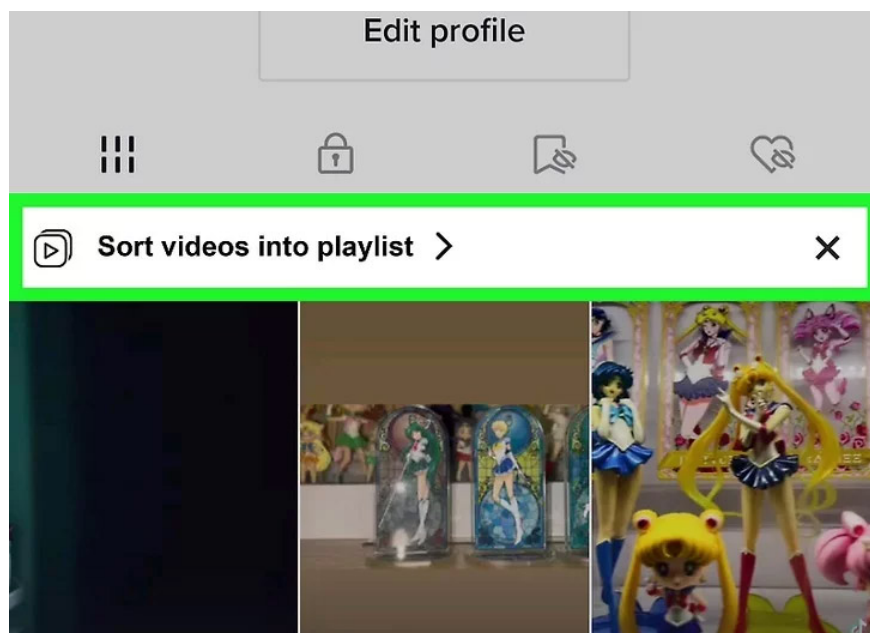

Quick Guide

1. Tap and hold your video, then tap Add to playlist > Create a playlist.
2. Or click Profile > Videos > Sort videos into playlists.
3. Creating playlists in TikTok only applies to accounts with 10,000 followers.

Detailed instructions

Step 1:

On the TikTok app interface, click on **the profile icon** below and then click on **Sort videos into playlists** .

Step 2:

Enter **the playlist name** and **click Next** to move to the next step.

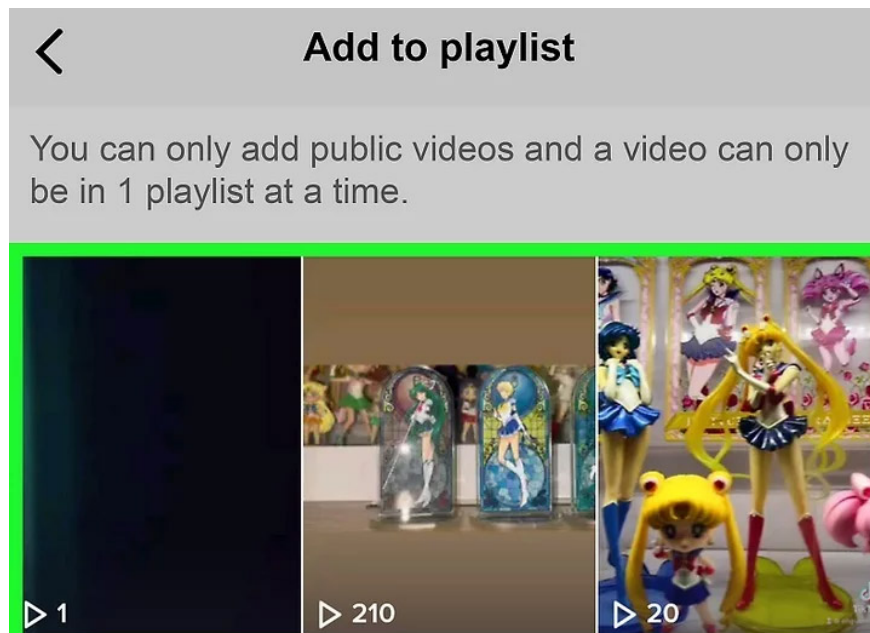

Name playlist

Give your playlist a creative name that best describes the videos you'd like to add.

0/15

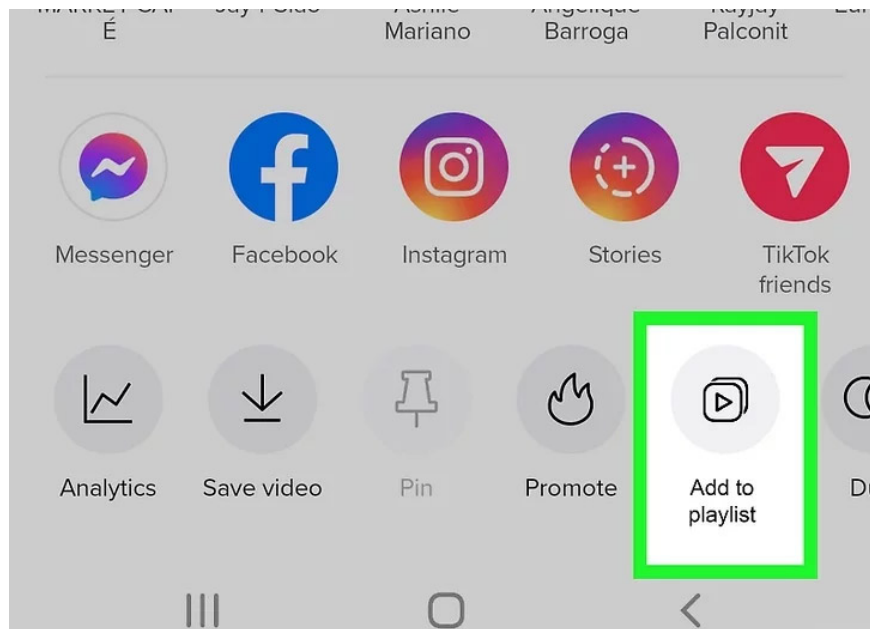

Next

Now you **select the TikTok video you want to add to the playlist** . You can only add public videos to the playlist and 1 video can only be in 1 playlist. Finally, **click Create playlist** below to create a TikTok playlist.

Step 3:

Or you click on the video in TikTok then click on **the 3 dot icon** and select **Add to playlist** .

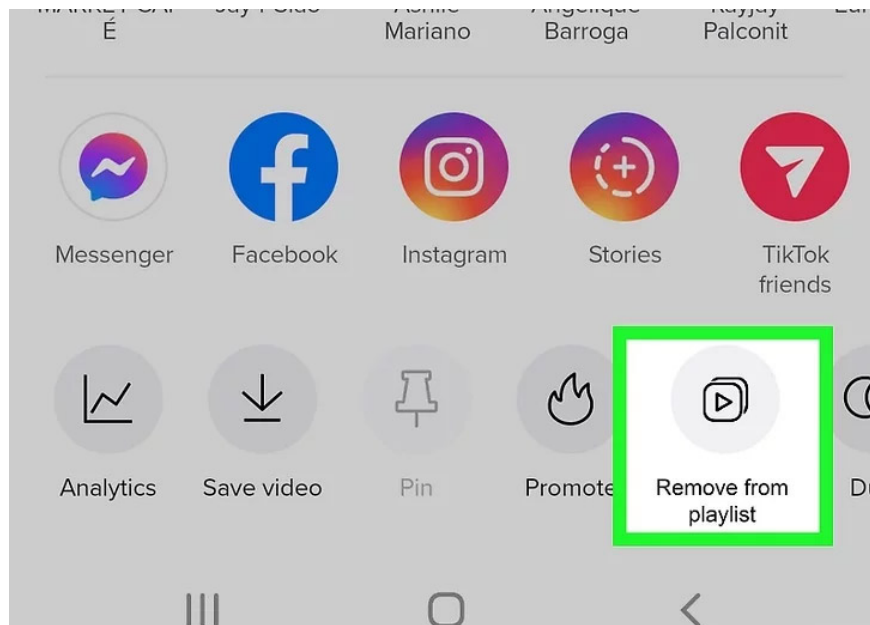

Display the created list on TikTok, **click on the playlist you want to add videos to** .

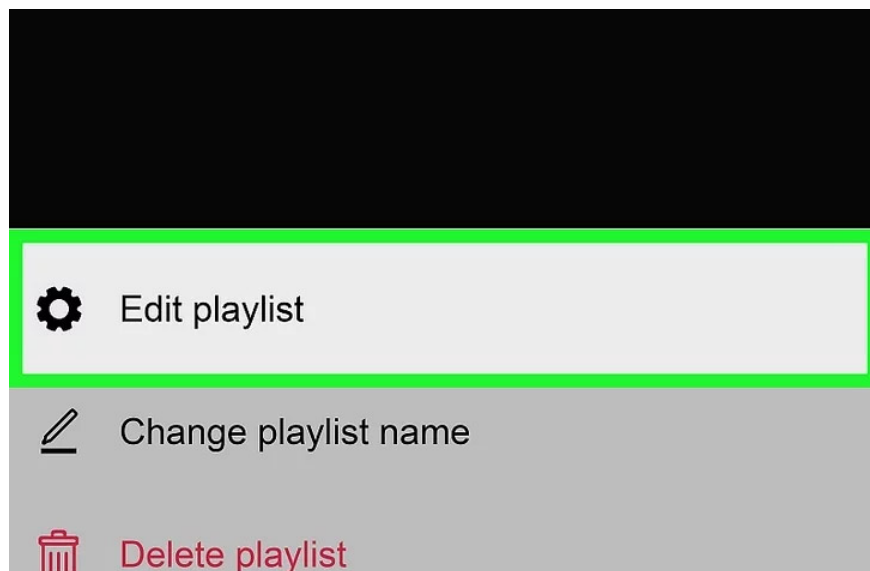

Step 4:

Click on the TikTok playlist you created and **select the video you want to remove from the playlist** . Click **Remove from playlist** to do so.

Step 5:

Tap on **the 3 dots icon** at the playlist and you will see the playlist options as shown.
