

Instructions for creating animated text effects for Instagram Story

Small details like fonts and animations or effects you add to your Story can make a difference. Here's how to create animated text effects for your Instagram Story.

Instagram is where you share your story creatively. Videos and images are the main focus, but the right text and animations can make them stand out even more. Even small details like the font you use and the animations or effects you add to your Story can make a difference. Here's how to create animated text for your Instagram Story.

How to create animated text effects for Instagram Story

Step 1:

You post Instagram Story as usual and then click on **the writing icon** above.
