

Instructions for deleting Google accounts permanently

For some reason you no longer want to use your existing Google account, and want to completely delete them. So how can you permanently delete your Google account?

Google accounts are now familiar to most people, when you use your Google account every day to access Gmail, Youtube, Google +, . and some other applications. Through a single account, users will access and use many other applications and services without having to log in again.

However, it may be for some reason that you do not want to continue using your existing Google account, and want to completely delete that account, including personal information, access history, . In the article Write this, Network Administrator will guide you how to permanently delete your Google account.

Note , because you choose to completely remove Google, all personal information, or data related to the account will disappear. Therefore, before performing user account deletion, back up all data.

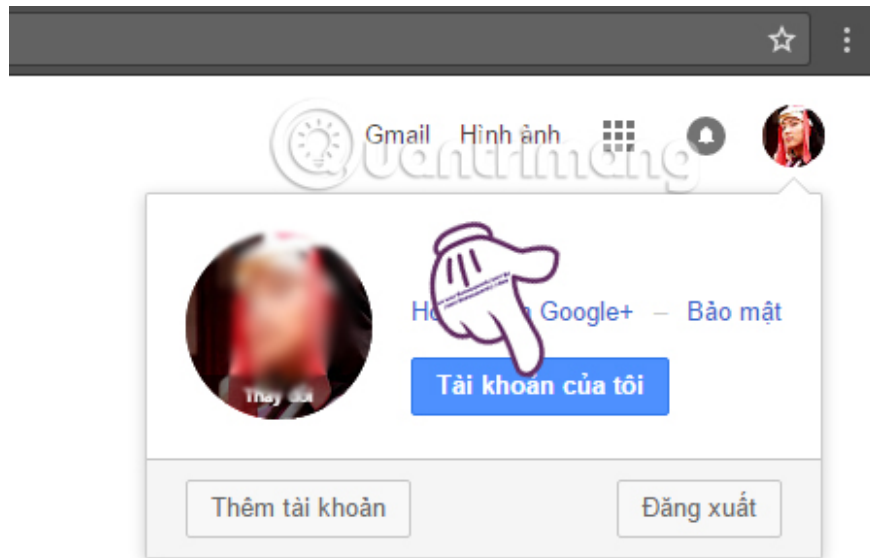

Step 1:

Log in to the Google account you want to delete under the link below:

1. <https://www.google.com/>

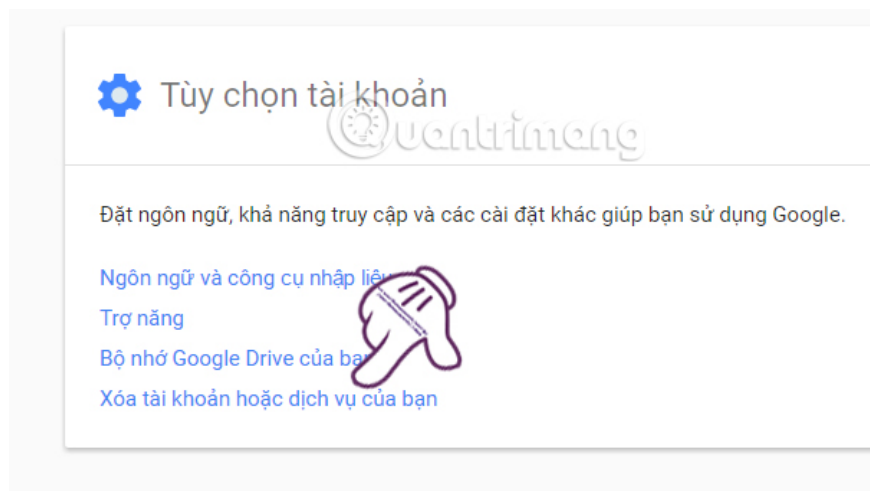

Step 2:

At the main interface of the personal account, we click on **the avatar** and select My Account (My Account).

Step 3:

In **My Account** interface (My Account), you will find **Account options** (Account preferences). Right below, we will click on **Delete your account or service** (Delete your account or services).

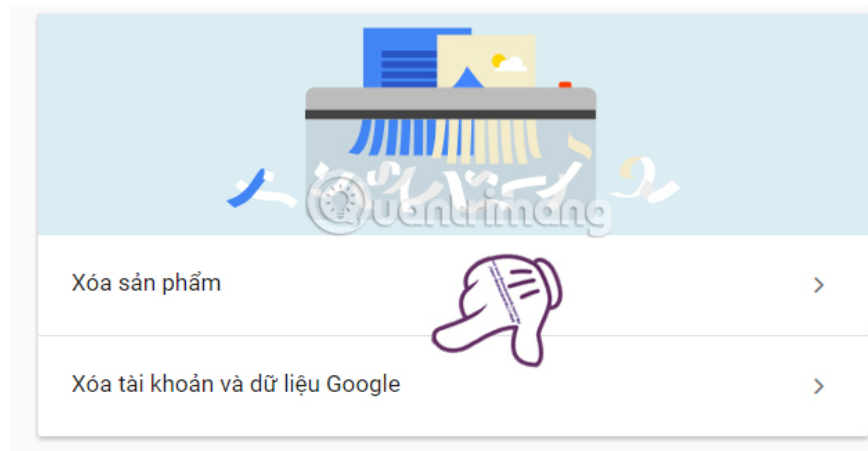

Step 4:

We will be transferred to the interface. Delete your account or service (Delete your account or services).

There will be two options for users to choose from, including:

1. If users want to delete Google services like Gmail, Youtube, Google Photos, . then click on Delete product (Delete products).
2. If we want to delete all information related to Google accounts, including account information, entered data, passwords, applications, select Delete account and Google data (Delete your account or services).

Since here we choose to permanently delete the account, we will select **Delete account and Google data (Delete your account or services)** .

Step 5:

You will then be asked by Google to **re-enter the password** again to confirm that the individual owns this account.

Step 6:

Next, we will come to the interface Delete your Google Account (Delete your Google Account).

Above will be important information when a user determines to permanently delete a Google account, for example: unable to use Google services related to this account, is it difficult to use the services must be Google but use Gmail address.

Below, we can click on the **download data item** (Download your data) if there is a need before deleting the account.

Bạn cũng có thể mất quyền truy cập vào các dịch vụ không phải @gmail.com. Ví dụ: nếu bạn sử dụng địa chỉ email cho tài khoản ngân hàng của mình, bạn có thể gặp khó khăn khi Nếu tiếp tục, bạn cần phải cập nhật địa chỉ email trên mọi dịch vụ Google mà bạn sử dụng địa chỉ đó.

Bạn có thể [tải xuống dữ liệu](#) trước khi xóa tài khoản của mình.

Appear all the application data related to Google accounts. You choose or deselect those services that want to download backup data and follow Google's instructions.

Chọn dữ liệu cần đưa vào

Chọn sản phẩm của Google để đưa vào tệp lưu trữ của bạn và định cấu hình cài đặt cho mỗi sản phẩm. Chỉ bạn mới có thể truy cập tệp lưu trữ này. [Tìm hiểu thêm](#)

Sản phẩm	Chi tiết	Chọn tất cả
+1		<input type="checkbox"/>
Bản đồ của tôi		<input checked="" type="checkbox"/>
Blogger	Tất cả blog	<input type="checkbox"/>
Chrome	Tất cả các loại dữ liệu Chrome	<input checked="" type="checkbox"/>
Công việc		<input type="checkbox"/>

Backup data download will be in **.zip format** . Click to select **Create archive file** .

Chọn loại tệp lưu trữ của bạn và liệu bạn muốn tải về ha

Loại tệp

Có thể mở tệp zip trên hầu hết mọi máy tính. Những lưu trữ có kích thước trên 2GB sẽ được chia thành nhiều tệp .zip.

Cách phân phối

Gửi liên kết tải xuống qua email

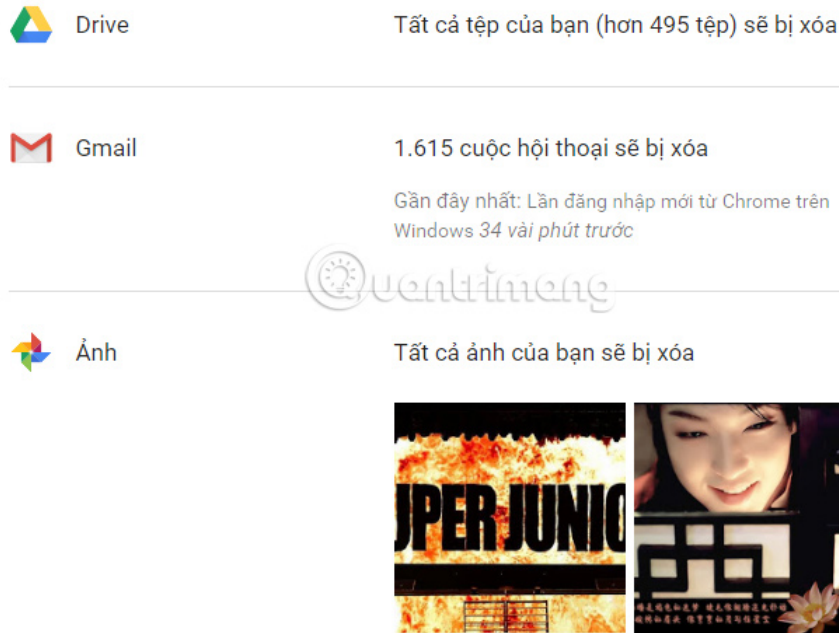

Sau khi hoàn tất quá trình tạo lưu trữ của bạn, chúng tôi sẽ gửi cho bạn một liên kết qua email để bạn có thể tải lưu trữ xuống thiết bị cá nhân của mình. Bạn sẽ có một tuần để truy xuất lưu trữ đó.

Tạo tệp lưu trữ

Step 7:

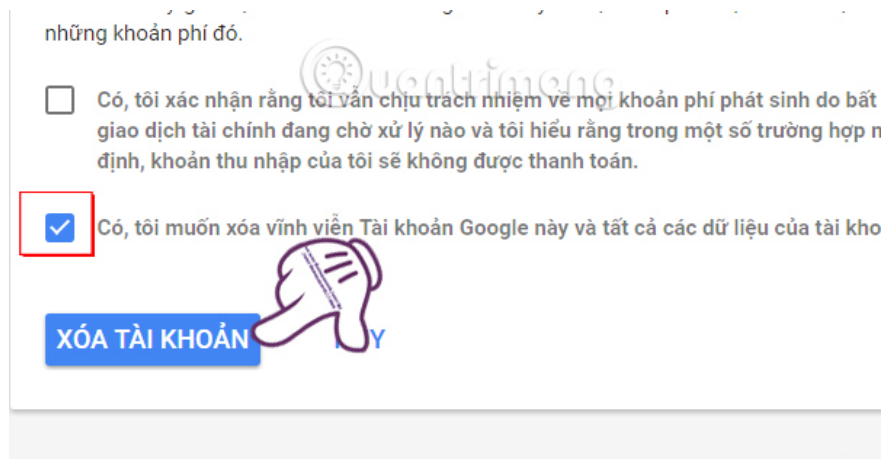

Next section **All this content will be deleted** (All this content will be delete), Google will list all the products that users have used and have data, such as Google Drive, Gmail, Photos, Youtube, .

When you are sure you want to delete it all, scroll down and select 1 or both boxes. If you have **any financial transactions related to your Gmail account**, check **the first box** to confirm any incurred charges (Yes, I acknowledge that I am still responsible for any charges incurred.).

If not, just **tick the second box** to permanently delete the account and data related to Google only (Yes, I want to permanently delete this Google Account and all its data).

Finally click **Delete account** (Delete Account).

So your Google account and Gmail, Drive, Photos, . services have been deleted entirely from information to data. The account deletion process will take place immediately after that and the user cannot recover, or activate the account again. Be sure to back up all important data before permanently deleting your Google account.
