

Instructions to delete search history on Search Bar Windows 11

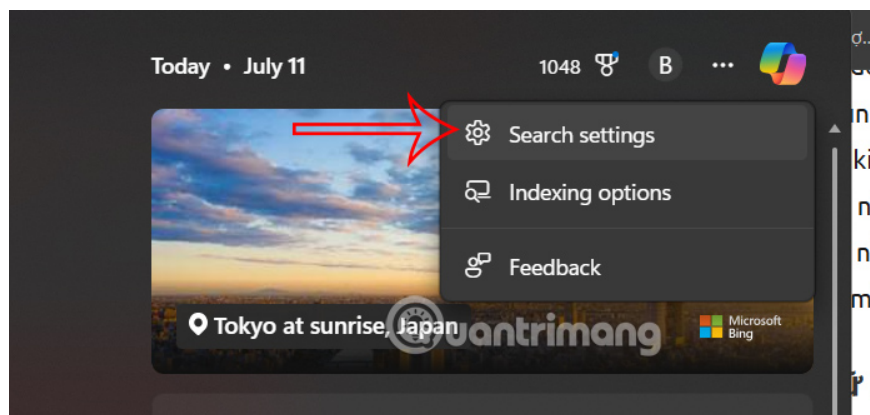

Clearing your search history on the Search Bar will protect your privacy, especially when sharing a computer. Here are instructions on how to clear your search history on the Windows 11 Search Bar.

The Search Bar allows users to quickly search for files, applications, and even web results powered by Bing. However, all the information searched on the Search Bar is stored locally on the computer. If you use a Microsoft account to log in, the search history is also stored in the cloud. Clearing the search history on the Search Bar will protect your privacy, especially when sharing a computer. Here are instructions on how to clear the search history on the Search Bar Windows 11.

How to delete search history on Search Bar Windows 11

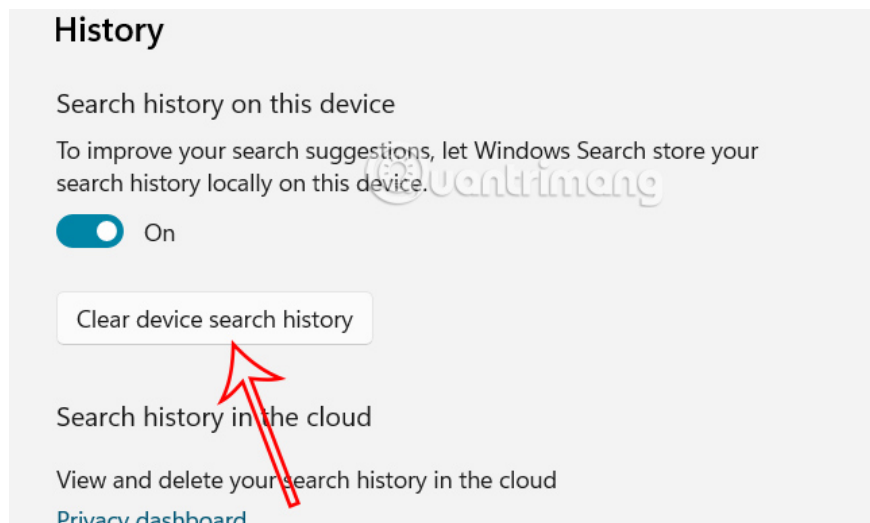

Step 1:

Click on the search bar on Windows , then click on the 3-dot icon and select Search Settings as shown below.

Step 2:

Go to the setup interface on the computer. We scroll down below at the Search history on this device section , the user clicks on the Clear device search history button to delete the search content on the Windows 11 Search bar.

This will delete all search history stored on the local device.

Delete search history stored on the cloud

If you're using a Microsoft account on your Windows 11 computer to sign in and do other things, your search history may also be saved in the cloud.

Step 1:

First, access Microsoft's Privacy Dashboard via the link below, then log in to your Microsoft account.

1. Visit Microsoft's Privacy Dashboard

Step 2:

Next in the Privacy interface, we find **the Search History setting** and then **press Delete all activity** .

Step 3:

Finally, **click Delete** to delete the saved search in your Microsoft account.

Bạn có chắc chắn muốn xóa lịch sử tìm kiếm không? ×

- ⊗ Bing và các ứng dụng và dịch vụ khác của Microsoft có thể gặp khó khăn hơn trong việc cung cấp trải nghiệm được cá nhân hóa, chẳng hạn như các đề xuất dựa trên lịch sử tìm kiếm của bạn hoặc kết quả tìm kiếm được cải thiện.
- ⊗ Bạn sẽ không thể phục hồi hoặc khôi phục dữ liệu này.
- ⓘ Nếu muốn ngừng lưu lịch sử tìm kiếm, bạn có thể để cửa sổ InPrivate luôn mở trong Microsoft Edge.
