

Instructions for free group calling on Facebook Messenger

Now, Facebook Messenger users can call the group, then select any member of the group to make a call. Also perform the same steps as when calling personally, to call your group to follow the steps ...

Along with the development and upgrading of social networks Facebook, chat apps, voice calls, and texting Facebook Messenger are also upgraded with many unique features. You not only use Messenger as a means of exchange, but can make it an entertainment place with built-in games.

1. **Messaging tips without installing Facebook Messenger**
2. **How to view messages in Facebook Messenger without notifying "Seen"**
3. **How to build a bot that automatically chat on Facebook Messenger**

And recently, one of the upgraded features is to make a voice call to the group completely free of charge, instead of a single individual like before. When calling the group, users can completely adjust who can join this call, add or remove call recipients. Along with the Network Administrator discover the unique features in the article below.

How to make group calls on Facebook Messenger

Note, to be able to make calls you must connect to WiFi or 3G / 4G with a stable connection to ensure the quality of the call. Facebook Messenger must update to the latest version.

Step 1:

Open the Messenger application. Click the **Groups** icon below the screen.
