

Instructions for installing GameTV Plus on the computer to play AOE, CS 1.1 online

With the instructions for installing GameTV Plus here, you will not have trouble with the security system on your computer

Compared to nostalgic titles today, some old-fashioned games are still chosen by gamers to play with friends. Some outstanding names must be mentioned are AOE, Counter Strike 1.1, Counter Strike 1.6, Warcraft .

Due to the games that have been around for a long time and do not support multiplayer like many current games, players can still find some tools to connect these players together.

Typically, this is Garena software, this software supports gamers to connect online quite a lot of old games. Or GameTV Plus, this is also a software that supports connecting old titles without multiplayer. You can download and install GameTV Plus according to the instructions below this article.

How to download and install GameTV Plus on the computer

Step 1: First, please visit the link of GameTV Plus homepage and select **Download GameTV Plus installation** .

Step 2: The downloaded file will be in zip file, please unzip the GameTV Plus installation file to your computer.

This is the installation file of GameTV Plus with the .EXE extension. Right-click it and select **Run as administrator** .

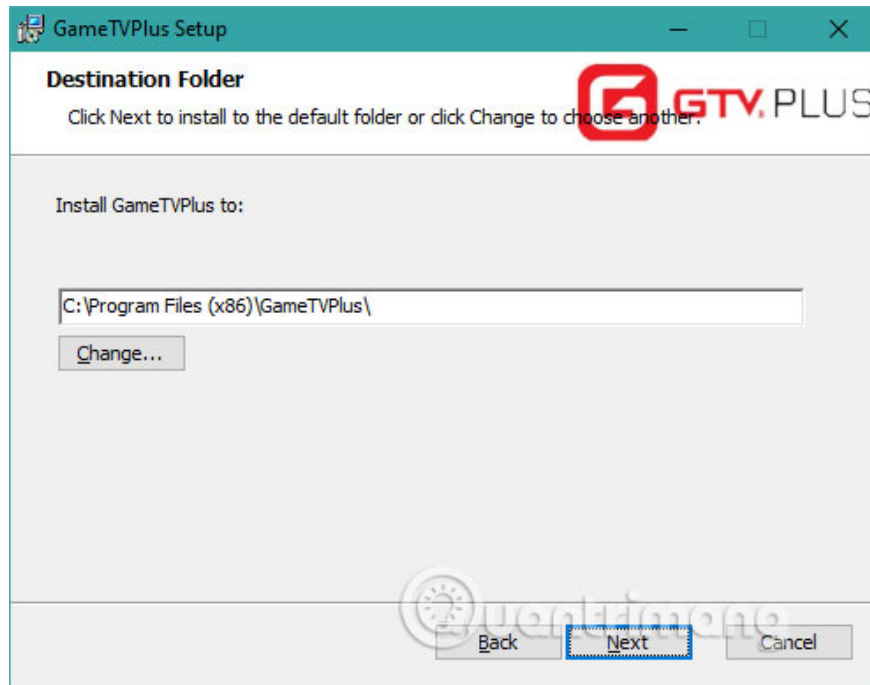

Next GameTV Plus installation panel will appear as shown in this picture, select **Next** 2 times to install.

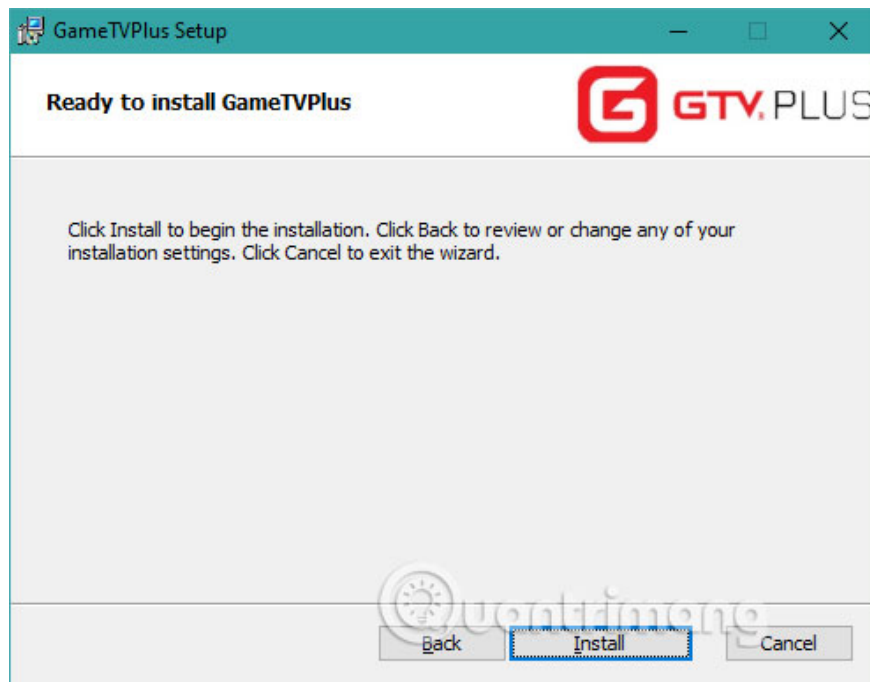

Next is the interface to select the **GameTV Plus** installation folder on the computer, click **Change** if you want to change the GameTV Plus installation path. Select the drive and the GameTV Plus installation folder, then press **OK** to install

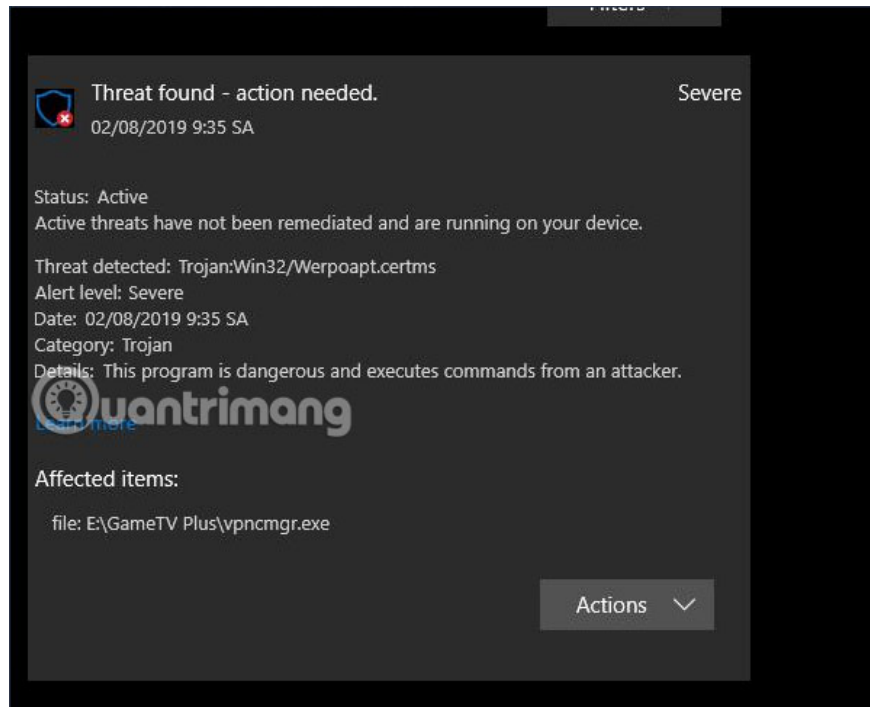

If not, leave it unchanged and click **Next** to continue.

Finally click **Install** to start installing GameTV Plus.

If during the installation process you see the **Virus & threat protection message** with the detection of the file **vpncmgr.exe** below or similar, then it is the VPN software file. Now turn off the anti-virus software and continue installing GameTV Plus.

After you have installed GameTV Plus on your computer, start up and create a GameTV Plus account with the option of **Register a new account** at the login interface of GameTV Plus.
