

Instructions for installing Windows 10 Spring Creators Update

End users can download Windows 10 Spring Creators Update via Release Preview.

Windows 10 Spring Creators Update is Microsoft's first major update this year, bringing features that are still expected like Timeline, improving Microsoft Edge, Cortana, etc. As planned, the next few weeks will be officially released. Windows 10 Spring Creator Update is also promised to be the fastest installation ever since Microsoft has tweaked some things.

'To do this, we move some parts of the offline phase into the online stage. Therefore, the average offline time for the Fall Creators Update update last October fell to 51 minutes, or 38%. But it hasn't stopped there , 'Joseph Conway explained in an article. 'The upcoming Windows version will move some of the migration phase online. Offline time will therefore decrease when installing Build via Insiders Program to an average of 30 minutes, which is 63% compared to Creators Update '.

With these changes, installing Spring Creators Update will be very quick and users don't have to worry about waiting for an hour.

Windows updates will not be as long as before

Instructions for installing Windows 10 Spring Creators Update

Method 1: Windows Insider

Step 1 - Join the Windows Insider program using the Settings application. Go to **Settings > Update and Security > Windows Insider Program**.

Step 2 - Select ' **Just fixes apps and drivers** ' from the dropdown.

Step 3 - Check for updates. If you don't see anything, restart the computer and check for updates. Then Windows 10 Spring Creators Update will be available.

Method 2: Windows 10 Update Assistant (When Microsoft officially releases)

Step 1 - Microsoft provides **Update Assistant** tool to quickly track the latest updates for Windows. Download this tool from [here](#).

Step 2 - Double click on the downloaded file to scan the machine and check for the latest updates.

Step 3 - Windows will download Windows 10 Spring Creators Update in the background and will install it when ready.
