

Instructions for notes with WinRAR

Do you wonder what kind of notes people have in WinRAR but when opening the zipped file there is a comment box next to it, but after a long time struggling to find a way that you still give up. Do not worry because TipsMake.com will help you, just follow the simple steps below that you can write notes on your compressed file already.

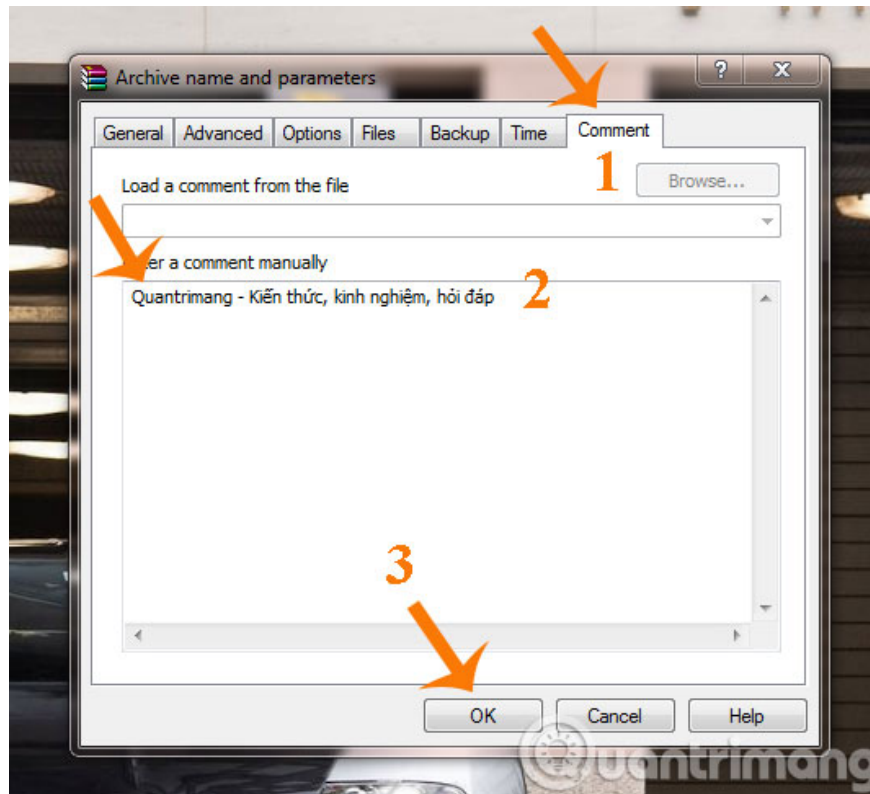

Do you wonder what kind of notes people have in WinRAR but when opening the zipped file there is a comment box next to it, but after a long time struggling to find a way that you still "give up". Do not worry because TipsMake.com will help you, just follow the simple steps below that you can write notes on your compressed file already.

1. Download WinRAR 5.21
2. Instructions for splitting compressed files with WinRAR

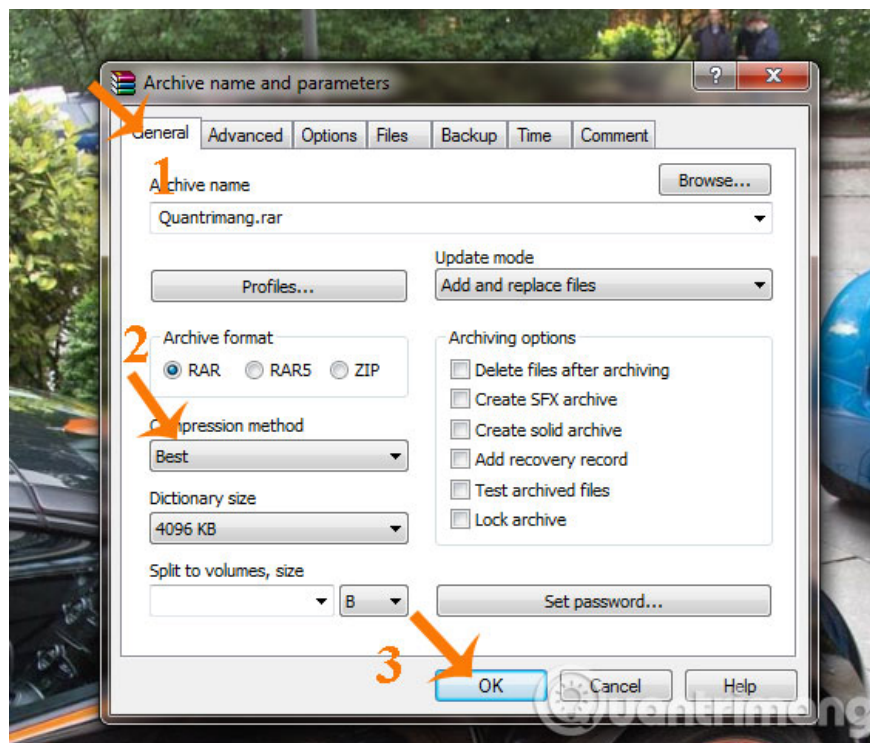

Step 1 : Right click on the file you want to compress and then select **Add to archive .**

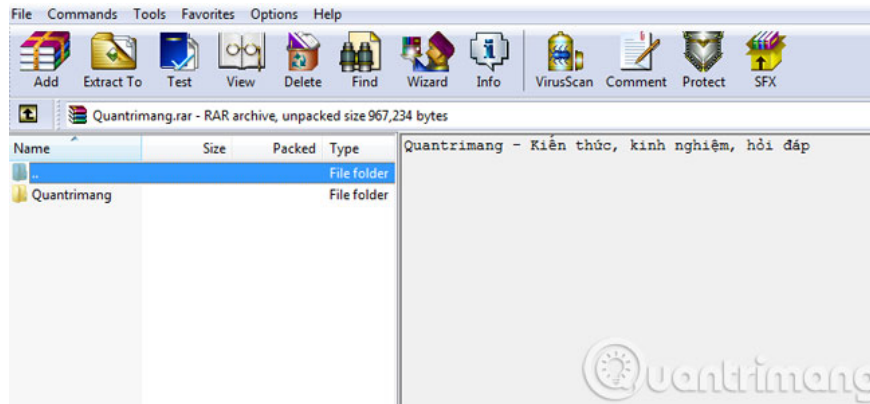

Step 2 : The **Archive name and parameters** window appears, switch to the **Comment** tab and make a note of **Enter a comment manually .**

Step 3 : Switch to General tab, click on **Compression method**, select compression method is **Best** . Finally, click **OK** to complete the note-taking process in the compressed file.

Step 4 : The process of compressing files starts, the compression process is long or slow depending on the file size. Once completed, double click on the compressed file and you will see a note as shown below.

So you have taken notes in WinRAR successfully. Very simple, right?

I wish you a good working week!
