

Instructions for 'plowing' increase Youtube views for idols right on your computer

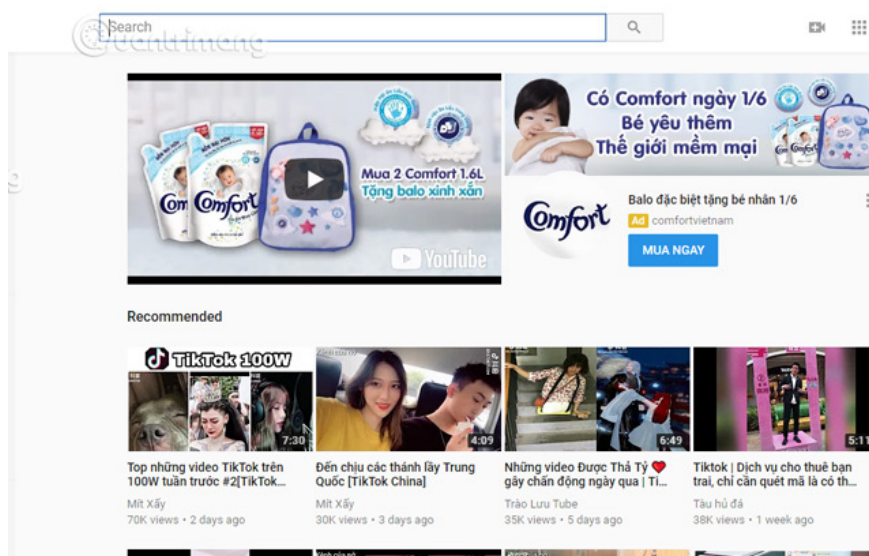

Do you see recent music videos of Son Tung gaining great views. That's because Son Tung has a large fan base. They are the ones who helped Son Tung have 1 million views of videos.

Surely with the young people, plowing to watch for idols whenever they release new songs is not too strange. Increasing Youtube view on computers and phones is not only a way to help your idols get a huge amount of view on YouTube's top trending but also help them make money on Youtube with legitimate views from yourself. Many people often sit from morning to night and hit the F5 key on the keyboard only to review and increase the amount of view is really hard and time consuming. To be able to "plow" the view of the idol is a much simpler way to help you increase the view without taking a long time to press the key.
