

Instructions for posting question status on WhatsApp

WhatsApp has now updated a lot of content for status to enrich the content you post such as using question stickers to increase interaction with friends.

WhatsApp has now updated a lot of content for status to enrich the content you post. We can combine photos to post WhatsApp status, or can use question stickers to increase interaction with friends. All feedback content from friends has the option to post status to display. Below are instructions for posting question status on WhatsApp.

How to post question status on WhatsApp

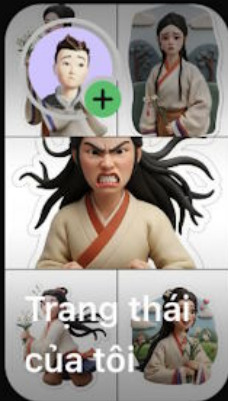

Step 1:

You **click on the status on WhatsApp** then we take pictures or post videos as usual.

Step 2:

In the status editing interface, click on **the sticker insert icon** . Click on the sticker icon and then **click on the Question sticker** below to insert it into your status.

Step 3:

Now you **enter the question in the sticker** . After entering the question, you continue to process the WhatsApp status.
