

# Instructions for using Hashtag on Facebook

The Hashtag starts with '#' and the keywords are written together. When a user clicks on it or the search will display the results including the status updates, postings, images or links to share a topic.

The Hashtag starts with '#' and the keywords are written together. When a user clicks on it or the search will display the results including the status of status updates, posts, images or links to share a topic.

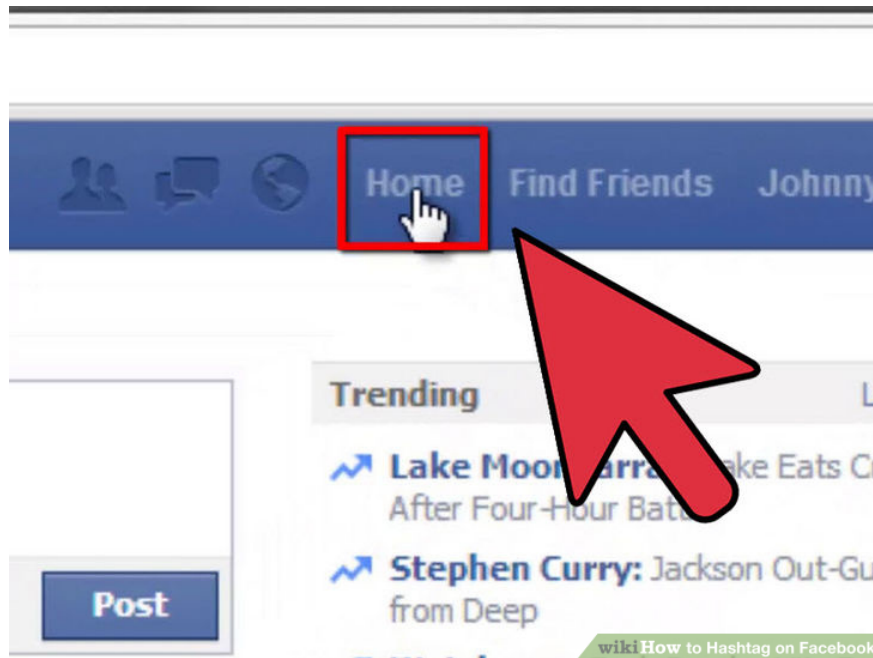

## 1. Instructions for using Hashtag on Facebook

### Step 1:

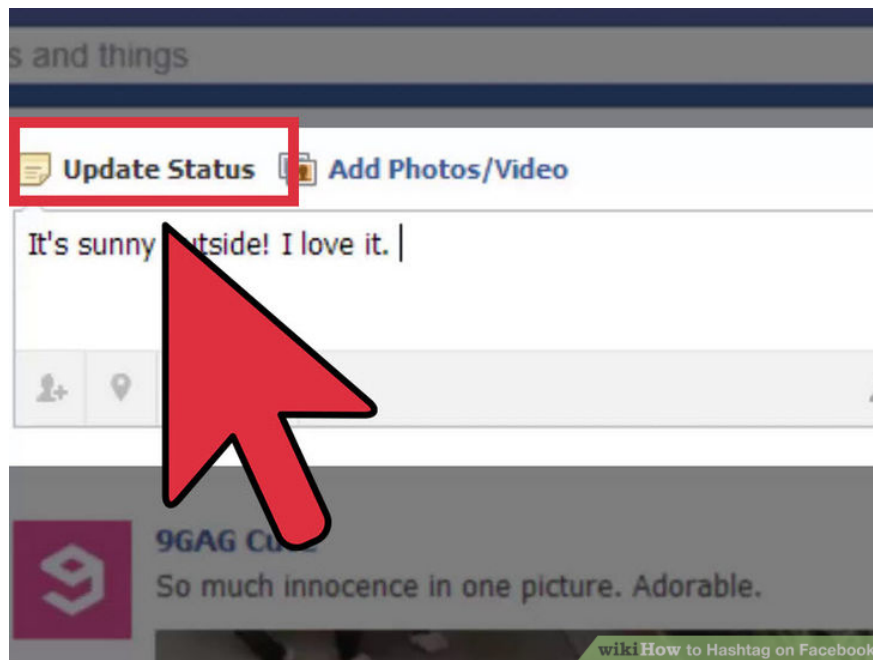

Log in to your Facebook account on the Web.

### Step 2:

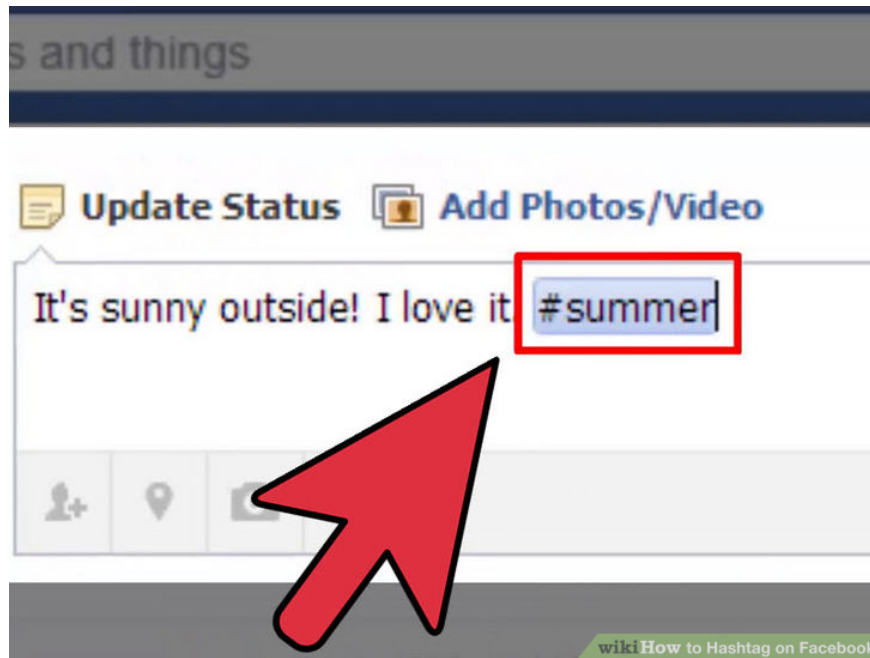

Click the **Home button** in the top right corner to access your Facebook home page.

### Step 3:

Enter any status line you want to post (Post) on Facebook.

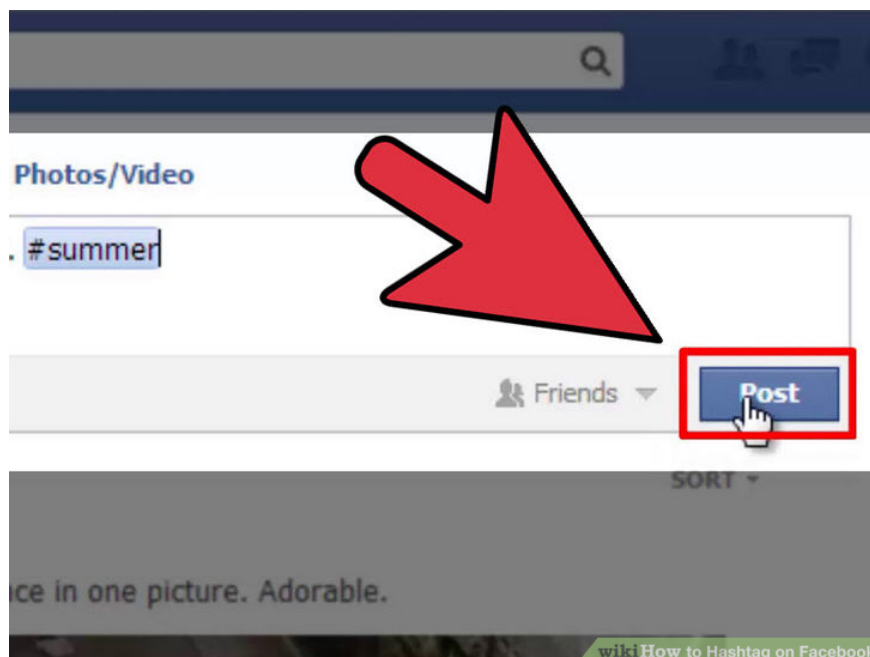

### Step 4:

You type # in front of the phrase or subject you want to add to the status line. For example: "#WeLoveProshow".

**Note** : Hashtag supports numbers and characters but does not support punctuation types such as commas, exclamation points, asterisks .

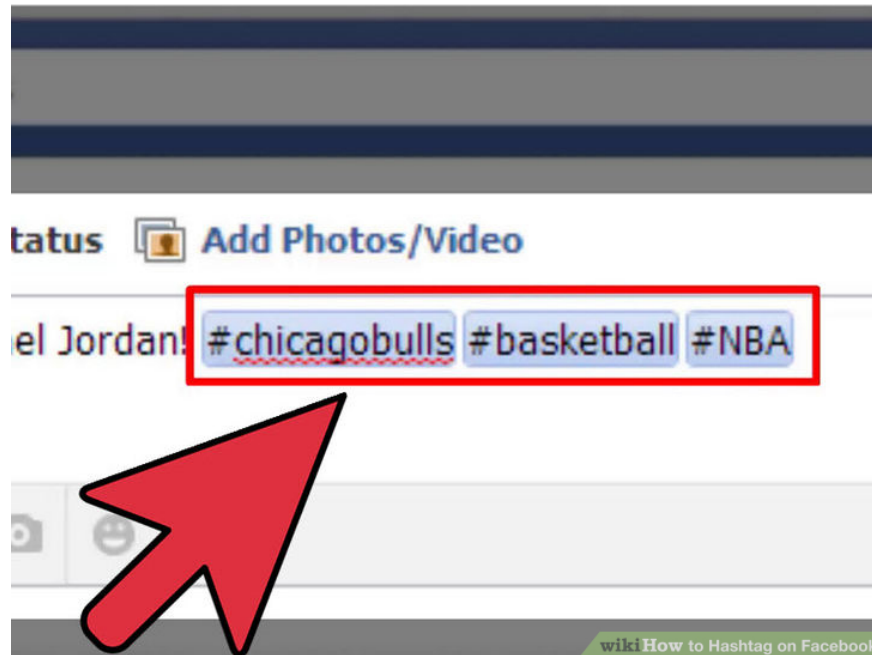

### Step 5:

After adding the Hashtag, select **Post** (post) to upload your status.

The Hashtag you create will be displayed as a link that you and other Facebook users can click to search for relevant articles on Facebook.

## 2. Use the appropriate Hashtag

1. Use the Hashtag related to the postings you post (post). The purpose of using Hashtag is to connect with other users who can share common interests. Using Hashtag will get more attention.

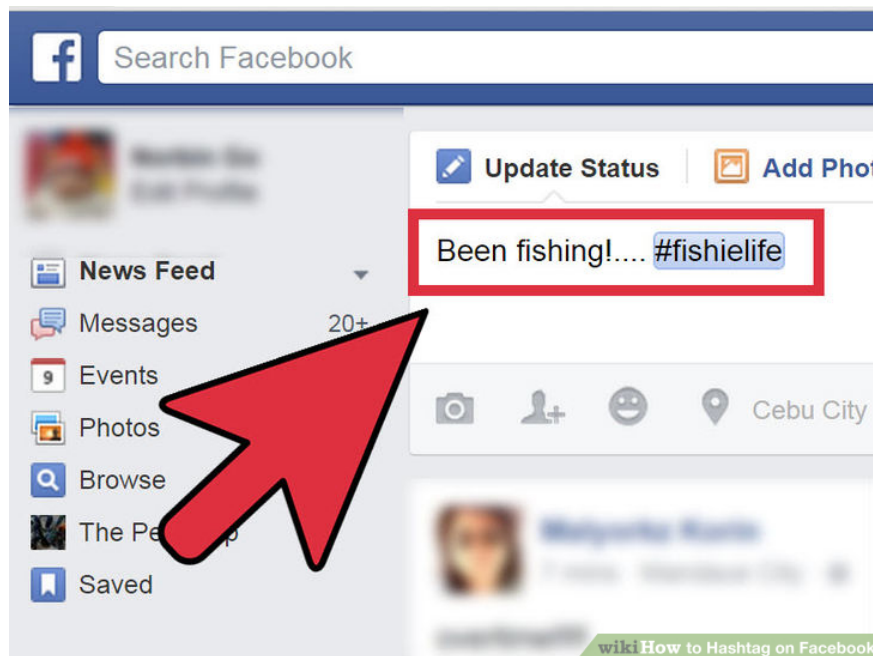

2. When using Hashtag as much as possible. This will help users narrow down their search when searching for people with similar interests. For example, if you post a status line about basketball or any sport or content, topic, you can use hashtag like "#basketball" or "#NBA" instead of using a vague, generic hashtag like "sports".

3. Currently many Facebook, Twitter, and Instagram users use Hashtag.

On Facebook, after clicking on any Hashtag on the screen will display a list of results including the status of status updates, postings, images or links to share. for a certain topic.

4. Creating unique Hashtag in your own style will make you stand out more than other users.
