Method 2: Hide messages on Samsung phones according to each phone number

If you do not want to hide the entire message, you can also select each phone number to make the message hidden on your Samsung phone as follows:

Step 1:

Open the messaging application, where you choose to enter any chat you want to hide messages on your Samsung phone. Next, click the 3 dashes icon in the upper right corner of the device screen as shown below.

Step 2:

A message on the screen appears, you just need to press the *Notification* shortcut to finish.

The above are 2 ways to hide message notifications on Samsung phones to turn off notifications with phone numbers that send messages to your device. Although this is not necessarily an effective way, it will also help you avoid unnecessary trouble when the phone notifies you of a message.

Hope you are successful.
