Frequently Asked Questions (FAQ) about 3D Miracles

Why am I failing to enter the Giftcode for Th?n Tích 3D?

There are three main reasons why entering a gift code might fail:

1. **Expiration Date:** Each gift code has a specific expiration date set by the issuer.
2. **Incorrect character entered:** You need to enter each character correctly, including both uppercase and lowercase letters.
3. **Usage limit:** Each account/character can typically only use one type of Giftcode once.

How do I get the Frost Unicorn Mount?

To obtain the **Frost Unicorn Mount** , players need to follow these steps:

1. Enter the special Giftcode for the early registration or launch event.
2. Reached the milestone of 1,000,000 registered users through the publisher's promotional programs.
3. After successfully redeeming the code, the item will be sent directly to your in-game mailbox.

Is the game "Mythical Tales 3D" resource-intensive? What are the system requirements?

Because it was developed using **Unreal Engine** technology , the game requires a fairly high-end device configuration to ensure smooth gameplay:

1. **Space:** Approximately 1.5GB to 2GB of free space is required to extract the installer and resource packages.
2. **Operating system:** Minimum requirement is Android 6.0 or iOS 12.0 or later.
3. **Support features:** The game integrates an AI system to assist with item matching and automation, reducing the stress on mobile players.

Has the game "Mythical Tales 3D" received a release license yet?

The game's script content for online G1 video games has been approved by the Department of Broadcasting, Television and Electronic Information under Decision No. **599/QD-PTTH&TT?T** issued on December 31, 2025.

Note : Enter the code quickly as some event rewards, such as limited-edition equipment sets or mounts, may expire according to the publisher's event schedule.
