## Why can't I redeem the gift code?

Errors when entering code are common in Roblox, usually due to the following reasons:

1. **Spelling Error:** The code must be entered **100% accurately** (including uppercase, lowercase, and special characters). The best way is **to copy/paste** directly from our list.
2. **Expired Codes:** Roblox codes usually have a clear expiration date. If a code isn't working, it may have been moved to the "Expired Codes" section on this page. Check regularly!
3. **Server Issue:** When new code is released, the game's servers often need time to update. Please be patient and try again.
