Instructions on how to restore the original (Hard Reset) Samsung phones. In addition to the usual ways such as downloading virus scanning utility, removing less used applications, you can also use a more thorough way which is Hard Reset - factory reset of the manufacturer. So how to Hard Reset on Sam Sung phone?

After a period of use, your phone will appear to be slowing down and there may be errors due to software conflicts. In addition to the usual ways such as downloading virus scanning utility, removing less used applications, you can also use a more thorough way which is Hard Reset - factory reset of the manufacturer. So how to Hard Reset on Sam Sung phone? Let's go with **TipsMake.com** to find out through the article below!

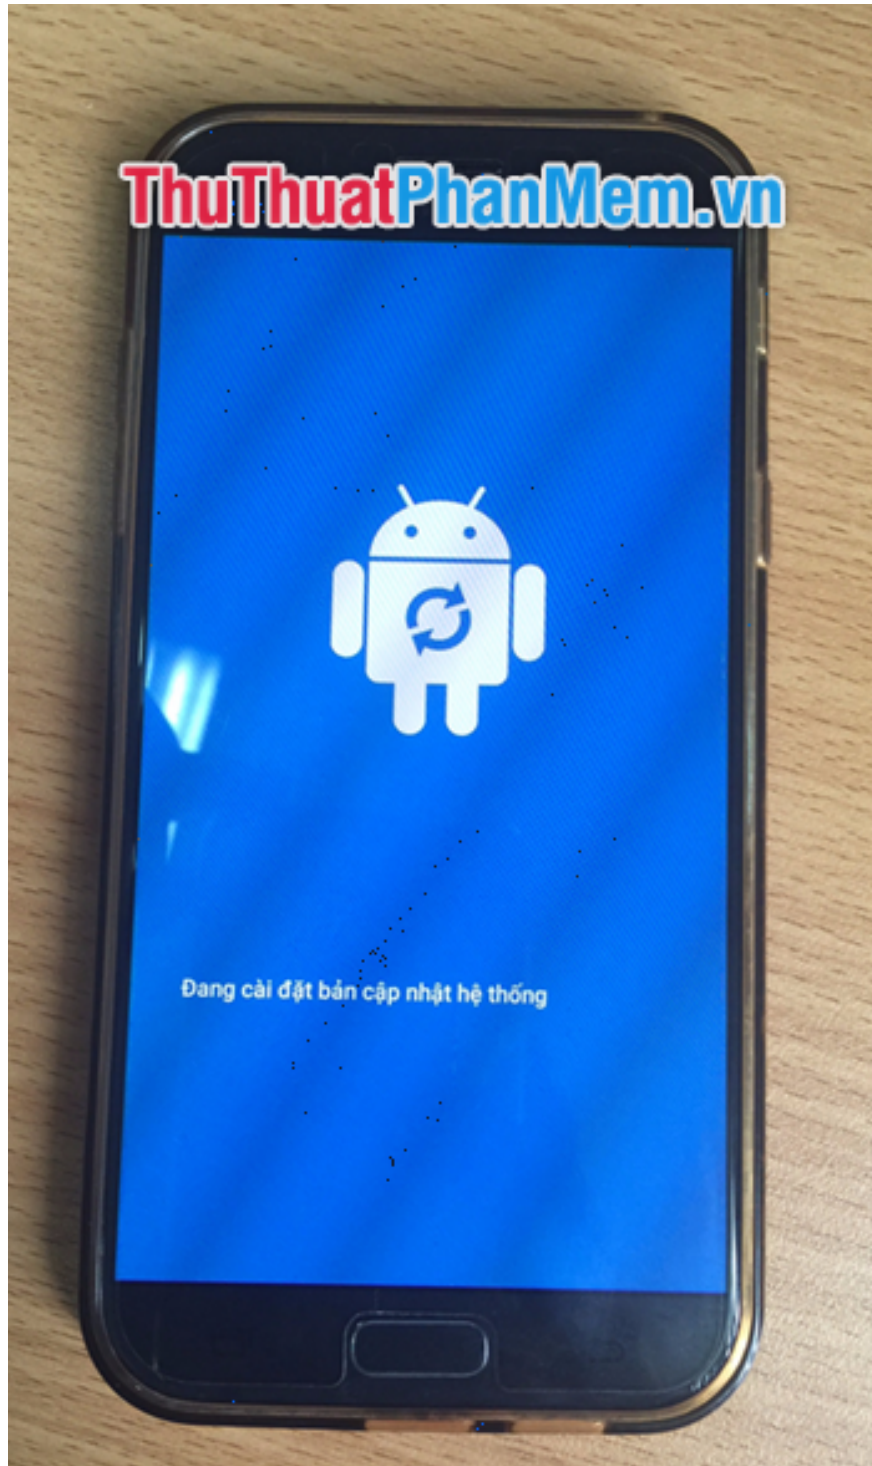

*Please note that before the factory reset, all data on your phone such as photos, videos, contacts, messages, music, applications . will be lost. So you should back them up before proceeding.*

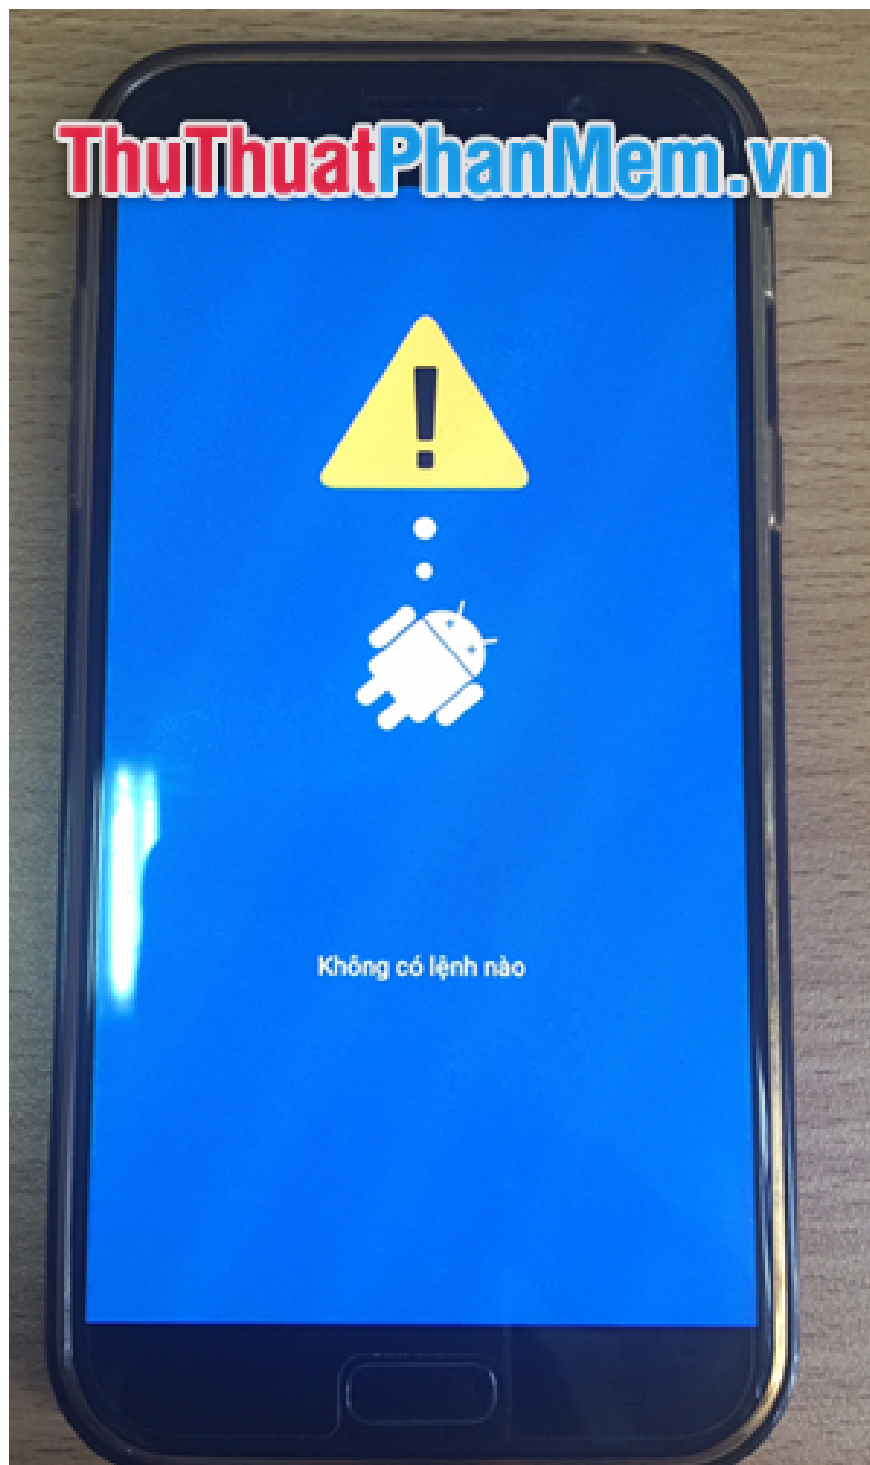

**Step 1** : To perform a hard reset of Sam Sung phones, **first turn off your phone** . However, make sure that the phone still has enough battery to maintain operation.

You press 3 keys simultaneously: **Home + Power + Volume up** .

So that the phone will then display in the screen with the blue Android Robot logo.

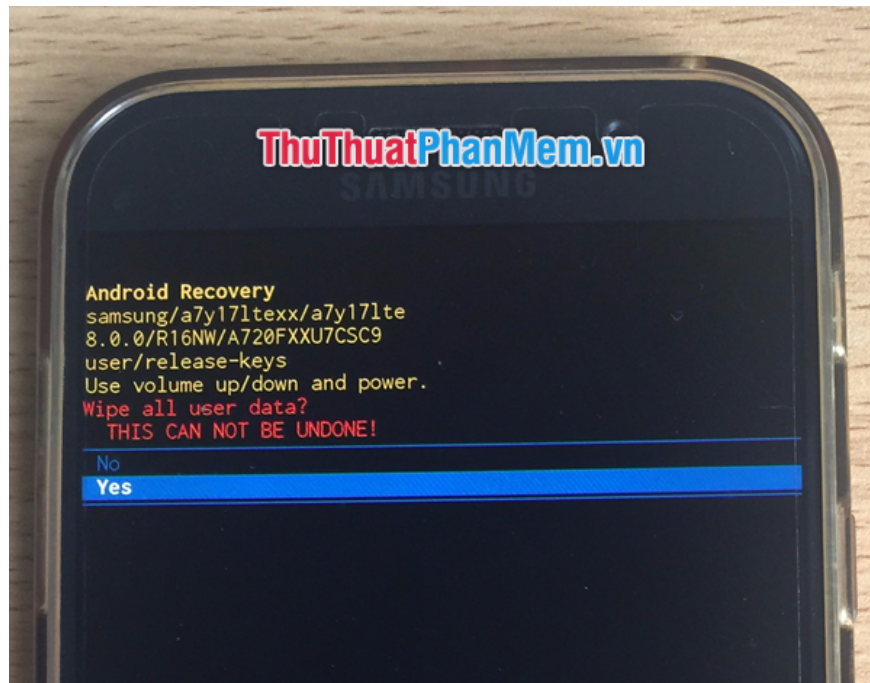

Wait a bit for the phone to launch.

**Step 2** : Then the screen will display in **Android Recovery** interface, you use the volume up and down keys to move down to **Wipe data / factory reset** -> Then press the power button to select.

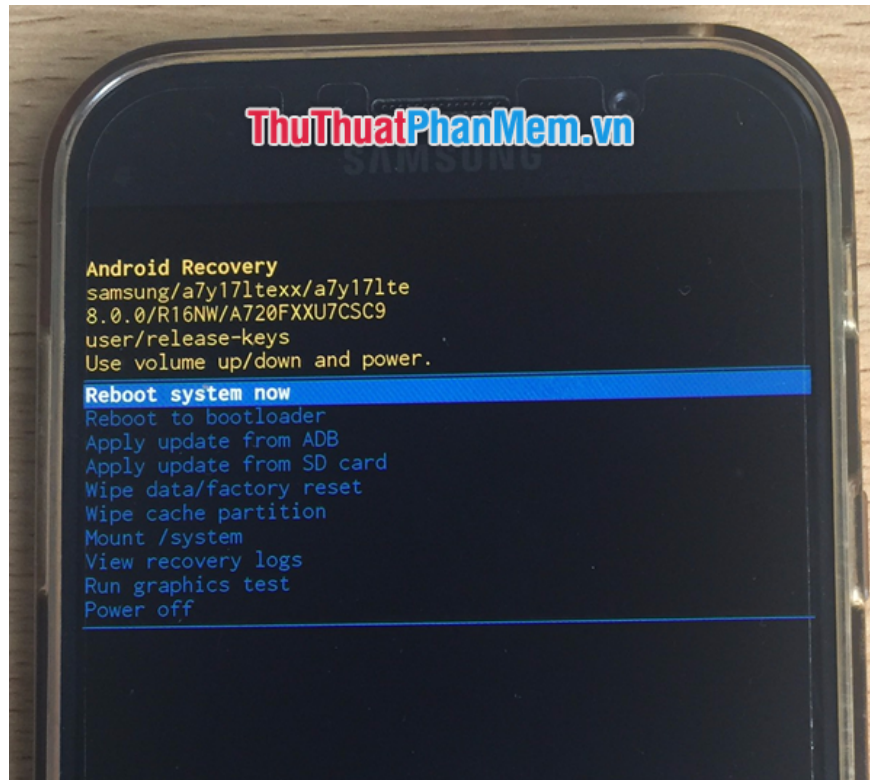

**Step 3** : Then you use the volume up and down buttons to go down the line **Yes** -> Press the power button to select.

**Step 4** : Then the device will return to the original Android Recovery interface.

Here you can select **Reboot system now** line by pressing the power button.

Your phone will reboot and you have to reset all settings like a new one.
