

# Instructions on how to type Vietnamese on Sticky Notes

Sticky Notes is a popular note-taking tool on your computer, allowing users to list what to do. However, how can I type Vietnamese on Sticky Notes?

Today note-taking, scheduling tasks is not only by writing directly on paper, but you can take notes on your computer or on the smartphone for convenience during use. We can name some of the note-writing software like OneNote, Evernote, or Sticky Notes.

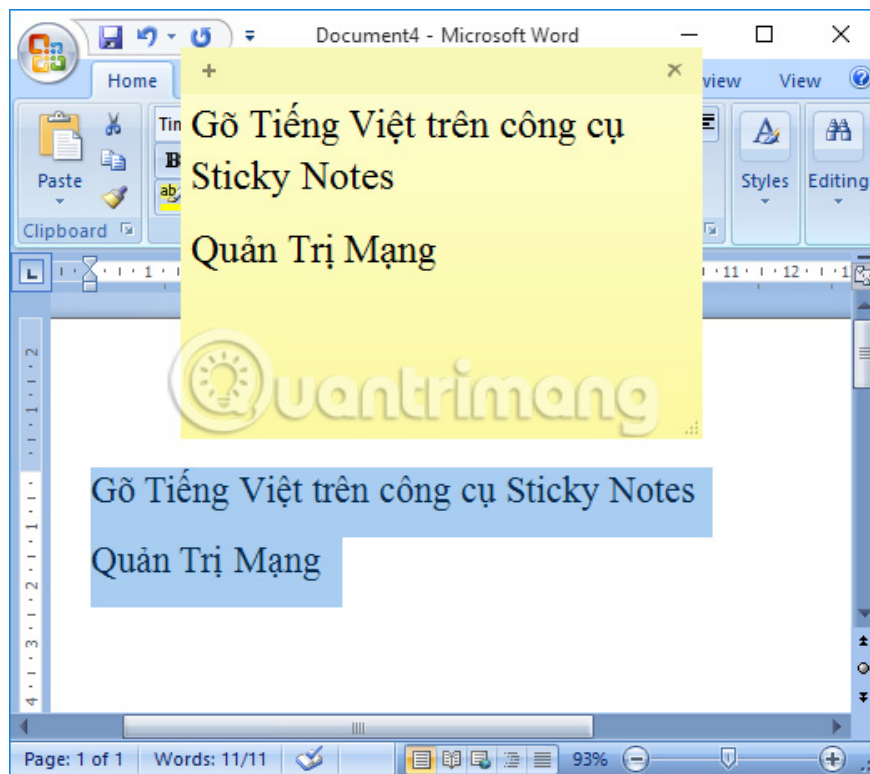

Sticky Notes is a note-writing tool for computers, allowing users to create notes right on the Desktop interface. As soon as we start the computer, Sticky Notes will appear so you can conveniently monitor the work to be done. However, when using Sticky Notes sometimes you can not type Vietnamese, greatly affecting the process of listing the job. So in this article, Network Administrator will guide you how to write Vietnamese on Sticky Notes.

## Type Vietnamese on Sticky Notes tool

1. Download Sticky Notes for Windows

### Method 1:

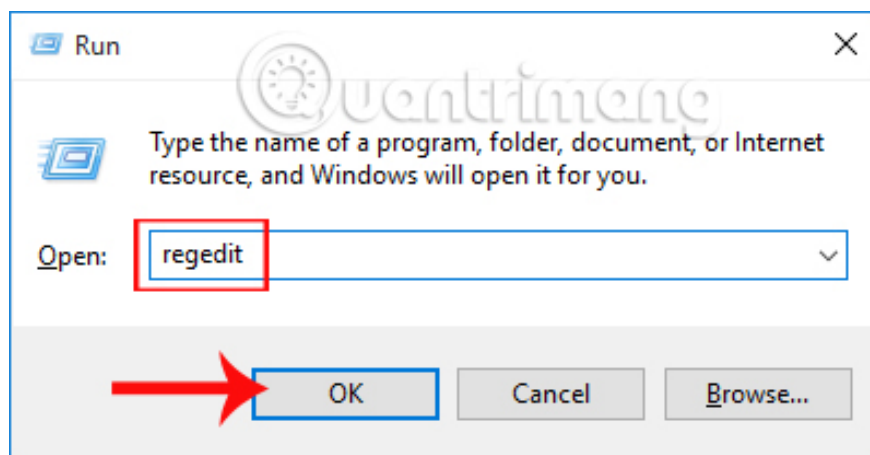

To be able to write Vietnamese on Sticky Notes, we can write a task list to Word and then paste it into Sticky Notes. When writing content in Word, users can select fonts such as Times New Roman, Arial . as well as edit typefaces on Word, then paste to Sticky Notes. And we continue to type in the work content in Sticky Notes. Text formatting will remain the same.

## Method 2:

### Step 1:

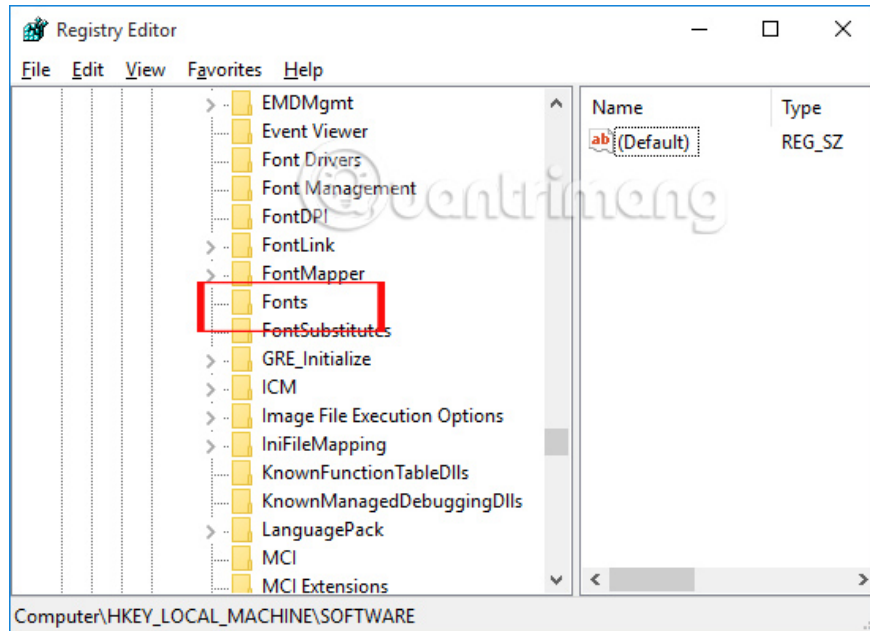

First of all, we open the **Run** window when pressing the Windows + R key combination. Then type the keyword **Regedit** and click **OK** to access.

### Step 2:

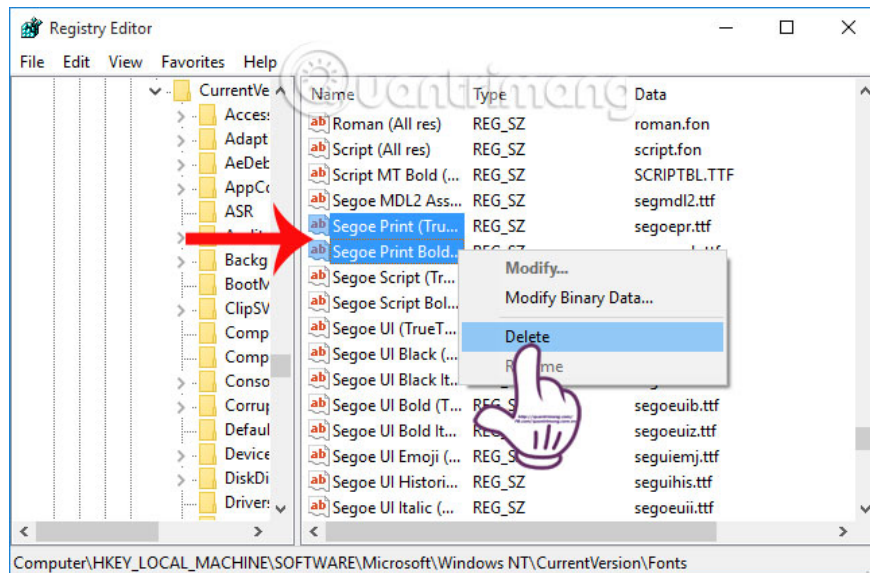

The Registry Editor dialog box appears. Here, we follow the following path:

**HKEY\_LOCAL\_MACHINE> SOFTWARE> Microsoft> WindowsNT> CurrentVersion> Fonts**

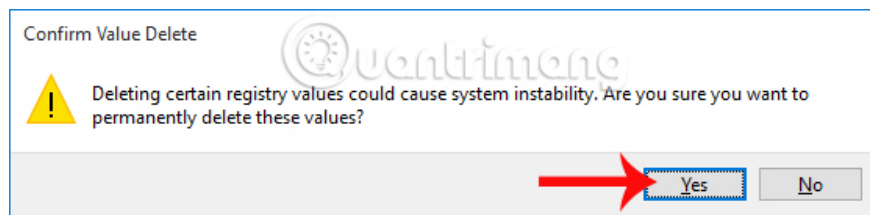

### Step 3:

Click on the **Fonts** section and look at the interface on the right, we will find the **Segoe Print** font (**TrueType**) and the **Segoe Print Bold** font (**TrueType**) . We blacken those 2 fonts and right-click and select **Delete** .

### Step 4:

Soon, a dialog box appears asking if you are sure you want to delete. Click **Yes** to delete.

### Step 5:

Finally, we restart Sticky Notes and can type Vietnamese as usual.

Above are 2 ways to type accented Vietnamese on Sticky Notes. When we edit in Registry Editor, the error will be completely fixed, users will be able to type Vietnamese on Sticky Notes note tool.
