Instructions to block invitations to play games and applications on Facebook

Using facebook for the purpose of contacting and sharing information with friends, but when you are online facebook you often receive invitations to play games that make you feel annoyed. Many of you have overcome it by unfriending, but if you are friends or relatives, using this method is not feasible.

The following article will guide you how to block gaming invitations on facebook without unfriending.

1. Block game invitations on notifications.

Step 1: Log into your facebook account, click on the notification and find the game invitation you want to block.

Step 2: Click on the X icon (Off).

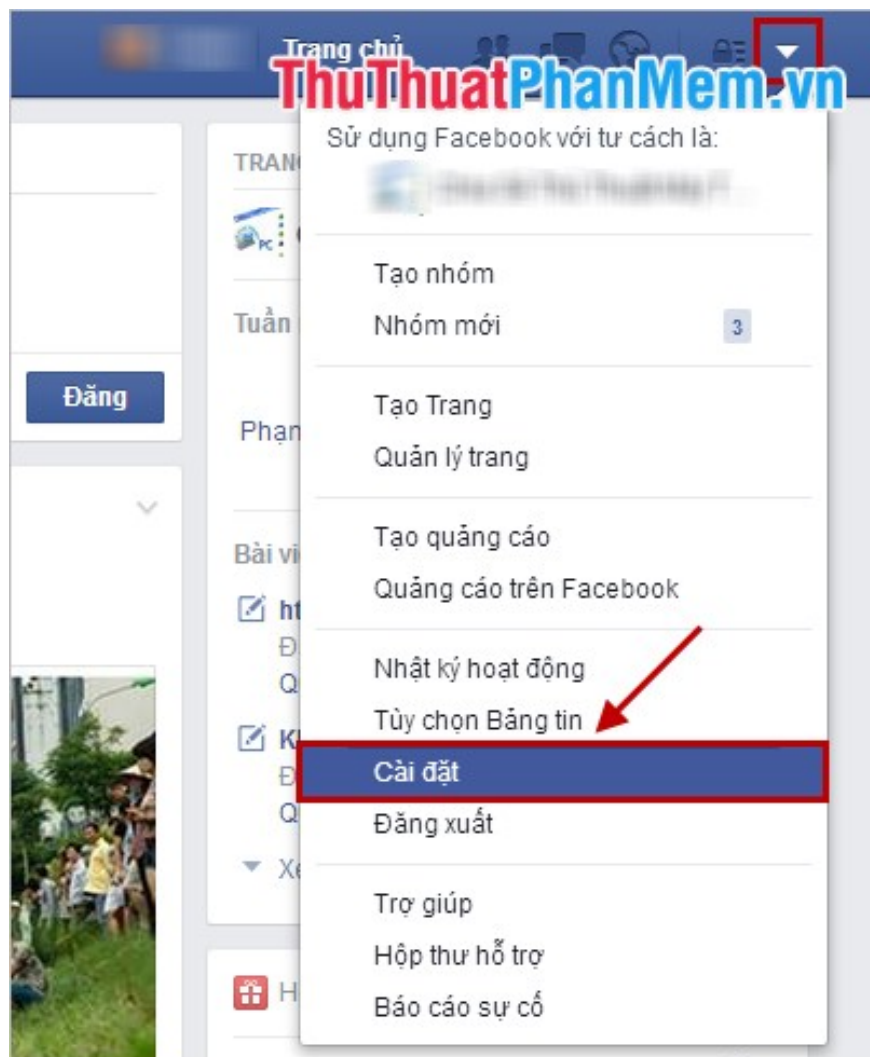

Step 3: A small message appears, select **Off** to confirm.

2. Block game apps on facebook.

Step 1: On the facebook homepage interface, select the triangle icon on the right side of the screen and select **Settings** .

Step 2: Select the **Block** in the list on the left side of the screen.

Step 3: In the **Manage blocking** section, you find to **Block applications** . Then you enter the name of the game application you want to block.

You just need to select the game application shown below that the game is immediately blocked.

To unblock you can click **Unblock** next to the blocked game application.

So with simple actions, you can block any game application you want to avoid being invited to play that game by your friends. You will find it better to see notifications without announcing invitations to play any game. Good luck!
