

# Instructions to build the Kog Maw formation Arena of Truth 9.24B

This is how to build the Kog'Maw lineup of Truth Arena 9.24B, still a common combination, but the way to build will be a bit different.

Kog Maw is an important champion in the Hyperroll DTCL Beast Beast squad and has been considered one of the strongest roster of Truth Arena for a long time.

And although hyper roll squads have been nerfed now, the Beast is still alive so there will still be many players. At the same time, the level of competition is not as fierce as before because there are many squads buffed in this DTCL version 9.24b, so gamers also have more choices than just focusing on hyper roll out the beasts. Below is the Kog'Maw DTCL 9.24B line-up and how to map items to the champions in the squad.

## How to build the strongest Kog Maw DTCL 9.24B season 2 squad

With the Kog'Maw Arena of Truth lineup we have the following buffs:

1. 3 Beasts: Kog'Maw, Skarner, Rek'Sai
2. 3 Poison: Kog'Maw, Singed, Twitch.
3. 2 Gunners: Ashe, Twitch
4. 2 Ngoc: Ashe, Skarner
5. 2 Steel: Nocturne, Rek'Sai
6. 1 Alchemy: Singed

Element map: Earth, Wind

By this time, if Kog'Maw has gained 3 stars and has something in his body, you can completely save the money back to put in some other generals like **Ashe** and **Nocturne** to get the buffs of Jade and Steel. Support Rek'Sai and Skarner in the tank better, if you do not see Rek'Sai, take Warwick and add Olaf to the field, or Ezreal to get 2 Archers.

## The end of the match

Towards the end of the game, you will be a bit exhausted if you cannot find the remaining champions. The first priority is to find Twitch and Singed. If you haven't seen Singed, you can take Mundo temporarily, now your squad is sufficient at level 7. The level 8 now is not necessary, but if you can pick Lux Ngoc or Lux Steel, try to level 8 and Let her in the yard.

Required equipment:

1. Kog'Maw: Violent Bow, Red Charm, Giant Elimination.
2. Ashe: Raging Rage / Rage, Pompon Lien Thanh, Kill Giant.
3. Skarner: Armor of Thorns
4. Singed: Devil's Letter Morello
5. Steel Lux / Lux Steel: Angel's Staff, Witch's Hat

With the Beast Beast squad, you can combine with many different directions. However, you need to prioritize good damage squads to combine with the beast beast buff. Also have to dress up the tankers in the squad to better withstand offline.
