

# Instructions to cancel your friend Zalo on your phone, computer

Manipulate any Zalo account in your friends list very simply. We can perform deletion in the friends list, or access the Personal Page view of that account.

Just like Facebook social network, Zalo brings a wide range of socializing with many people. We can easily make friends with anyone, people with similar interests, etc. However, there will be cases where you get many annoying messages from people in the list such as advertising messages, . Or even make friends but don't have much interaction between the two parties. If so, you should 'clean up' your friends list on Zalo, cancel friends with people who don't talk often, or if they bother you.

The cancellation feature has been provided on both **PC Zalo** version for PC and Zalo application on Android and iOS. The following article will guide you how to delete friends in the list on Zalo in both versions for computers and phones.

## 1. How to delete friends on Zalo app:

### Step 1:

In the personal Zalo account interface, we click on **the Contacts section** . After that, we will see a list of friends who have made friends on Zalo.

## Step 2:

Select the account Zalo wants to unfriend you and then **swipe the interface from the right of the screen to the left** . You will see three options icons appear for that account, click **the trash can icon** to unfriend. After that, Zalo will ask if the user is sure he wants to delete this Zalo account from the list, click **Yes** to agree.

There is also another way to unfriend on Zalo, if we don't delete from the friend list. First you access the **personal page of your Zalo account you want to delete** , then click on **the 3 dashes icon** . Next, users will see options with this friend account.

Here, click **Delete you** to proceed to delete that account from the friend list on Zalo. Continue clicking **Yes** in the Confirm dialog box.

## 2. Unfriend your Zalo on your computer:

How to cancel all of you, delete friends on the computer version Zalo also perform as simple as on the phone version.

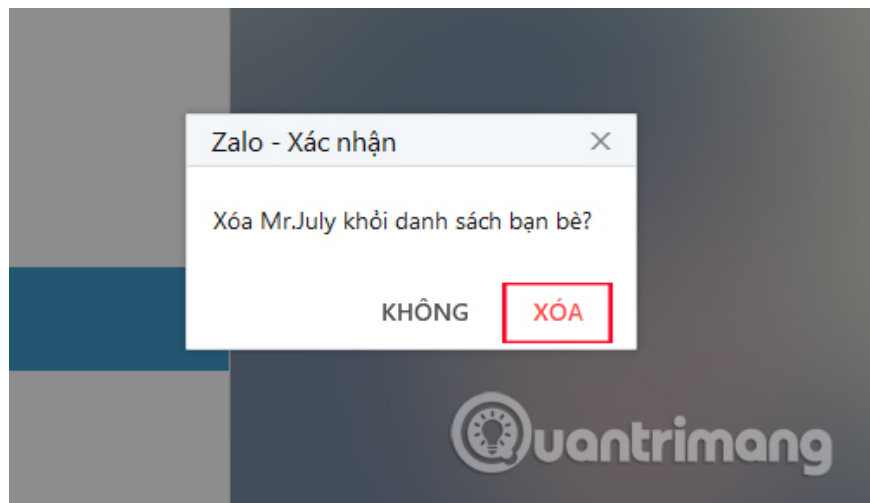

## Step 1:

At the Zalo account interface on the computer, in the friends list, right-click on the account Zalo wants to delete. Then select **Delete you** .

## Step 2:

Soon, Zalo also needs a user to confirm whether he wants to delete this Zalo account from the friends list, click **Yes** to confirm the deletion.

So we have completed the operation of deleting the Zalo account from the list of friends on the phone, and Zalo on the computer. We can choose to completely remove from the friends list on Zalo, or use the Account Blocking feature to still be able to track them, but not be bothered by messages.

I wish you all success!
