

# Instructions to convert Animoji to animated GIF on iPhone and iPad

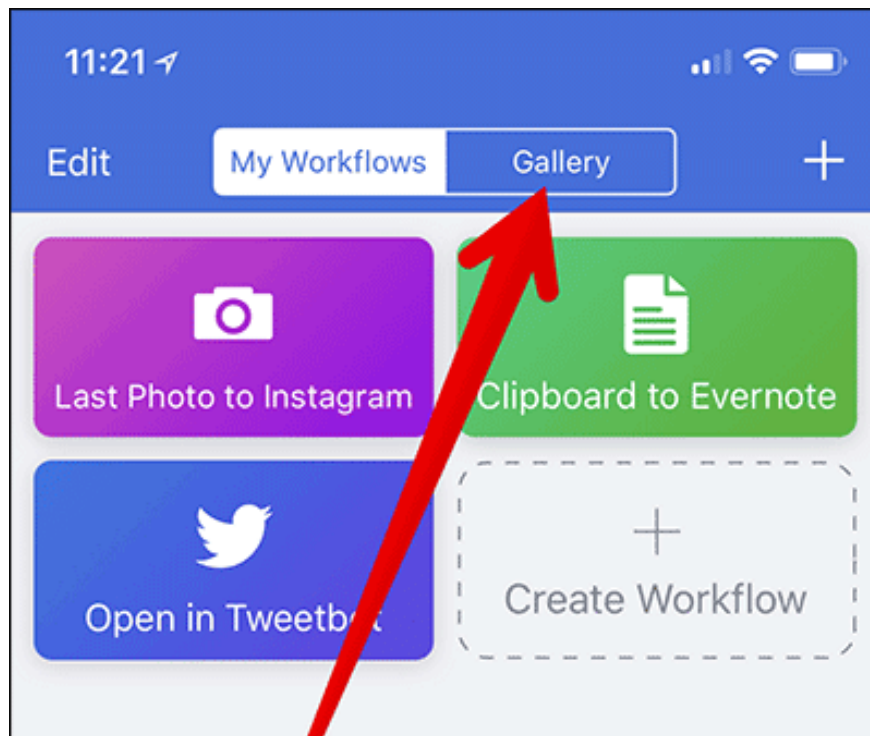

You want to transfer Animoji emoticons to GIFs on iPhone and iPad? Apple allows you to do that with the Workflow application.

You want to transfer Animoji emoticons to GIFs on iPhone and iPad? Apple allows you to do that with the Workflow application. Follow these steps to convert funny icons into gif images and share it with friends.

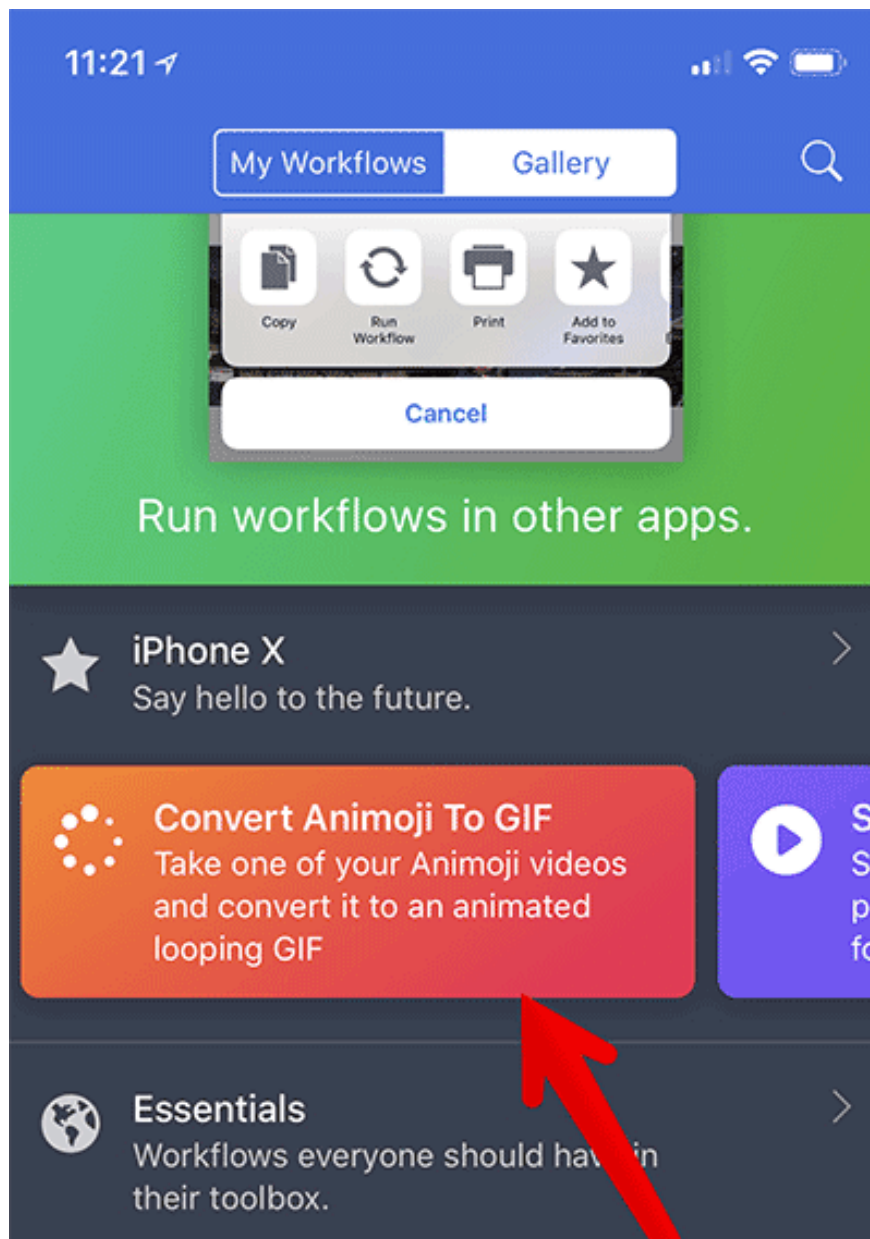

Before you start, you need to create (or have available) an Animoji icon on your device.

**Step 1.** Download the **Workflow** app to your iOS device. Free application and requires iOS 9.0 and above.

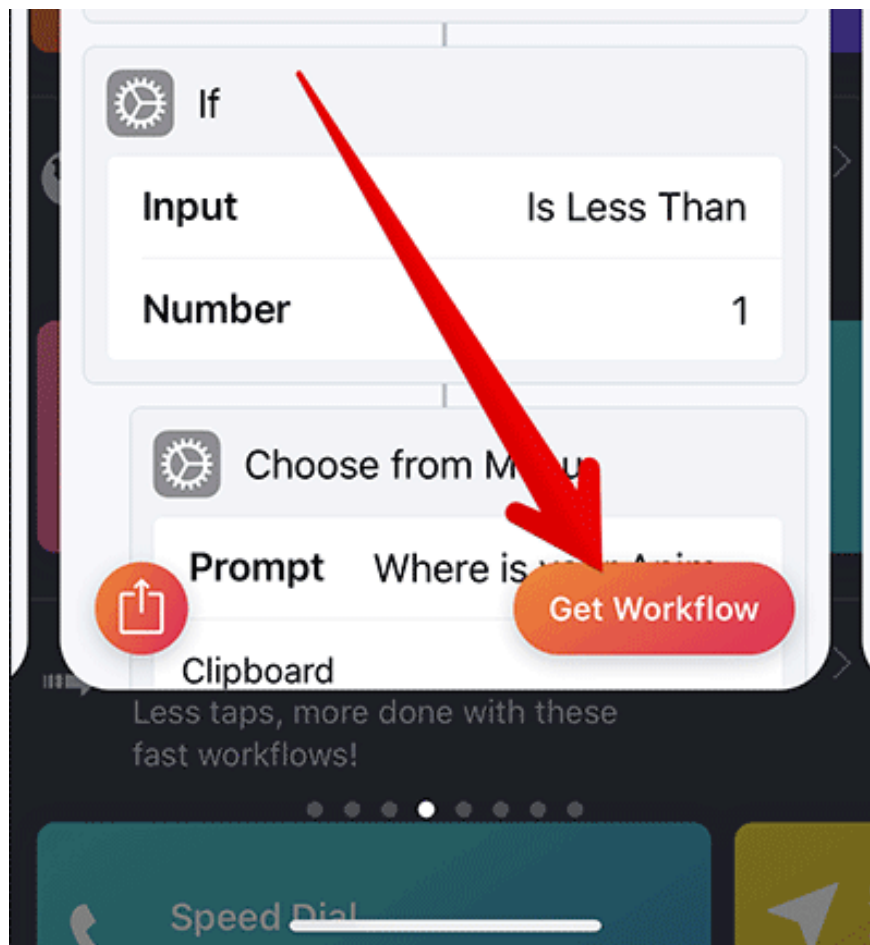

**Step 2.** Open the application and touch the **Gallery** tab .

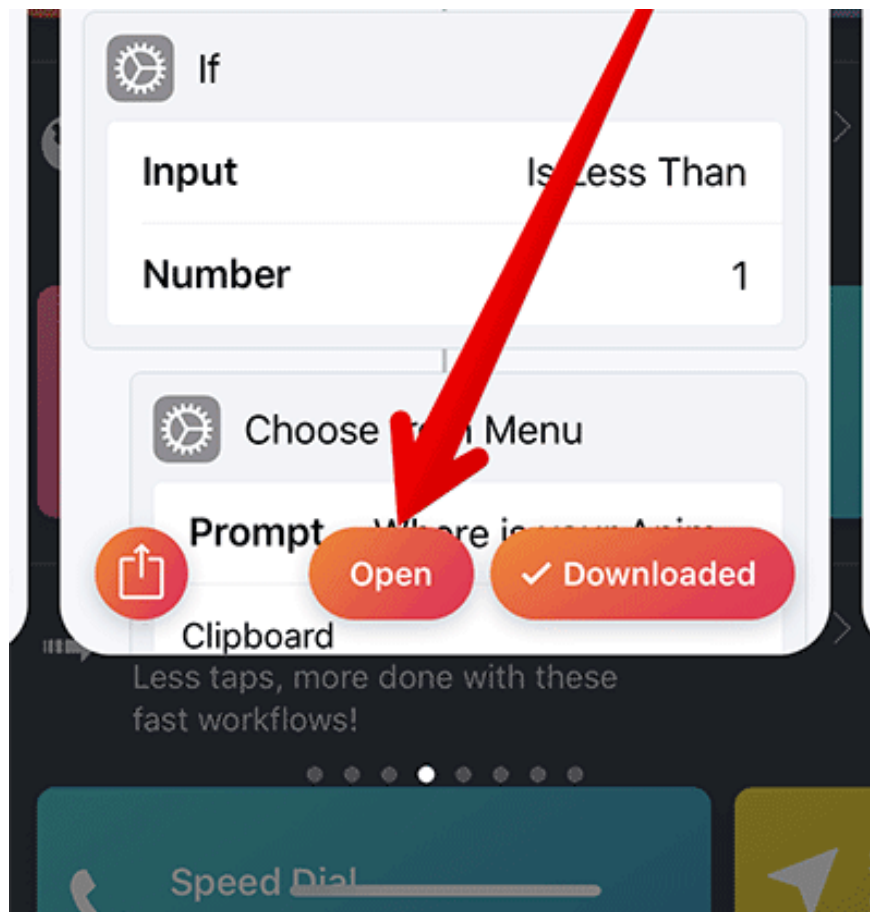

**Step 3.** In the iPhone X section, swipe right and select **Convert Animoji to GIF** to convert the emoticon into a GIF image.

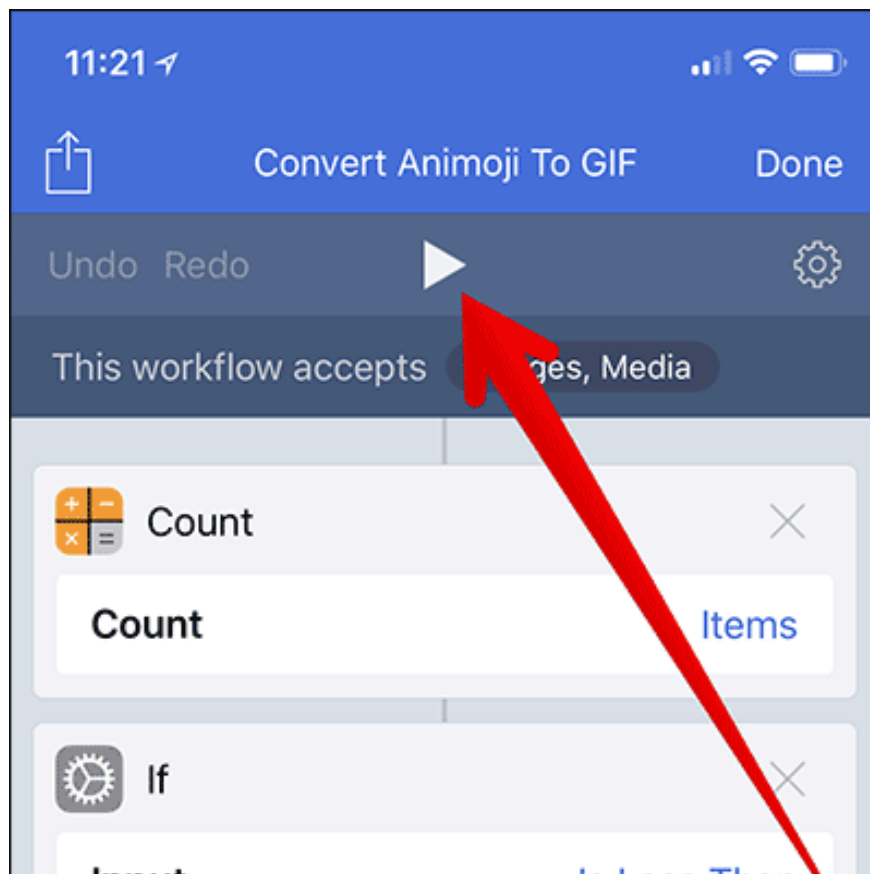

**Step 4.** Click the **Get Workflow** button.

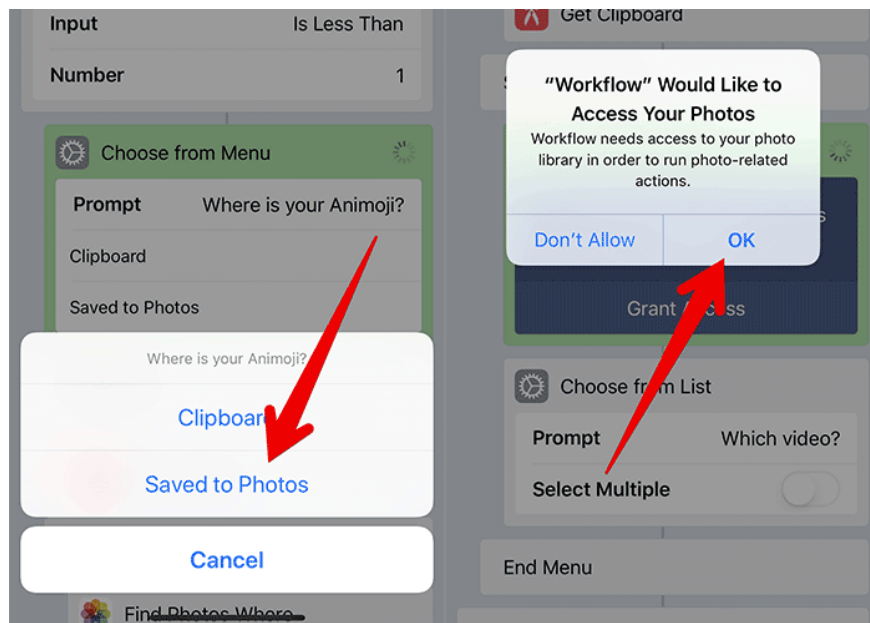

**Step 5.** Now, click **Open** .

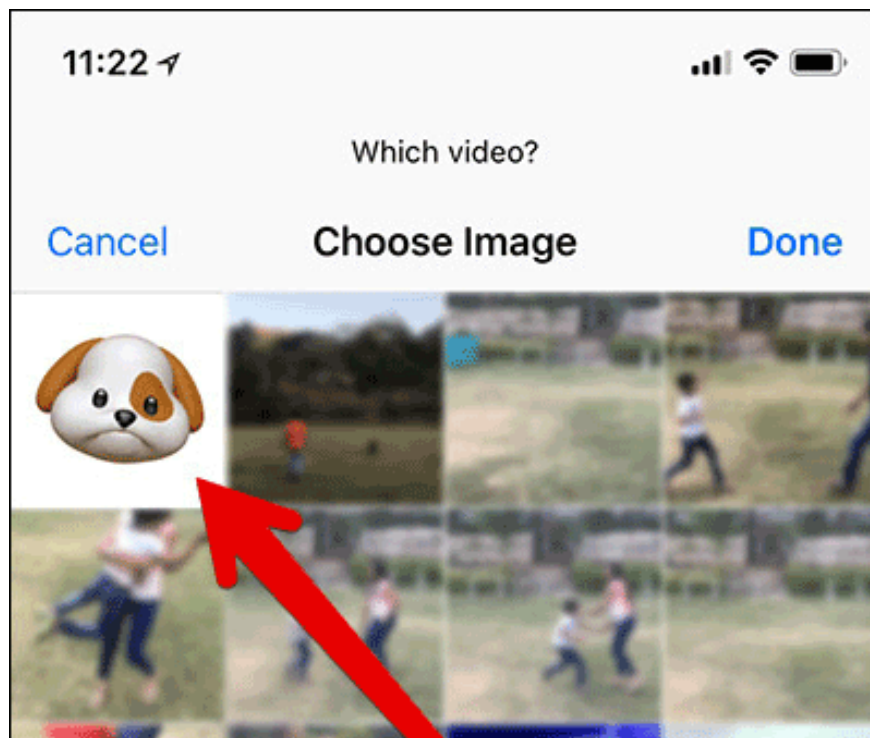

**Step 6.** Next, press the play button at the top.

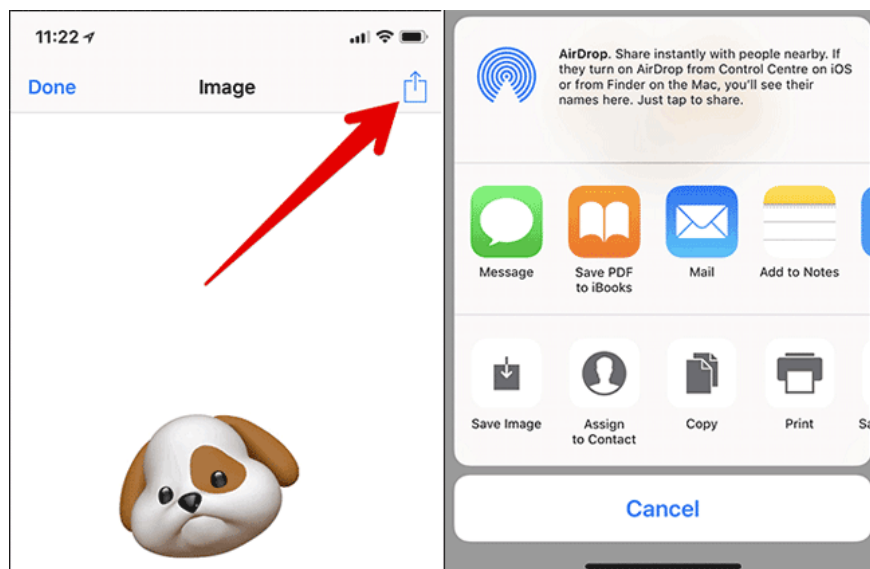

**Step 7.** Touch **Saved to Photos** in the window that appears.

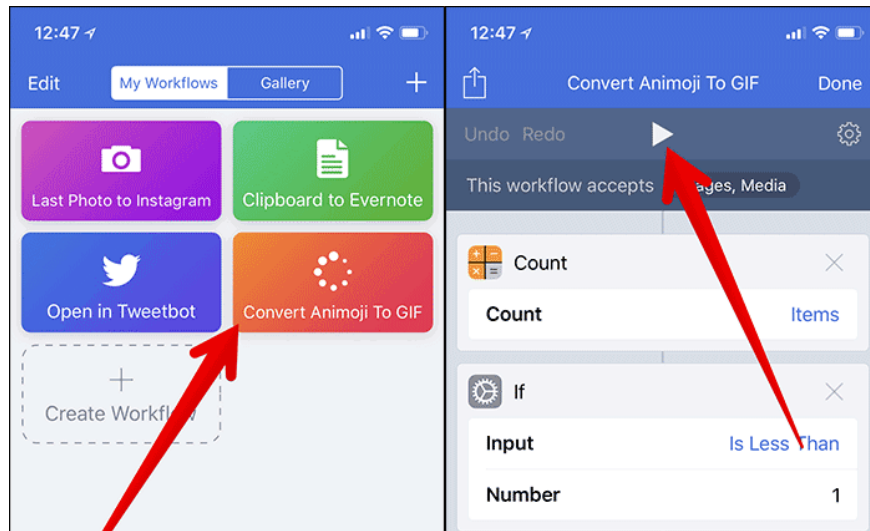

**Step 8.** Then, select Animoji you want to convert to GIF.

**Step 9.** Workflow will convert Animoji emoticon into GIF. Now, click **Share** in the top left corner. You can choose to share your GIFs with your friends via Facebook, Messages, emails, etc., or save it in the Photo library.

If you want to turn Animoji into GIF again, this process will be shorter. Open the **Workflow** app> select **My Workflows** tab> touch **Convert Animoji To GIF** > touch **Play** button.

Then follow from step 7.

You can use this simple tip to convert any favorite Animoji icon to GIF on iPhone. You can then use this GIF to comment on social networks or chat with friends.
