

# Instructions to create a heart collage online

Heart collage is a way for us to express our feelings to each other. And you can also use this heart collage for special occasions.

Heart collage is a way for us to express our feelings to each other. And you can also use this heart collage for special occasions like your wedding day or Valentine's Day to give to your partner. We can freely create heart collages with the templates available on the website, if we don't know how to design or use photo editing software on the computer. Here is a detailed guide to creating a heart collage online.

## How to make a heart collage online

### Step 1:

First of all, users access the link below to go to the website to create an online heart collage.

<https://ephoto360.com/tao-anh-ghiep-trai-tim-truc-tuyen-993.html>

### Step 2:

At this website interface, users can **choose the heart collage template** they like. Click View to expand the sample image for easier selection.

### Step 3:

Next, go down to the image upload interface to proceed with the photo collage. We upload each image by **clicking the Choose image button** to upload.

#### Step 4:

The image after uploading is transferred to **the editing interface** . We will crop the image according to the specified frame and you can change the image area by adjusting the blue frame.

After editing, **click the Crop image button** below to crop the image.

**Step 5:**

They download continue to load the remaining images and edit according to the required image frame. Finally **click on the Create photo button** to proceed to create a heart collage.
