Click Trust HeNan Mobile Games Software and select Trusted in the notice panel below. Then go out and turn on Minecraft.

Initially when entering the game you will receive a request to enter email to delete ads in apps, with a monthly fee of \$ 5. If you don't want to, please click **I'm not a patron** .

When entering the game you choose to change characters with clothes hook symbols at the foot of the character. Then click **Play** to create a game to play.

The game interface is not much different from the Minecraft version on the Store.

Click on the three dots icon in the toolbar, you will see your inventory. Now build your own buildings in this mode.

With the free Minecraft version on this phone, you can play Minecraft for free on iPhone and iPad phones. Please invite your friends to download and wish you happy moments on the free Minecraft version on iPhone.
