

# Instructions to install Android game with APK file on computer with Droid4X

Droid4X is the most popular Android emulator today, lightweight, free, easy to use, supports many gaming features. Especially, can install Android game with APK file on Droid4X.

**Droid4X is the most popular Android emulator today, lightweight, free, easy to use, supports many gaming features. Especially, can install Android game with APK file on Droid4X.**

Droid4X is not perfect, it still has a drawback that is not always full of Android games on Google Play Store. However, you can fix this drawback by downloading the APK file and installing it into Droid4X easily.

The following steps will be taken by TipsMake.com:

## Prepare to install the APK on Droid4X

1. The computer has Droid4X installed, the latest version as of now is 0.10.5 Beta.**Download Droid4X**
2. One or more APK files to install

If you do not know how to download the APK file you can refer to: [Instructions to download the APK file to your computer](#)

OK, start!

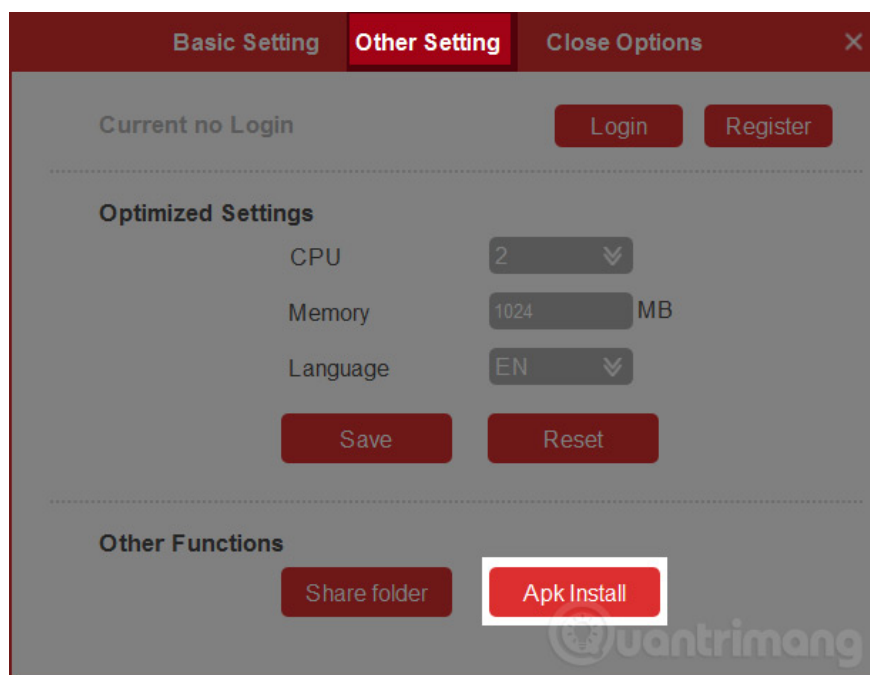

## Steps to install Android game on Droid4X

**Step 1:** Open Droid4X, click the alias icon in the upper right corner

1. Fixed a bug that did not start the Droid4x emulator

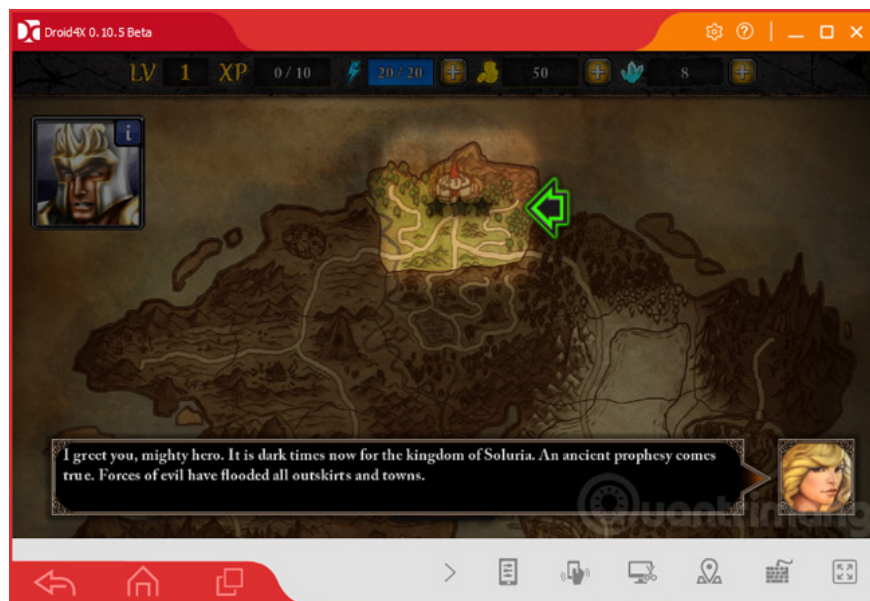

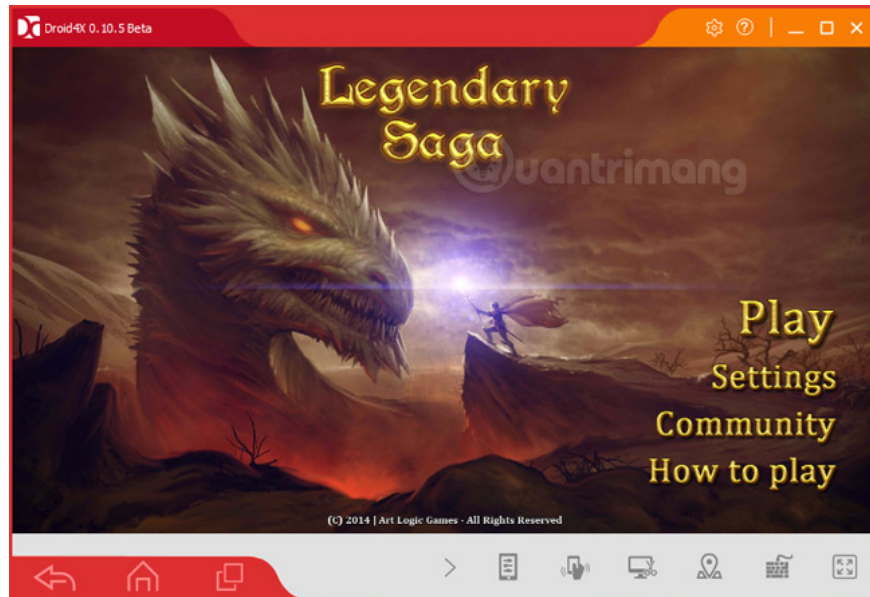

**Step 2:** Select **Other Settings**> **Other Functions**> **APK Install**

**Step 3:** Browse to the directory containing the APK file to be installed. In this article we test with Legendary Saga.

### *Interface Legendary Saga game after installing on Droid4X*

**Note:** You can only install free games this way on Droid4X. With wasted games or trial, even if installed, when you open it, you will receive a notice that you have not purchased the game content and cannot play it.

Wish you have a fun game with this tutorial!
