Instructions for using Tik Tok video as an Android phone wallpaper

Note:

This tutorial is made on Android phones, as far as we know, currently using Tik Tok video as a new phone wallpaper is only applicable for Android devices, and iOS is not yet supported. We will update how to install Tik Tok video as iOS wallpaper as soon as possible for you to use this operating system.

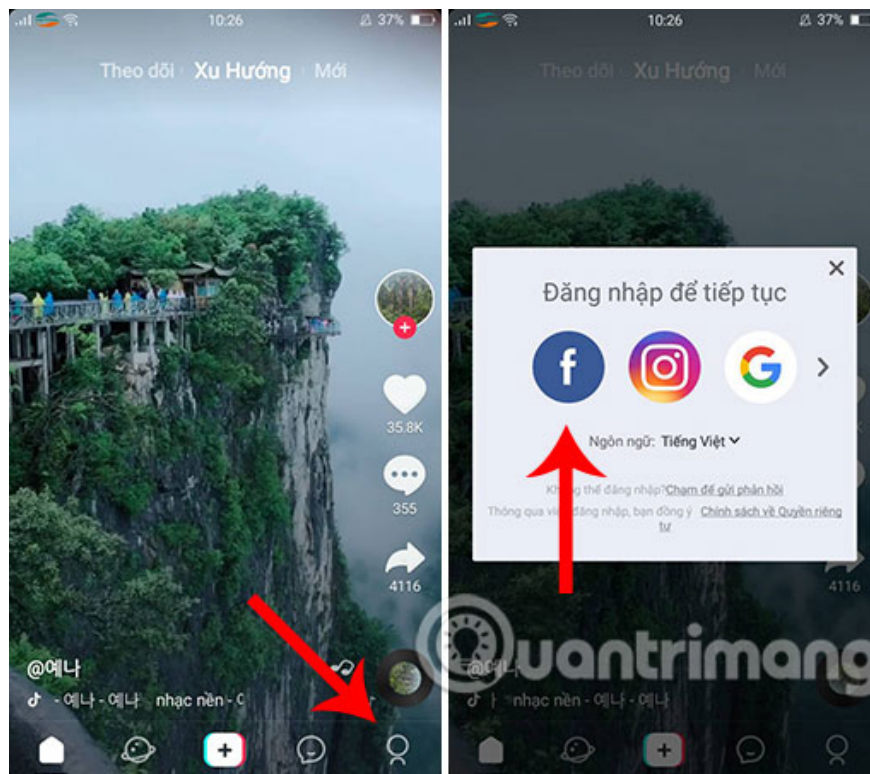

Step 1:

To install Tik tok videos as Android wallpapers, you must first update Tik Tok latest version via the link below.

1. Download Tik Tok for Android

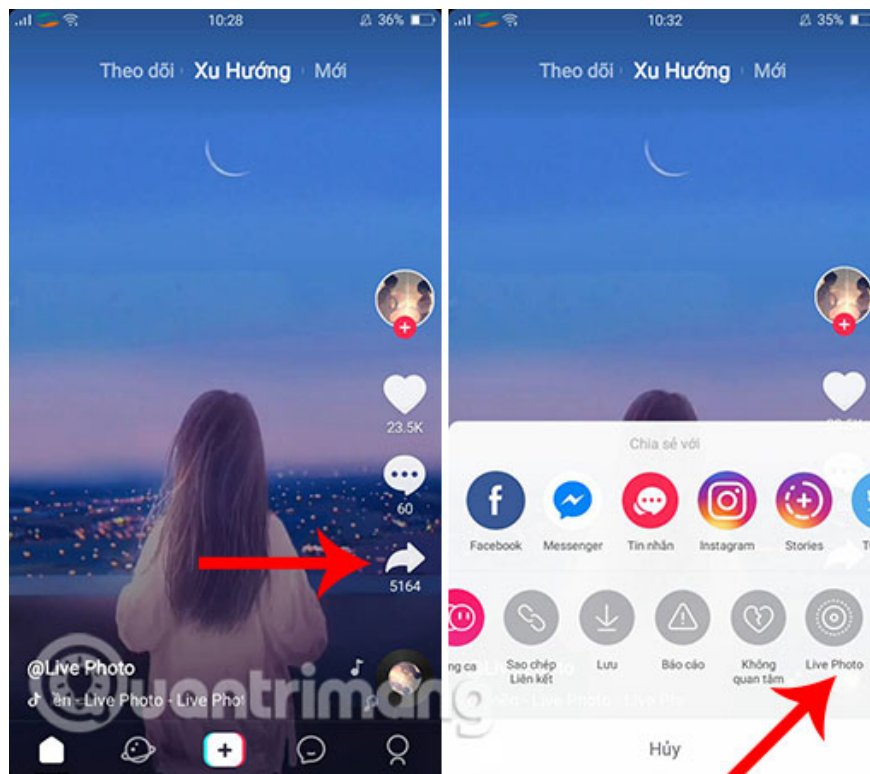

Step 2:

After successfully downloading and updating, open Tik Tok and proceed to log in to this application by clicking **the Account icon** in the lower right corner of the screen. The login methods for Tik Tok for you to choose include using Facebook, Gmail, Instagram, . You just need to select the login icon you want to use. In this tutorial, we choose to log in to Tik Tok with Facebook.

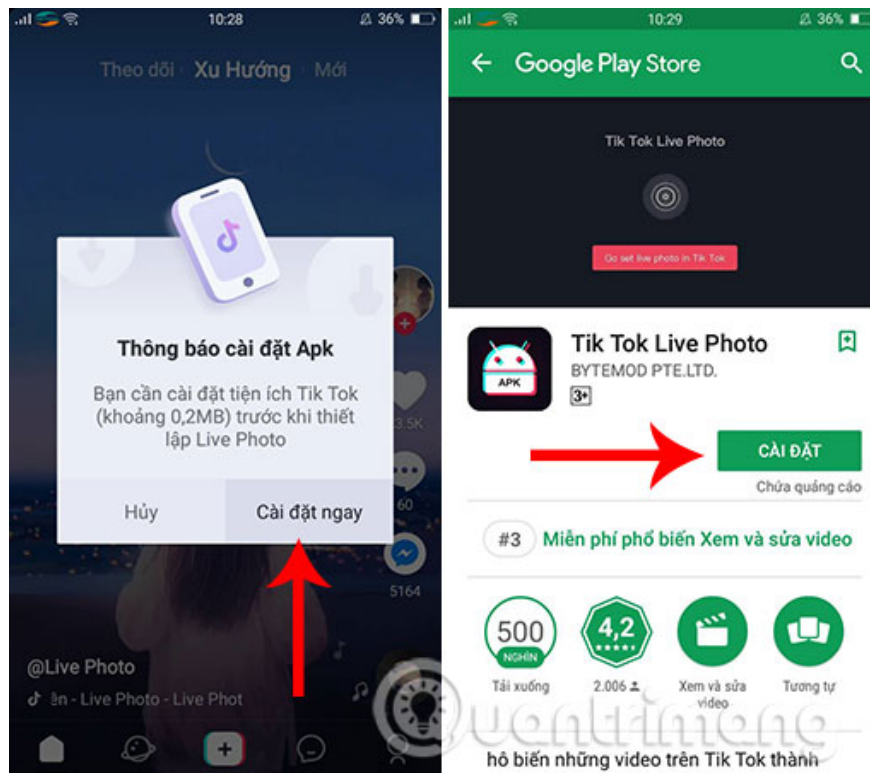

Step 3:

Sign in Tik Tok successfully, you click on **the Share icon** like the image below. Immediately, the system will display all the functions that you can share that Tik Tok video, search and select the **Live Photo** item.

Step 4:

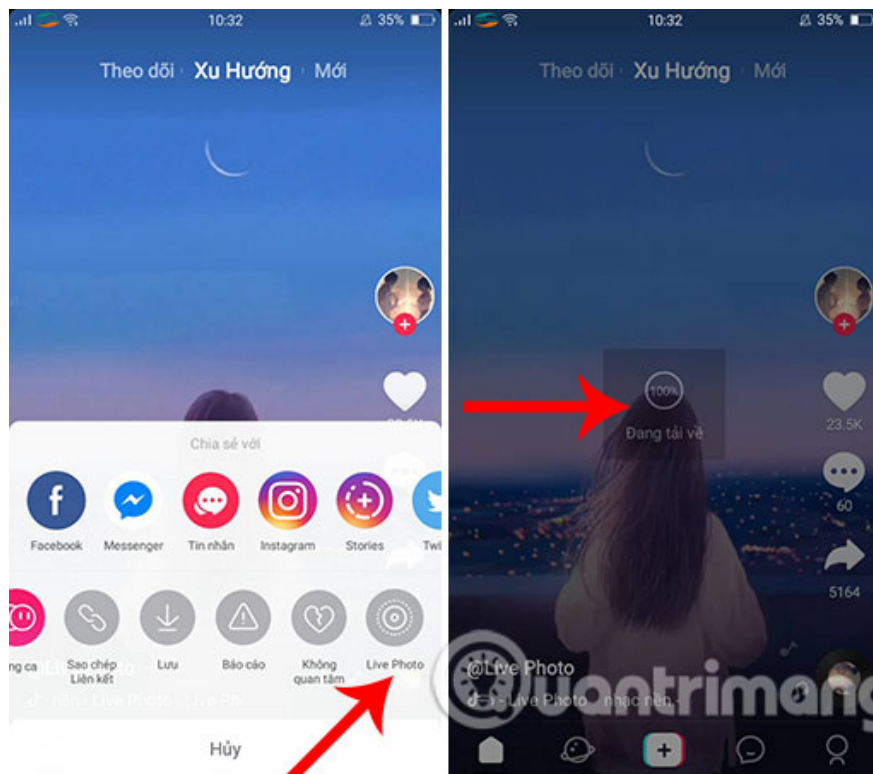

A message will appear on the screen asking you to download and install the **Tik Tok Live Photo application** . This is the version that helps you to make videos created by Tik Tok into the desktop for your phone, choose **Install now** and confirm **Settings** .

Or you can download Tik Tok Live Photo for Android application here: [Tik Tok Live Photo for Android](#) .

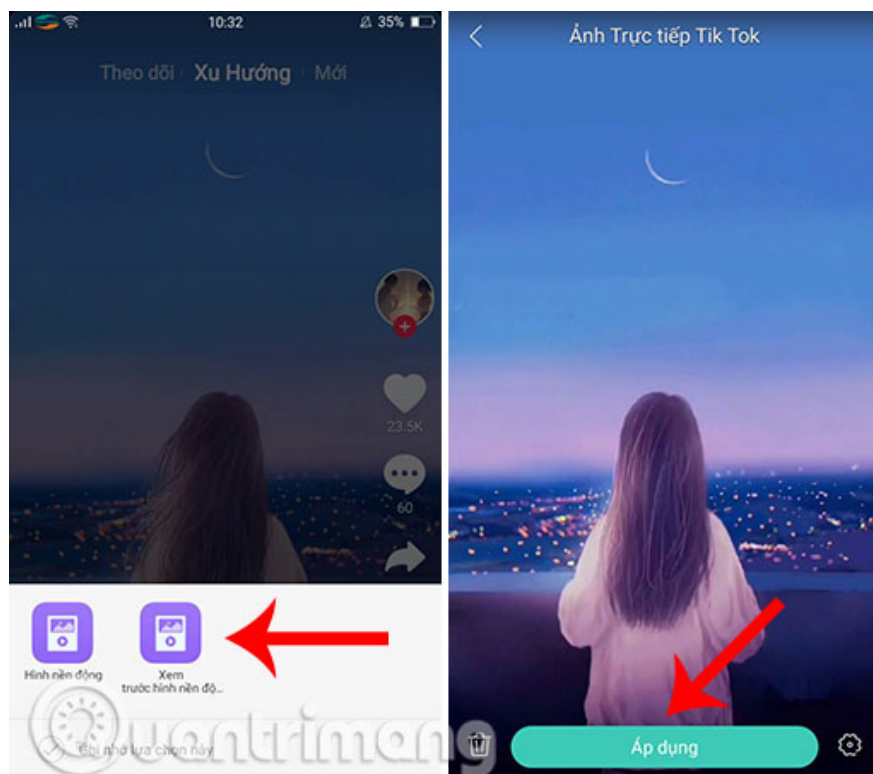

Step 5:

Complete the above step, go back to the Tik Tok application interface and continue to click the **Share icon and Live Photo** . Notification of downloading Tik Tok videos as phone wallpapers will be displayed on the screen, because Tik Tok videos can only be up to 15 seconds, so this download process takes place very quickly.

Step 6:

When you finish downloading Tik Tok video to your phone, you can set that Tik Tok video as the wallpaper or if you want to preview it, select the Live Wallpaper preview. Finally, if you agree with the wallpaper, choose **Apply**.

Now, you already have beautiful video backgrounds. Please return to the device main screen to experience the exciting video that I just downloaded and used immediately.

So, the steps for using Tik Tok video as an Android phone wallpaper are very simple and easy, right? Instead of looking at an immobile wallpaper, try the feeling of watching videos of Tik Tok through, Tik Tok back in time, Tik to sing along to the music, . running on the screen and countless other hot videos on Tik Tok you guys too!

Hope you are succesful.
