

Instructions to play Live stream on Zalo chat group

Playing videos directly on the Zalo chat group is one of the features updated on the latest Zalo version, along with video calling features to call friends.

The Live stream trend is now no stranger to any, when the social networking king Facebook leads this exciting trend. Since then, it has opened the way to stream live video to many other applications, even playing live games is simpler than before.

And an extremely interesting information for those who like Live stream and a fan of Zalo application, that is we can play videos directly in the chat group on Zalo. This newly updated feature definitely brings an enjoyable experience for many Zalo users, as Live stream is now extremely familiar. So how can I broadcast Live stream on Zalo? Let's network administrator learn how to play video directly on Zalo offline.

1. Instructions for making video calls on Zalo

How to play video directly to the chat group Zalo

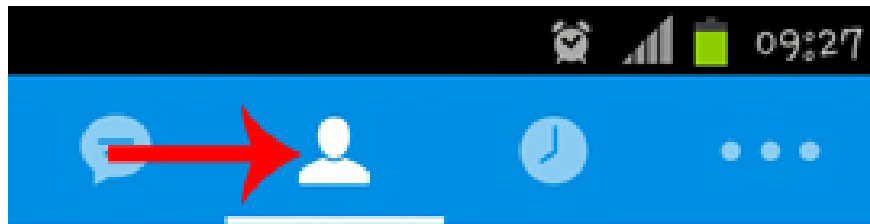

Note , in order to be able to use this feature, all team members need to upgrade Zalo to the latest version according to the link below:

1. Download the latest Android Zalo application

Step 1:

First of all, at the main interface of Zalo click on **the humanoid icon** , you will see the whole group that we created on Zalo. Visit the chat group on Zalo to play live video. At the chat group interface, we click on **the Live broadcast icon** on **the** top right of the interface as shown below.

If you do not know how to create a chat group on Zalo, you can refer to the article How to create a chat group on Zalo.

Step 3:

Switch to the interface to play live video in the chat group Zalo to friends. At this interface, you will see the word **Direct** on the same interface. Next is the **amount of time the live video is playing** and the **number of viewers in the group**.

We can **switch the camera from front to back, or vice versa when clicking on the phone icon on the far right**. When clicking on **Send message** below the interface, users can send messages with **emoticons**. Then press the **Send** button next to send to Zalo chat group.

Step 4:

For other members of the group, you will click on the **Join** button to watch live video playback and also send messages or drop hearts on the video directly to everyone in the Zalo group.
