

Instructions to receive free items in Pokestop

Pokestop in Pokemon Go is the place that gives you the most valuable and totally free gifts, from Pokeball, Pokecoins, Pokemon revival medicine, ...

Pokestop in Pokemon GO is a place that provides a lot of free and attractive items for gamers. We can get Pokeball, decent Pokecoins, Pokemon catch items or revival medicine for Pokemon, . Pokestop positions are recognized through green circle icon or square blocks, usually the places Famous points easily recognizable. And to be able to receive valuable gifts from Pokestop, every gamer needs to do is simple.

Get free items from Pokestop in Pokemon GO

Step 1:

At the main interface of the game, you go around to find Pokestop. When you see the place Pokestop please close to proceed to receive gifts. Pokestop is the location with the square block above.

Note , players must tiesb to Pokestop when **the square icon changes to a circle** as shown below. If you click on Pokestop and be informed **This Pokestop is too far away** meaning you are too far away from Pokestop. Move closer to receive gifts.

Step 2:

If the player qualifies for a gift from Pokéstop, random items will fall into your pocket. Under the picture, I received random Pokéball and Pokémon eggs. Some luckier players will receive Pokécoins or revival items.

After receiving the gift, **Pokéstop will turn purple**. If you compare with other Pokéstop locations, there will still be a square and blue icon, which means that you have not taken any action to receive gifts here.
