2. How to turn off Auto-Correct on an Android device?
3. Turn off these 2 features immediately on Messenger so that Android phones run smoother

## How to turn on, turn off the keyboard sound on Android

In order to be able to enable and disable keyboard tones on Android phones, we have the following steps:

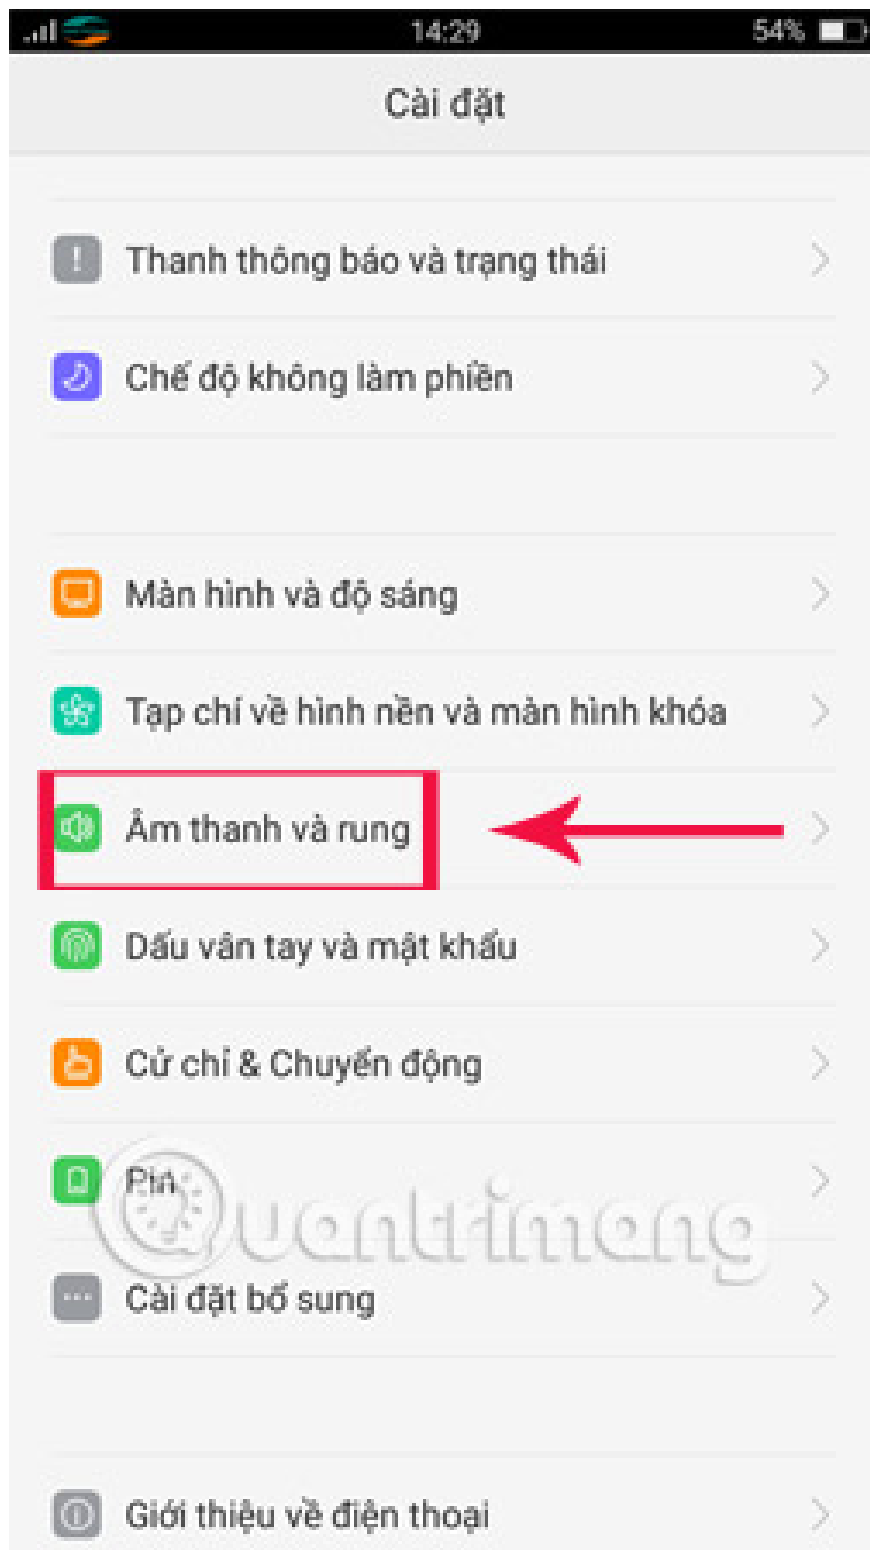

### Step 1:

You access the *Settings* section from the device main screen.

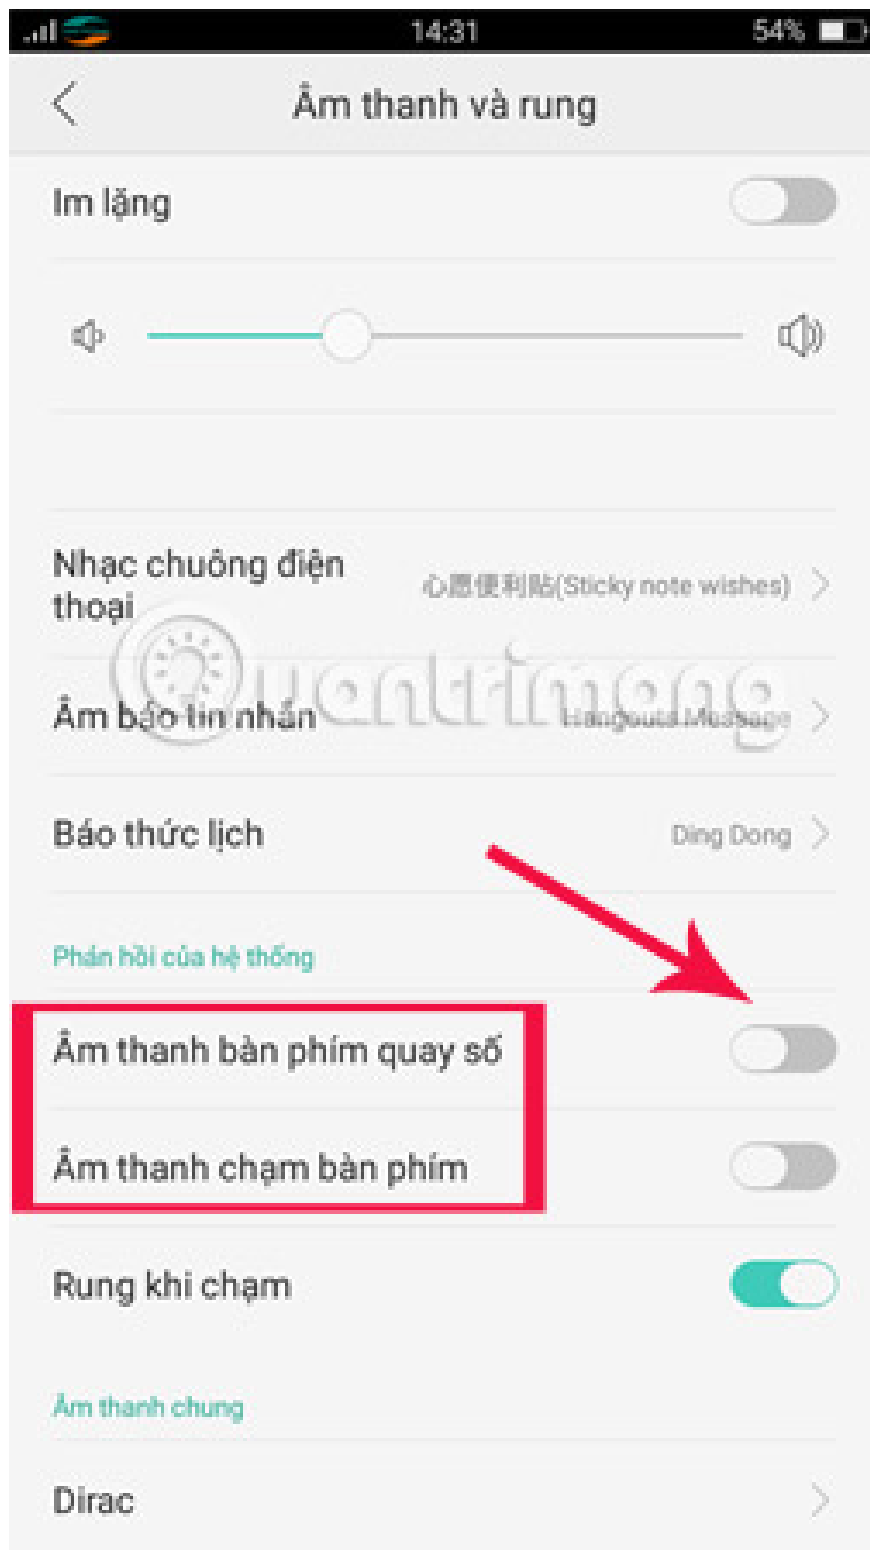

**Step 2:**

At the Settings interface, you search and select *Sound and Vibration (Sound & Vibration)*.

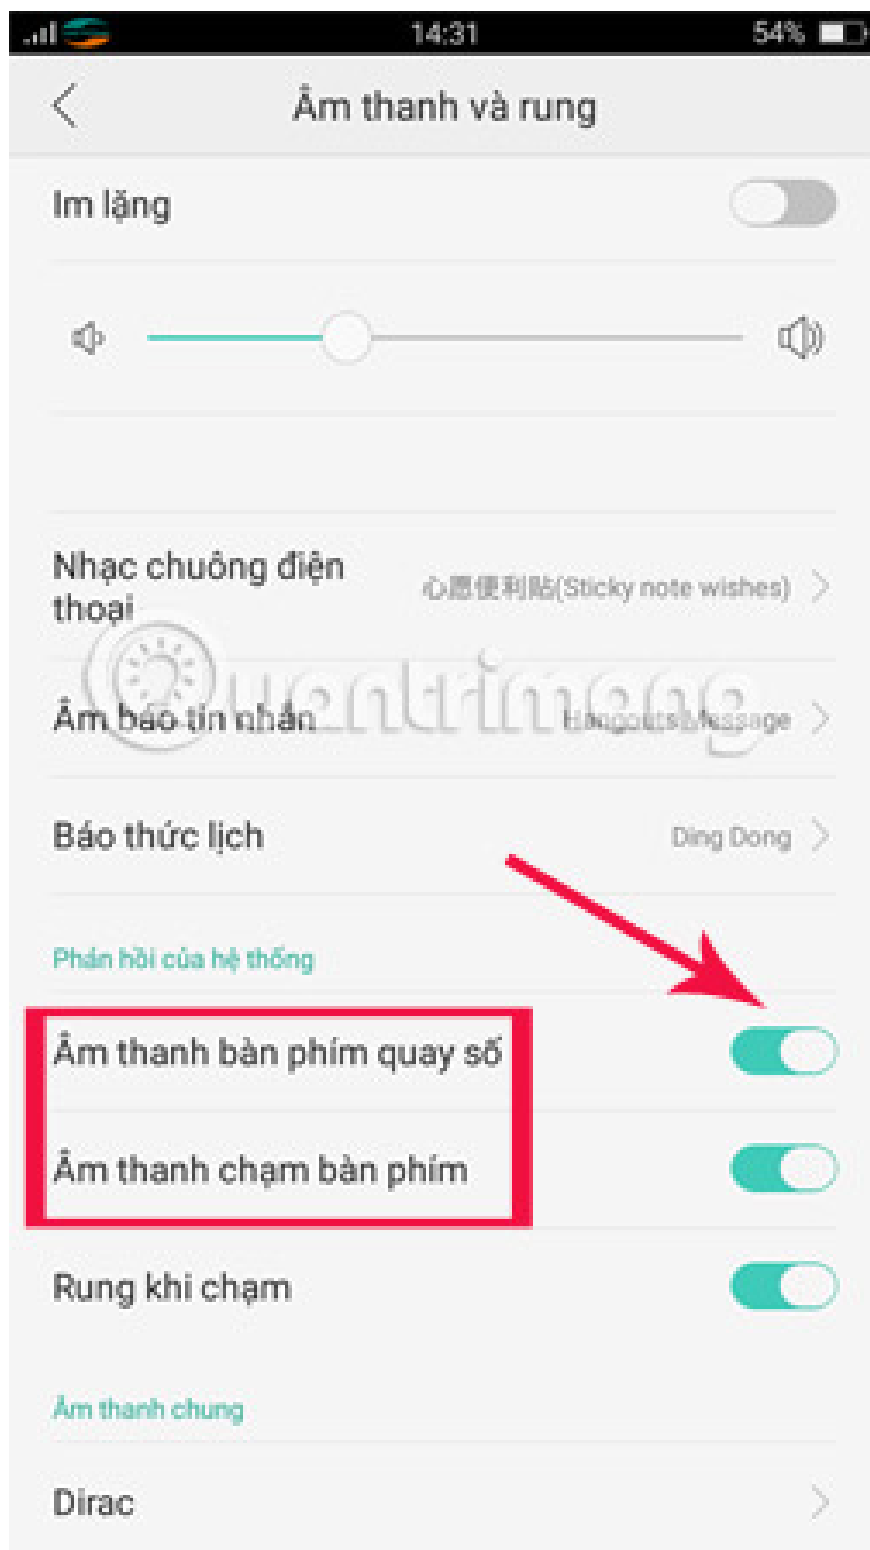

### Step 3:

In order to turn on the keyboard sound on Android, we need to turn on *Dialpad sound (Dial keyboard sound)* and *Keyboard touch sound (Keyboard Sound)*.

**Step 4:**

When you do not need to use the above feature and want to turn off the keyboard sound on Android, you just have to press off 2 items of *Dial pad* and *Audio touch the keyboard* as shown below.

Thus, we have just learned how to turn off the sound when typing on Android as well as how to turn on the keyboard sound on my phone.
