In the game Sonic Speed ?? Simulator on the Roblox platform, players can unlock characters to control and have fun. The game has a fairly large open world so that gamers do not get bored while playing.

An additional factor contributing to the success of Sonic Speed ?? Simulator is the multiplayer mode. Most people find it tempting to run with their favorite Sonic in 3D, meeting, collaborating, and doing sprints with friends.

This article will show you how to unlock existing skins in Sonic Speed ?? Simulator, helping players stand out among the familiar characters of their friends and brag to them about their achievements. While there are free skins like Riders Sonic that anyone can get with no effort, the game still has rarer skins.

## Skin system in Roblox Sonic Speed ?? Simulator

Although the gameplay is simple and there are not many characters, with the skin system, everyone's character will stand out in Sonic Speed ?? Simulator.

A skin is a special appearance for a character that the player can obtain for completing certain quests. In addition, the skins differ by rarity, price,.

## How to Unlock Tails in Sonic Speed ?? Simulator

First, to unlock any character in the game, the player must find and select that character's card on the map. The placement of the cards is the same for everyone so unlocking a new character is only a matter of time.

However, there is a problem that in order to display the card, the player should reach the maximum level and then select the Rebirth button (between the Characters and Shop menus). After that everyone's progress will be refreshed and need to pass 35 levels. Once this is done, follow these next steps:

1. Head to the Sandy Hill area, located on Emerald Hill.
2. Find the large wooden structure, jump on the pad and then you will reach the floating grass blocks.
3. Go through the blocks to get to the next jump board. Then, run across the gray spiral bridge over a ramp. And the character will be next to the card, the player collects it and starts controlling the new character.

## How to Unlock Riders Sonic

Riders Sonic is the newest skin in the game. The best thing about this theme is that it is completely free and easy to get. All the player needs to do is enter the Sonic Speed ??Simulator code.

To do this, go to the store, select the Redeem Codes tab and enter the code RIDERS. Use the code quickly before it expires and no longer have the opportunity to own Riders Sonic.

# How to Unlock Knuckles in Sonic Speed ?? Simulator

To get Knuckles, the gamer must unlock the Emerald Hill level and find the card on the map and do the next steps:

1. Complete The Lost Walley Obbey. The obby located in the world appeared on a hill. This is one of the easiest stages, so the only thing is to have reached level 25.
2. At this point, everyone should be past level 50. To reach the level as quickly as possible, collect as many coins and orbs as possible. In addition, gamers can jump through XP hoops to level up faster.

1. When reaching level 50, Rebirth your character and pass level 40 again. When the character regenerates, everyone will get double XP. So leveling up will be a lot easier than the first time.
2. Next find the wooden tower with a shield on it. Jump towards it and attack with a jump to escape it. Keep jumping towards the next obstacle and follow a curvy path.
3. The card to unlock Knuckles is on the side of the character, and all it takes is to collect and start controlling the new character.
