

# Interesting secrets about men and women should know

So, to better understand your half, you can refer to the article below to understand more about secrets that men never reveal.

1. 9 parts of your body make women more drunk
2. 10 signs of a bland man, but a bland person doesn't notice it
3. How to spend by successful people before the age of 30

Men are also human, also have the same characteristics as women, but those characteristics do not show clearly to the outside so we can identify.

So, to better understand your half, you can refer to the article below to understand more about secrets that men never reveal.

## 1. He also 'came months' like women

Just like women, the boys also 'come months', but their symptoms are not clear and not tragic, miserable like sisters, but this does not mean that men have nothing to worry about. Men's condition also changes periodically every month.

## 2. Men also cry

A secret that most men often hide from women is tears. If they cried in front of the woman, it was an act that was considered unlucky, so they never let anyone see their tears fall. Men as well as women, they are very emotional, but because they are good at hiding.

### **3. Men need love more than women**

Different from the strong appearance, the hearts of men are weak, they are very emotional so they love and love more than women. Their love is to find a peaceful place and a woman to love so that they can confide and share all the sadness in work and life. These confidences are secret secrets in them and never want to tell anyone but you. So, if one day your guy comes to share with you about the sadness he's going through, that means you're the only person he believes and loves to vent. all my heart.

### **4. Men also like to be praised for their looks**

Just as women like to get winged compliments, so do men, they like someone who compliments the pond they are wearing, or the sexy body . And when praised, everyone will see it. Happy and will continue to promote good points in the following appointments.

### **5. Men are more interested in your pleasure than themselves**

Men as well as women, often care more about the enemy's "emotions" than themselves. They always want me to be perfect in the eyes of the opponent, not wanting them to be disappointed in their abilities, so they try their best to do everything to help the enemy get the best pleasure there. can.

## **6. Men like women not too 'discreet'**

Many women believe that men are highly appreciated for their 'high-walledness'. But this is completely wrong because men always like beauty, sometimes dressed a little bit like wearing shorts and croptop shirt will make you more active and he also feels more interested in that appearance. .

## **7. Men like to gather friends**

Just as women like to hang out at a café, gather together to talk, men like it. They need time to be 'liberated', to do the things they love. So you should understand for your husband, sometimes it is a coffee shop.

## **8. Money is always a top priority**

Men always prefer money more than anything and money is the most important thing, but they never let others know this. Therefore, many women will mistakenly think they are the top priority in men. However, you should know that men like money because they want to earn more money to worry about your life becoming more complete.

## **9. Men like to stay at home**

Even if they like to gather with friends, the family gatherings are something that every man needs. They really want that more than you think.

## **10. Lies for peace**

Some messages from student love, a teasing from colleagues . Most men often choose to lie to keep the family warm. You need to understand why he chose to lie before fighting you.

## **11. A little insecurity**

Sometimes men also feel anxious, uneasy before your feelings for him. So you can motivate him, encourage him and show him his love is only for him.

## **12. Sex is not the only important thing**

He saw 'that' as a 'message' that he really loved and wanted to stick with you.

'That' is truly indispensable in the lives of men, but for them, sex is also a 'measure' of the level of affection for you. He saw 'that' as a 'message' that he really loved and wanted to stick with you. He always cherished every

moment the two people fit in the room and together enjoy the feeling of sublimation.

### 13. Always choose to bury sadness

Young boys are often taught by their parents how to express emotions differently than women, must always appear strong to protect weak women. So their emotions gradually show less. So, please focus on him a little, sometimes there are things that bother him and he doesn't say anything to keep in himself.

He seems a bit out of focus. In this case, he was actually thinking a lot but didn't know how to express it. If so, you can show interest by asking him what he has, and listening patiently.

The more you know about men, the more you have the opportunity to find the right partner and keep your relationship. That is the key for you two to communicate and overcome obstacles in life.
