

# Invite Assassin's Creed Brotherhood download for \$ 19.99, free

Assassin's Creed Brotherhood is the sneaky combined action adventure game, the next version of Assassin's Creed II featuring the persistent battle between Templar and Assassin.

Assassin's Creed Brotherhood is the sneaky combined action adventure game, the next version of Assassin's Creed II featuring the persistent battle between Templar and Assassin. In the game, players will play the role of the legendary assassin Ezio Auditore da Firenze and continue what is left in the previous version. In Assassin's Creed Brotherhood, Ezio is no longer alone, but has other assassins on his quest.

Assassin's Creed Brotherhood has received numerous awards including Best Action Game (voted by BAFTA) and acclaim from the gaming community.

Currently, Assassin's Creed Brotherhood, a \$ 19.99 Standard Edition version, is being released by Ubisoft game publisher for a short time to download in Korea. If you love this game, please switch network connection to Korea for free.

### **Instructions for getting free Assassin's Creed Brotherhood**

Step 1: Download and install FlyVPN - conversion support software that connects to the Korean area on your computer or phone.

<https://www.flyvpn.com/download>

Step 2: Create or login your FlyVPN account as required.
