

# Invite the download of Battlefield 1: In The Name of The Tsar for \$ 15, free of charge

Currently the second expansion of Battlefield 1, named In the Name of the Tsar, is available for free through the Windows Store in a short time. If you love this game, download it quickly to experience it.

Battlefield 1 is the first-person shooter game of the famous Battlefield series of EA. Battlefield 1 has four paid expansion packs for players who own the Premium Pass of the game. Currently the second expansion of Battlefield 1, named In the Name of the Tsar, is available for free through the Windows Store in a short time. If you love this game, download it quickly to experience it.

Battlefield 1 is set in World War I, the plot is divided into six stories about different wars. In the game the player will control six different characters fighting a large number of enemies as well as trying to survive at all costs to complete the difficult task assigned. Battlefield 1 has many unique game modes, supporting up to 64 players at the same time.

In the In the Name of the Tsar expansion, there are two additional campaigns, four multiplayer screens, 11 weapons and some new vehicles and some other content.

Players can get this expansion for free without having to own the game on any platform, not as limited as on Steam. So, log in with your Microsoft account and take advantage of this free version of DLC first while waiting for Battlefield 1 to give you a deep discount.
