

Invite the famous horror game Amnesia Collection worth 35USD, is free

Amnesia includes: The Dark Descent and A Machine for Pigs are highly appreciated by professionals and have won many awards from IGN in 2010: the best horror game, the best plot game, is the game available? The best time.

The Humble Store is free through January 28, the popular Amnesia horror game is: The Dark Descent and A Machine for Pigs. This game is highly regarded by professionals and has won many awards from IGN in 2010: the best horror game, the best plot game, the best space game.

In **Amnesia: The Dark Descent** The player will play the character Daniel to explore a dark castle. The incident took place around the end of August 1839, when Daniel had just woken up in a dark, mysterious castle while not remembering anything about himself or his past. The only thing left in this character's memory is the name Daniel, who lives in a place called Mayfair and is being hunted by something. The player's task is to lead Danile to explore the old streets in the castle, experiencing pitfalls and horror elements to find lost memories.

Amnesia: A Machine for Pigs is another survival horror game with gameplay that brings first-person experience. This is considered an indirect sequel to Amnesia: The Dark Descent but is not appreciated by the head.

The Amnesia Collection game is priced at 35USD and is being free until 1pm on January 28, 2017. If you have a need, download and experience it quickly.
