

Invite to admire the Concept Windows 11 with many unique features and design interface Mac OS style

Below is a concept version of Windows 11 coming from designer Avdan, whose design has a bit of direction from Mac OS along with many unique new features such as the system-wide background mode, automatic mouse pointer change color according to usage environment, Quick Access ...

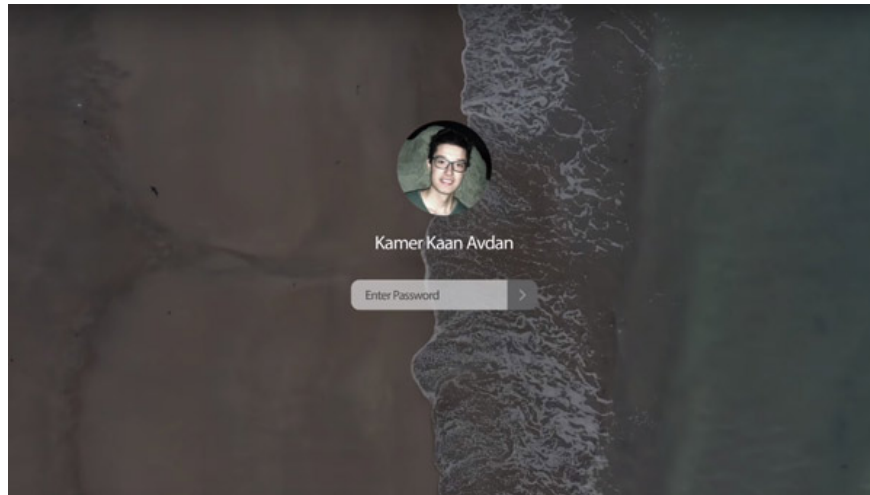

Below is a concept version of Windows 11 coming from designer Avdan, whose design has a bit of direction from Mac OS along with many unique new features such as the system-wide background mode, automatic mouse pointer change color according to the environment used, Quick Access . Please see.

Right from the start-up interface, login interface and Taskbar, we can see the icons are designed in Fluent Design style, a bit oriented by Mac OS.

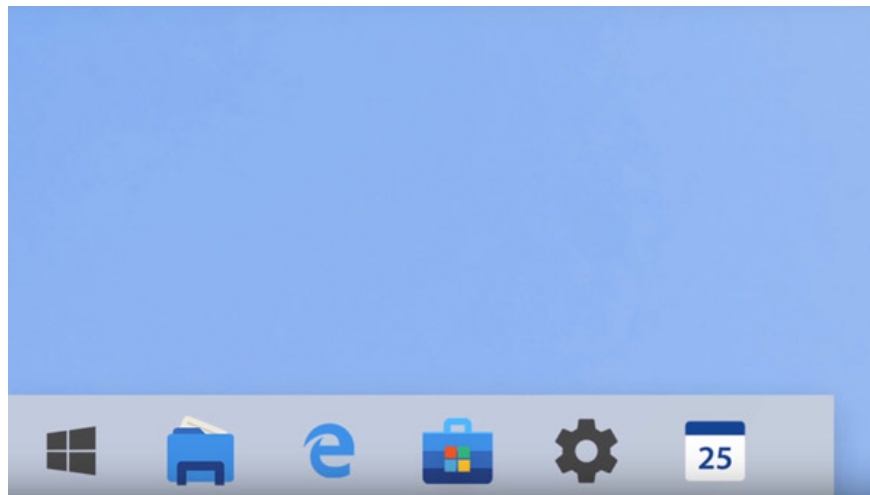

Start-up interface.

Login interface.

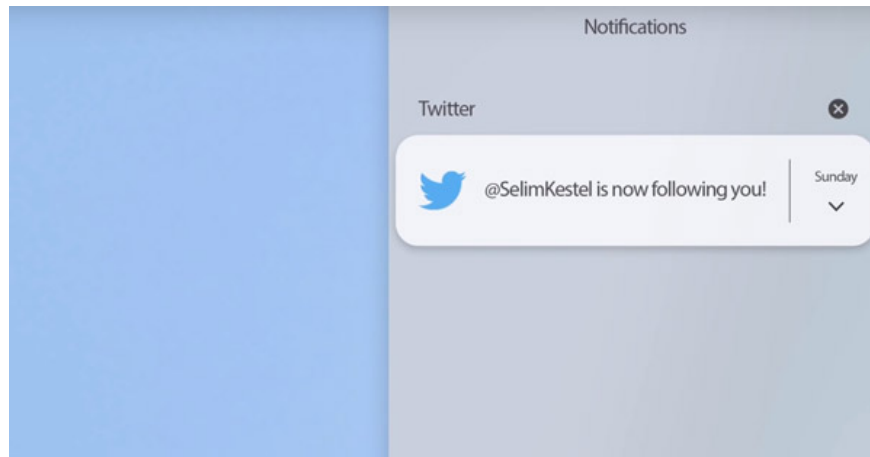

Taskbar (Taskbar).

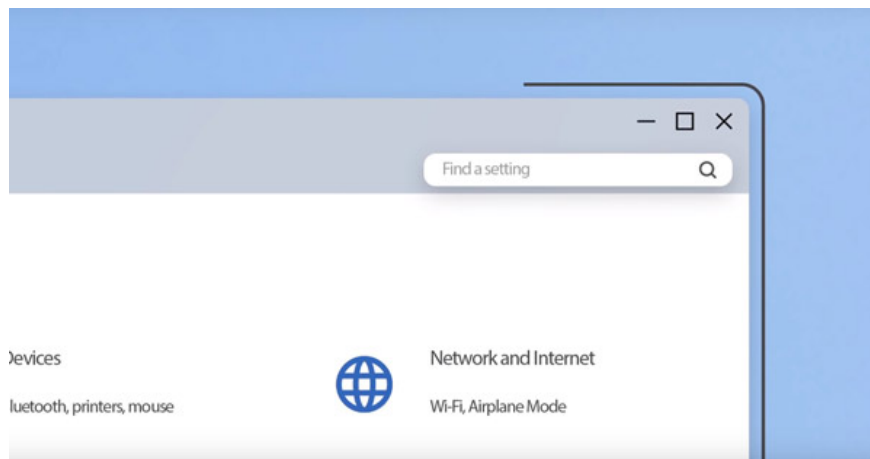

Notification Area: Time and volume icons do not appear on the screen.

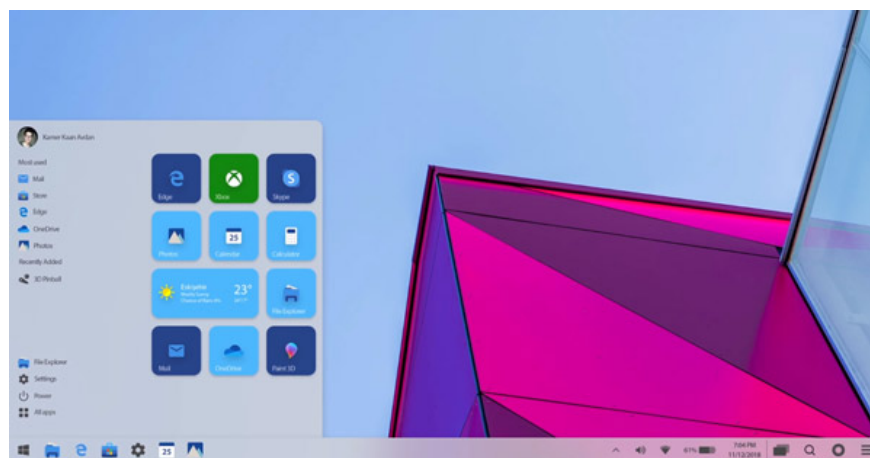

The Notification Center can be viewed directly through a separate area.

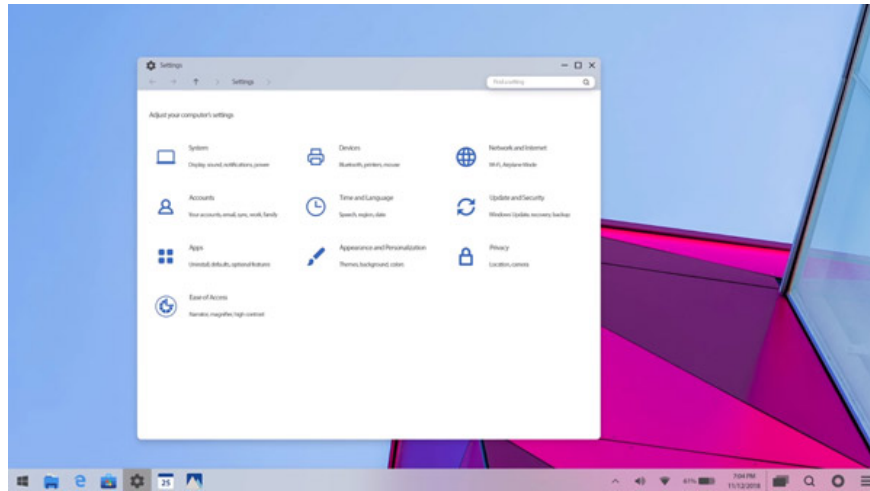

The interface of the open windows on the old design screen of Microsoft was designed square, but in this Windows 11 Concept is curved.

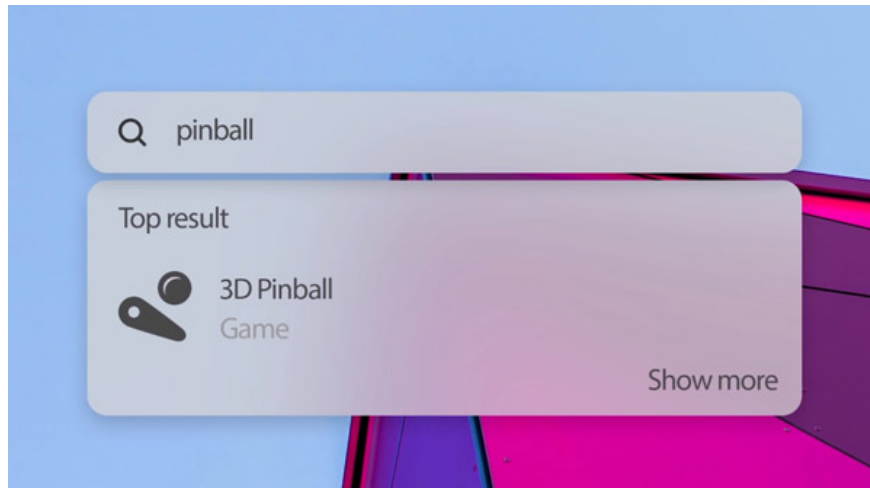

The Start menu is completely refreshed with application icons rounded up to four corners, depending on the main color of the corresponding application where the background color automatically changes....

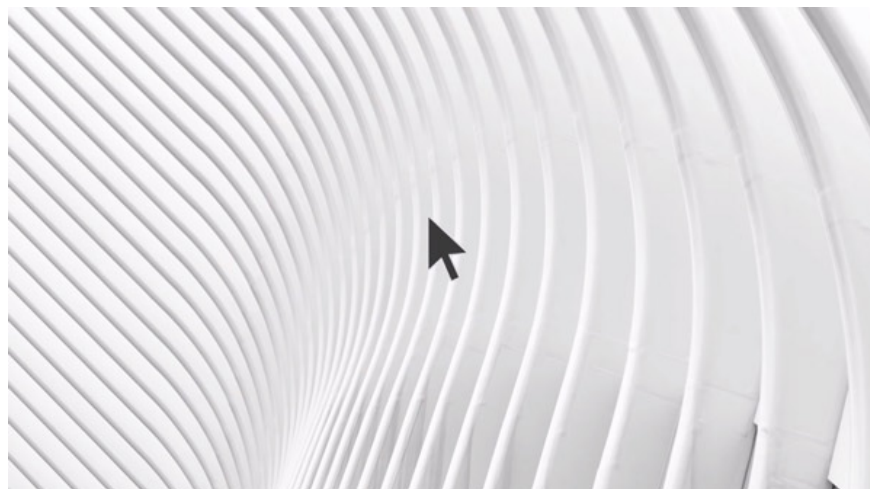

Settings have a more intuitive and eye-catching interface. The access toolbar section has built-in search bar.

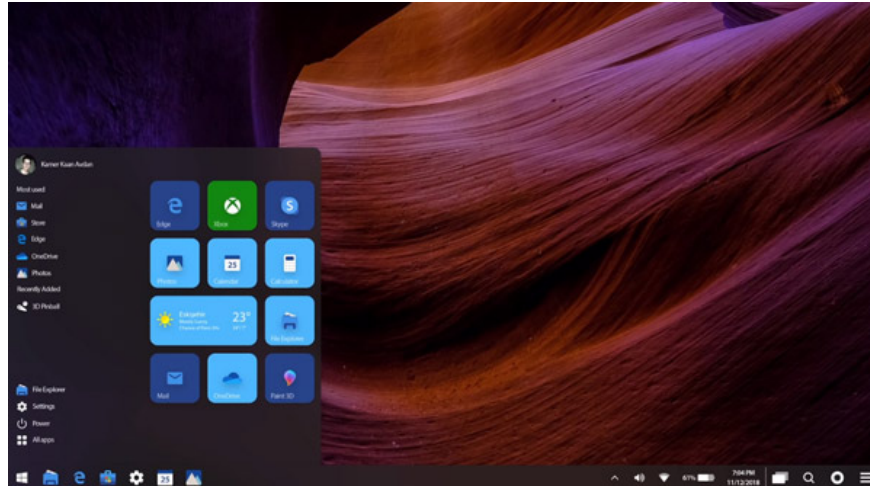

Search UI: A search engine with the ability to display hint results just below the search box in the form of a menu.

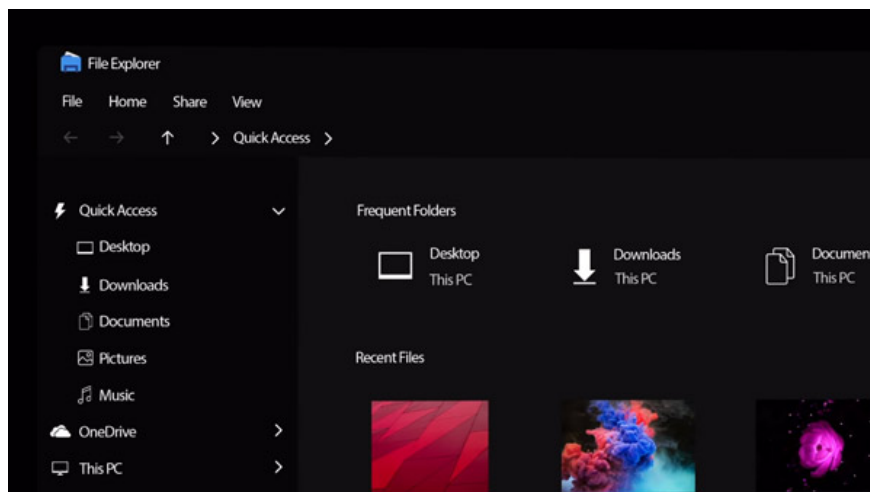

Cursor UI: The cursor can automatically change colors according to the environment used to help users perform tasks more easily and accurately.

Night-mode: The entire interface of the system is applied with dark background mode.

Dark-mode: The entire interface of the system applies a black background with great depth, suitable for devices equipped with high-end screen type.

Also in this Concept, Windows 11 has many other design changes, you can see the full video below.
