

Invite to download **Combat Strike PRO**, the miniature version of 'CS: GO' for smartphones, which is free

Combat Strike PRO has graphics and a weapon system that bears many similarities to CS: GO, so it is considered a miniature version of the mobile phone of this FPS game and online strategy.

Combat Strike PRO has graphics and a weapon system that bears many similarities to CS: GO, so it is considered a miniature version of the mobile phone of this FPS game and online strategy.

This miniature version of CS: GO has many different game modes like Deathmatch, PvP 5v5 or challenge the reflex ability in the map for sniper rifles to choose from.

Highlights of **Combat Strike PRO**:

1. There are 8 maps with similar design as in CS: GO, promising to give players the best experience. Combat Strike PRO also provides maps for sniper mode only.
2. Support players to create maps and rules to play separately with friends.

1. Players who only need to login can receive free gifts, receive tasks and daily items.

1. The weapon system is very diverse with 21 types of weapons modeled on real-life prototypes, including Glock 18, Desert Eagle 50 AE, USP, P228, FN Five-seveN, Dual 96G Elite Berettas, P90, Galil, FAMAS, AK47, MAC10, TMP, MP5, UMP, M4A1, SG-552, AUG, M249-SAW, Scout, G3 / SG-1, SG-550, AWP.
2. Provide many accessories for sniper guns to provide the best experience for users.
3. Support customize weapons and change skins with many unique gun skin models.
4. Support upgrade players' weapons and armor.

1. The game has four main game modes including: Deathmatch (achievement ranking), team Deathmatch (Team 5vs5 battle), creating your own game, AWP (map for those who like to fight sniper skills).

Currently, Combat Strike PRO is priced at VND 59,000, being free on Google Play store until 17/06/2019, please download and experience it before expiration.
