

# Invite to experience iPhone 11, iPhone 11 Pro with AR effect on iOS

Apple has allowed users to 'hold' and experience the new iPhone trio through an AR effect called ARKit before deciding to buy.

Apple has officially launched the trio of iPhone 11, iPhone 11 Pro and iPhone 11 Pro Max but until September 20, these modes will be available for sale.

1. Compare iPhone 11, Pro and Pro Max configurations with the most powerful Android smartphone series available today
2. Apple lowered the price of iPhone XS and XS Max at the store

However, Apple has allowed users to 'hold' and "experience" the new iPhone trio through an AR effect called ARKit before deciding to buy.

Specifically, to experience the new iPhone models first, you need to visit the Apple website by following the link below with iOS devices updated to version 12.4 -> then you scroll down and select the See iPhone section 11 / iPhone 11 Pro in AR.

1. iPhone 11 Pro: iPhone 11 Pro
2. iPhone 11: iPhone 11

Note:

1. You need to move your device slightly, then the iPhone 11 and 11 Pro can appear.
2. You should choose a flat surface for easier handling.
3. Due to AR processing, your device will heat up very quickly.
4. This mode is currently only available on iOS.
