

Invite to play early Beta version of the game FIFA 2020 Mobile

Recently, EA officially introduced the FIFA 2020 game title and announced the first Beta opening to help gamers download and experience now.

Recently, EA officially introduced the FIFA 2020 game title and announced the first Beta opening to help gamers download and experience now.

Specifically, Beta time will take place from August 20 with limited number of participants. In this Beta phase, EA Sports is providing about 2,500 slots with access for testing. The other 2,500 slots will continue to be provided by EA for the next beta test.

Adroid Android gamers can participate in this Beta and experience FIFA 2020 Mobile Beta via Google Play under the link below. IOS gamers can join Beta through TestFlight application but unfortunately this is now Full.

1. FIFA Soccer: Beta on Google Play

The publisher of EA released the Beta version not only to create conditions for people especially hard fans of this football game to have the opportunity to experience innovation points but also wish to receive comments. of everyone to help the developer team develop and improve this game.

FIFA 2020 Mobile graphics will be significantly upgraded, the player's movements are smoother, the facial expression is also more natural and added dance celebrations.

The way to play and control in FIFA 2020 Mobile will also be noticed by the publisher.

Note: Since this is only a Beta version, your play will not be saved.

1. Already able to register before the Pokémon Masters
2. Classic "medicine" game, Dr. Mario World Mobile version is available on the App Store, invite download and experience
