Arelite Core is a 2D role-playing game with a nostalgic 16-bit style of gameplay and graphics of JRPG games from the 90s on the legendary SNES system. This game has given gamers new styles with a high-definition, 16-bit retro-inspired graphics, which helps bridge the gap between traditional and modern JRPG genres.

Developer Dragon Slumber released Arelite Core in 2017 and was quickly embraced by the gaming community.

In Arelite Core, players will transform into the Karden, a blacksmith with the desire to become a good mechanic. Karden was forced to set out to destroy Talameq, an entity that intended to swallow the whole world. Karden will have to go on a journey around the world to find allies to fight the darkness and limbs of Talameq to protect the world.

Arelite Core with a storyline of up to 20 hours playing with diverse characters with unique poses and techniques promises to bring great experiences to players.

Currently, the Indiegala copyright game site is allowing free download of Arelite Core DRM-free version worth up to \$ 19.99. Anyone who wants to experience this game just need to download and install like a regular Windows application (without a Steam key) is able to permanently own the Arelite Core game.
