

IObit offers 50,000 PRO license codes, using all of its software

IObit has recently launched a promotion to donate 50,000 copyright codes of the PRO version for all products of the company to all users.

IObit recently launched a promotion program that offers 50,000 PRO versions of its copyright in all products of the company, along with the well-wish before the Corona pandemic to all users.

Specifically, 50,000 free IObit license codes of IObit are applied to all products of the company and last 6 months. These are all hot software, the market price is quite high. Normally you want to use it will cost you a lot of money. So, if you need to use IObit's software, you should quickly register for free copyright code before the promotion expires.

IObit's list of copyrighted software is free

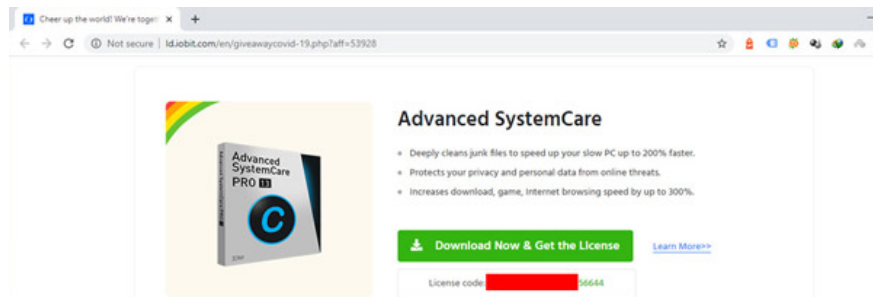

1. Advanced SystemCare PRO (50 USD)
2. Driver Booster PRO (75 USD)
3. IObit Malware Fighter PRO (19.95 USD)
4. IObit Uninstaller PRO (30 USD)
5. Advanced Systemcare Ultimate PRO (50 USD)
6. IObit Software Updater (30 USD)

Instructions for getting the Pro copyright code of IObit

Step 1: Visit the IObit promotion page by following the link below.

<http://ld.iobit.com/en/giveawaycovid-19.php?aff=53928>

Step 2: Select the software you want to download and click on the **Download Now & Get the License** box at the bottom. Pro license code will appear, and the software installation file will automatically download.

Step 3: Install the software and enter the copyright code to use.

Some note:

1. There are only 50000 copyright codes, so please hurry before you run out.
2. The promotion lasts until 27/03.
3. The license code allows you to use the software for free for 6 months.
4. Only 2 software can be accessed at each time, if you want to download more, use incognito mode or FakeIP.
