

iPhone combo: 2 monitors, 2 batteries, 3 SIMs, running both iOS and Android, the substance is complete!

Use this smartphone to make ... case another case for a smartphone why not?

Use this smartphone to make . case another case for a smartphone why not? Eye Smartcase is such a product, it is a case built specifically for iPhone (from iPhone 6 to iPhone X) but itself is a different smartphone when it is separated. Eye Smartcase runs Android operating system, connects 4G, and has the full functionality of a regular smartphone.

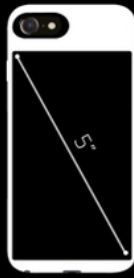

Using Smart Eyecase for your iPhone, you can use both of the most popular platforms currently iOS and Android. You can use the iPhone when going out, using Android when working, the app experience is only for Android . which if used alone the iPhone will not be available.

In addition, Eye Smartcase also simulates the rear camera of the main iPhone into a selfie camera and projected on the secondary Android screen, helping to have beautiful selfie photos!

Smartcase Eye has configuration including:

1. 5.7 inch HD screen.
2. 4-core chip, 3GB RAM.
3. Run Android 8.1.
4. Wi-Fi, Bluetooth, GPS connection.
5. Support 2 SIM 2 waves.
6. 32GB storage memory, external memory card slot, headphone slot.
7. 2800 mAh battery, capable of wireless charging.

5.5" HD+ DISPLAY

PURE ANDROID OS

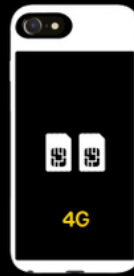

WIRELESS CHARGING

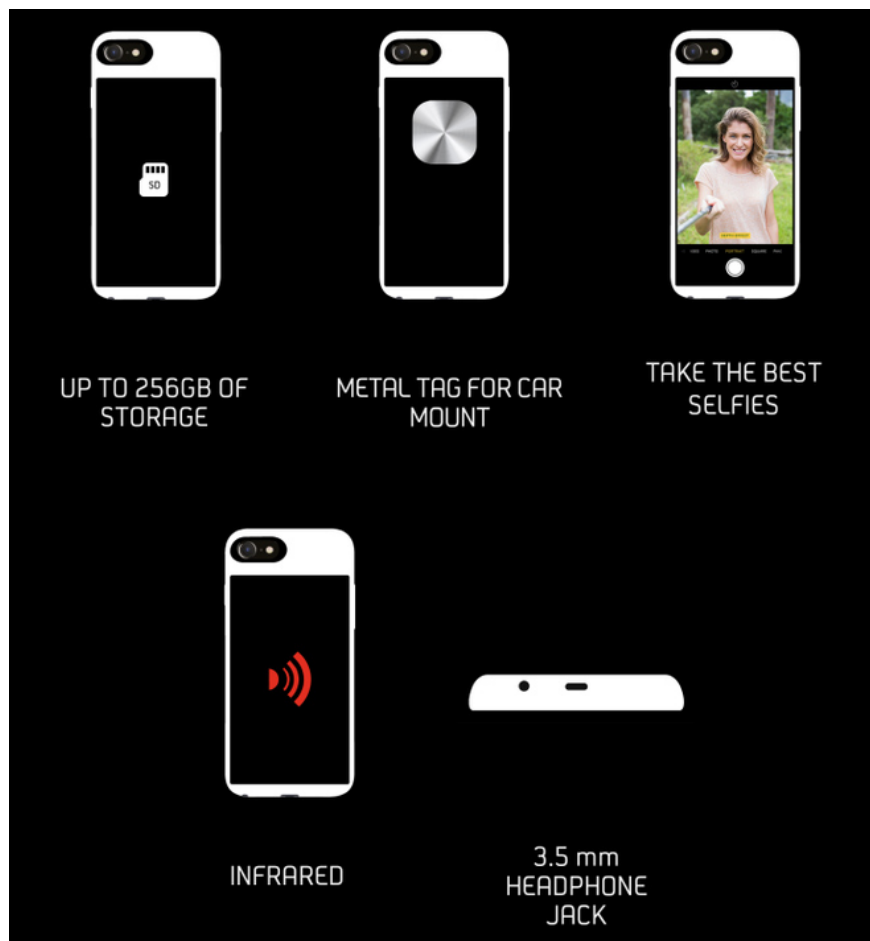

ALWAYS ON DISPLAY

2800mAh OF POWER

2X SIM SLOTS

Just use this case of Eye Smartcase case for your iPhone, you already own a smartphone with 2 screens, 2 batteries, 3 SIM 3 waves, double RAM, run both iOS and Android.

Eye Smartcase is expected to be sold for 135 USD for a back plate that only connects to Wi-Fi, with a self-contained version with 4G connection will cost 159 USD.
